## STATEMENT OF DIRECTORS' RESPONSIBILITIES

---

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

As set out in the basis of accounting note, these financial statements have been prepared on a break-up basis.

Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

#### SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the Directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the financial statements to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

#### OPINION ON THE FINANCIAL STATEMENTS

- give a true and fair view of the state of the Company's affairs as at 31 December 2012 and of its profit for the year then ended,

## ACCOUNTING POLICIES

---

### BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention

In accordance with FRS 18 Accounting policies, the Directors have reviewed the Company's accounting policies and consider that these remain appropriate

The Company has taken advantage of the exemption in FRS 1 Cash flow statements (revised 1996) from the requirement to produce a cash flow statement on the grounds that its ultimate parent undertaking, Archer Daniels Midland Company, which is incorporated in Illinois, United States of America, prepares consolidated financial statements which include a cash flow statement and which are filed with the Securities and Exchange Commission and publicly available

### GOING CONCERN

On 8 December 2006, the Directors took the decision to cease trading and, as they do not intend to acquire a replacement trade and intend to wind up the Company in the future, the Directors have not prepared the financial statements on a going concern basis, hence the financial statements have been prepared under the break-up basis. As a result of this, provisions have been made for expected future costs and losses. From 2012, all Company professional costs have been shouldered by another Group undertaking and will not be recharged to this Company.

### DEFERRED TAXATION

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date, with the following exceptions:

- Provision is made for gains on disposal of fixed assets that have been rolled over into replacement assets only where, at the balance sheet date, there is a commitment to dispose of the replacement assets with no likely subsequent rollover or available capital losses,
- Provision is made for gains on revalued fixed assets only where there is a commitment to dispose of the revalued asset and the attributable gain can neither be rolled over nor eliminated by capital losses, and
- Deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### FOREIGN CURRENCY TRANSLATION

Assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the profit and loss account.
