1 Executive summary

- This progress report covers the period from 2 October 2018 to 1 April 2019 for the Companies. There are three reports to creditors related to the concurrent administrations of 10 of the Monarch Group companies; one for Monarch Airlines, one for Monarch Holidays sub-group and one for the Monarch Holdings sub-group. This report is for the Monarch Holdings sub-group.
- The Group's key assets are:
 - Slots. Realised for £54 million.
 - Unrestricted cash at bank of £27.8 million on appointment. Realisations to date at Monarch Airlines are £22.5 million and Monarch Holidays are £5.1 million.In addition we have realised cash collateral held by third parties at appointment of £0.4 million and £1.0 million in Monarch Airlines and Monarch Holidays respectively.
- The Group's engineering business, MAEL, entered into administration on 4 January 2019. This followed a period where the Directors had sought to stabilise the business via agreeing a CVA and funding from PJL. PJL had acquired the shares in MAEL as part of a release of debt and agreement to provide new funding. Unfortunately, due to challenges faced in MAEL's ongoing trading, its Directors concluded there was no reasonable prospect of avoiding insolvency.
- There have been no realisations in either entity in the period. We continue to finalise the Companies' tax affairs (Section 2 - Progress to date).
- Value will break in the secured debt as previously indicated. There have been no distributions to the secured creditor from either Company (Section 3 - Dividend prospects and dividends paid).
- We are not aware of any preferential claims against either of the Companies (Section 3 - Dividend prospects and dividends paid).
- There will be no return to unsecured creditors of either Company (Section 3 - Dividend prospects and dividends paid).
- The administrations are currently due to end on 1 October 2020.
- Please note: you should read this progress report in conjunction with our previous progress reports and proposals issued to the Companies' creditors which can be found at <http://www.kpmg.co.uk/monarch>. Unless stated otherwise, all amounts in this progress report and appendices are stated net of VAT.

Joint Administrator

2 Progress to date

This section updates you on our strategy for the administrations and on our progress to date. It follows the information provided in our previous progress reports.

2.1 Strategy and progress to date

Strategy

The main asset realisations for the Group in the period, and since our last progress reports, have been from an ISDA settlement, debtors and cash at bank.

We continue to focus on realising the Group's remaining assets, progressing the Group's tax affairs and an orderly wind down of the operations of the business.

Matters specific to the Companies are set out below.

Holdings

There are no further assets to realise save for collecting any outstanding VAT due at the time of the next VAT return.

Monarch 2011

There are no further assets to realise.

Services and Funding Agreement (SFA)

As previously advised the services to be provided to the CAA, to assist with matters that would not normally be undertaken in an administration situation, and the terms of reimbursement were agreed in the SFA.

Monarch Holdings has provided services to the CAA in acting as Group representative to receive and distribute funds to other companies. It also utilised the facility specifically provided to Monarch Holdings in order to settle various initial costs. The SFA also provided for the costs of placing certain of the Group companies into administration, as certain of these companies had no assets of their own, but were potentially critical to the repatriation exercise.

Monarch 2011 was not provided with a facility under the SFA and there has been no CAA related work in respect of Holdings and Monarch 2011 in the period.

Funding received from the CAA does not represent an asset of Monarch Holdings; the funding ensures there is no gain or detriment to creditors as a result of work undertaken on behalf of the CAA. It is a cost reimbursement. There will be no further funding requirement.

Tax

The tax affairs of the Company are complex and intrinsically linked across the Group.

We have made further headway in finalising the corporation tax affairs of the Group and we will shortly be seeking tax clearance for all Group companies for periods ending on or before 31 October 2018.

A tax liability arose in respect of the disposal of the Gatwick and Luton Airport landing rights previously held by Monarch Airlines.

The administration of MAEL, being part of the wider Group, has tax implications for the Group. Depending on its tax position it may be possible to access tax losses in MAEL to shelter some of the taxable profits that have arisen in respect of the disposal of the landing rights mentioned above. We will liaise with MAEL's administrators to explore this further. Whilst it is likely this will only impact Monarch Airlines, at this stage we cannot rule out an impact on other Group companies.

