AB CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31ST DECEMBER 2013**

1. ACCOUNTING POLICIES

The financial statements have been prepared in accordance with EU Endorsed International Financial Reporting Standards ("IFRS"), IFRIC interpretations and the Companies Act 2006 applicable to companies reporting under IFRS.

Published standards that have not been enacted because the implementation date has not been reached are reviewed as part of the Company's on-going IFRS compliance process.

The principal accounting policies, which have been consistently applied, are set out below.

Basis of preparation

The financial statements have been prepared on the historic cost basis.

Investment in group undertakings

Investment in group undertakings are stated at cost less any provision for impairment. These separate financial statements contain information about AB Consulting Limited as an individual company and do not contain consolidated financial information as the parent of a group. The Company has taken advantage of the exemption provided by Section 401 of the Companies Act 2006 not to prepare group accounts as the results are included in the consolidated accounts of WSP Global Inc.

Trade and other receivables

Trade receivables are recognised and carried at original invoice amount less an allowance for uncollectable amounts. An estimate of uncollectable amounts is made when collection of the full amount is no longer probable. Uncollectable amounts are written off when identified.

Sources of estimation uncertainty

The preparation of the financial statements requires the Company to make estimates, judgements and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. The directors base their estimates on historical experience and various other assumptions that they believe are reasonable under the circumstances, the results of which form the basis for making judgements about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

2. INVESTMENTS

At 31 December 2012 and 31 December 2013, investments in subsidiary undertakings were held at nil value and were as follows:

<u>Name of undertaking</u>	<u>Type of investment</u>	<u>Place of incorporation</u>	<u>Proportion of ordinary shares held</u>	<u>Nature of business</u>