Where there are no further realisations expected in Group companies and no further benefits can be obtained by other Group companies from tax losses that may be available in the companies, we will seek agreement of their final tax position with HMRC. We envisage this being the position for Monarch 2011.

2.2 Asset realisations

There have been no realisations in either of the Companies to 1 April 2019.

Realisations for Monarch Holdings during the administration to date are set out in the attached receipts and payments account (Appendix 2).

Funding and facility from CAA

Funds held by Monarch Holdings from the CAA do not form part of the Monarch Holdings' estate. They were provided to be disbursed to Monarch Airlines and Monarch Holidays to meet urgent administration expenses. Under the SFA any funds not used for these purposes will be used for ongoing administration costs incurred in relation to providing support to the CAA.

2.3 Costs

Payments made in this period from Monarch Holdings are set out in the attached receipts and payments account (Appendix 2).

Summaries of the most significant payments made during the period are provided below.

Legal fees

We have paid Freshfields £12,000 for legal advice in relation to tax and general matters including the extension of the Administrations.

Funding and facility from CAA

In the period we have made net payments totalling £218,000, from funds received from the CAA, to Monarch Airlines and Monarch Holidays in accordance with the terms of the SFA. As advised above, these funds do not form part of the Monarch Holdings' estate.

2.4 Schedule of expenses

We have detailed the costs incurred during the period, whether paid or unpaid, in the schedule of expenses for each of the Companies attached (Appendix 3).

There are no material costs incurred but unpaid in the period.

2.5 Allocation of costs

Any floating charge costs incurred, in excess of the floating charge realisations, will be recovered from the fixed charge Intellectual Property realisations. This will be subject to the approval of the secured creditors.

3 Dividend prospects

3.1 Secured creditors

We set out a summary of the material security position for the Companies in our Proposals.

As previously advised, value is likely to break in the secured debt. There have been no distributions to secured creditors from these Companies to date.

3.2 Preferential creditors

We are not aware of any preferential claims against either of the Companies.

3.3 Unsecured creditors

Based on current estimates, there will not be a dividend to unsecured creditors in either of the Companies.

4 Joint Administrators' remuneration, disbursements and pre-administration costs

4.1 Joint Administrators' remuneration and disbursements

We previously reported that we had reached an agreement in principle with the senior secured creditor in relation to our remuneration.

During the period the secured creditors, being PJJ, PPF and WJL (the latter in Monarch 2011 only), have provided approval that:

- our remuneration will be drawn on the basis of time properly given by us and the various grades of our staff in accordance with the fees estimate and charge-out rates, as set out in the statement of proposals, but subject to a cap of no more than 80% of the charge out rates disclosed. This will include work undertaken in respect of, but not limited to, tax, VAT, employee and pensions advice from KPMG in-house specialists.

As set out in our statement of proposals and subsequent progress reports, creditors were advised that we have entered into a SFA with the CAA / ATT in respect of their repatriation of the airline passengers post-administration. Under that agreement, the CAA / ATT is reimbursing Monarch for relevant costs incurred. This includes the recharge of Joint Administrators' time costs related to work under the SFA, which will also be subject to a cap of no more than 80% of the charge out rates disclosed. Whilst funded by the CAA, the Joint Administrators will be paid via Monarch.

- disbursements for services provided by KPMG (defined as Category 2 disbursements in Statement of Insolvency Practice 9) will be charged in accordance with KPMG's policy as set out in Appendix 4.

Time costs

In Monarch Holdings, from 2 October 2018 to 1 April 2019, we have incurred time costs of £10,842.10. These represent 26 hours at an average rate of £417 per hour.

In Monarch 2011, from 2 October 2018 to 1 April 2019, we have incurred time costs of £10,097. These represent 23 hours at an average rate of £449 per hour.

These are based on our standard charge out rates; as explained above, we have agreed a cap on our time costs with the senior secured creditor.

Remuneration

During the period, we have not drawn any remuneration from either of the Companies.

Disbursements

During the period, we have not incurred any disbursements.

Additional information

For both of the administrations, we have attached (Appendix 4) an analysis of the time spent, the charge-out rates for each grade of staff and the expenses paid directly by KPMG for the period from 2 October 2018 to 1 April 2019. We have also attached our charging and disbursements policy.

Under the SFA, the CAA has agreed to meet costs which would not have been incurred but for the work they required in relation to the repatriation exercise. In addition, they have provided a facility to cover statutory costs in relation to those Group companies which have no assets to meet these costs, but which were required to be placed into administration in order to ensure that the repatriation could take place without any hindrance. In both cases, these costs include the fees charged by KPMG in relation to our work. In agreeing these costs, the CAA is an independent body which is not connected with the Group, the Joint Administrators or KPMG.

4.2 Pre-administration costs

During the period the secured creditors provided approval to pay the unpaid pre-administration costs, being legal fees and disbursements, as at the date of our appointment. Accordingly we have paid these costs of £2,341 from Monarch Holdings. Monarch Holdings has no outstanding pre-administration costs.

Monarch 2011 has no realisations to date; the pre-administration legal costs of £2,341 have not been paid.

5 Future strategy

5.1 Future conduct of the administration

We will continue to manage the affairs, the business and the property of each of the Companies in order to achieve the purpose of the administrations. This will include but not be limited to:

- Completing the assistance we are providing to the CAA;
- Complying with ongoing tax and VAT requirements and determining the tax positions;
- Making distributions to secured creditors as and when funds are available (Monarch Holdings only);
- Paying the costs of the administration (Monarch Holdings only);
- Complying with ongoing statutory and reporting obligations.

5.2 Future reporting

We will provide a further progress report within one month of 1 October 2019 or earlier if either of the administrations has been completed prior to that time.

Appendix 4 Joint Administrators' charging and disbursements policy

Joint Administrators' charging policy

The time charged to each of the administrations is by reference to the time properly given by us and our staff in attending to matters arising in the respective administration. This includes work undertaken in respect of tax, VAT, employee and pensions advice from KPMG in-house specialists.

Our policy is to delegate tasks in the administrations to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us.

A copy of "A Creditors' Guide to Joint Administrators Fees" from Statement of Insolvency Practice 9 ('SIP 9') produced by the Association of Business Recovery Professionals is available at:

<https://www.r3.org.uk/what-we-do/publications/professional/fees/administrators-fees>

If you are unable to access this guide and would like a copy, please write to the Joint Administrators at 15 Canada Square, Canary Wharf, London, E14 5GL.

Hourly rates

Set out below are the relevant hourly charge-out rates for the grades of our staff actually or likely to be involved with each of the administrations. Time is charged by reference to actual work carried out on each of the administrations; using a minimum time unit of six minutes.

All staff who have worked on the administrations, including cashiers and secretarial staff, have charged time directly to the relevant administration and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the administrations but is reflected in the general level of charge-out rates.

Monarch Holdings

Charge-out rates (£) for: Restructuring	
Grade	From 01 Nov 2016 £/hr
Partner	835
Director	740
Senior Manager	645
Manager	515
Senior Administrator	375
Administrator	285
Support	142

The charge-out rates used by us might periodically rise (for example to cover annual inflationary cost increases) over the period of each of the administrations. In our next statutory report, we will inform creditors of any material amendments to these rates.

Policy for the recovery of disbursements

Where funds permit the officeholders will seek to recover both Category 1 and Category 2 disbursements from the estate. For the avoidance of doubt, such expenses are defined within SIP 9 as follows:

Category 1 disbursements: These are costs where there is specific expenditure directly referable to both the appointment in question and a payment to an independent third party. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 disbursements: These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Category 2 disbursements charged by KPMG Restructuring include mileage. This is calculated as follows:

Mileage claims fall into three categories:

- Use of privately-owned vehicle or car cash alternative – 45p per mile.
- Use of company car – 60p per mile.
- Use of partner's car – 60p per mile.

For all of the above car types, when carrying KPMG passengers an additional 5p per mile per passenger will also be charged where appropriate.

We have not incurred any disbursements during the period in either company.

We have the authority to pay Category 1 disbursements without the need for any prior approval from the creditors of the Company.
