STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022

The directors present their Strategic Report for Safety-Kleen U.K. Limited ("the Company") for the year ended 31 December 2022. The Company is a private company limited by shares incorporated in the United Kingdom ("UK") and registered in England and Wales.

Principal activities

The Company's principal activity is the provision of surface treatment and chemical application services across a wide range of industrial segments, ranging from Automotive MRO (Maintenance, Repair & Overhaul), Metal Working and Transport to Manufacturing. This activity is undertaken through the Company's integrated network of 19 branches (2021: 19) throughout the United Kingdom.

The Company generates revenue from the contracted servicing of its machines and industrial collections. These machines are predominantly owned by the Company or, in a limited number of cases, by the customer and are located at the customer's premises.

The machines are primarily used for surface cleaning (pre-washing, de-greasing, de-coating) and surface preparation (pre-washing, rinsing, drying, coating) of parts or tools. In addition, the Company organises the replacement or collection of the various solutions used, including mineral spirits, thinners and aqueous-based detergents.

The benefits for the customer are to reduce their compliance risks, maximise their productivity and deliver consistent levels of quality surface cleaning.

In addition, revenue is also generated from the specialist collection and subsequent recycling or resale of industrial waste, including used oil collected from customers.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

Review of the business

The Company's key financial and other performance indicators during the year were as follows:

	Year ended 31 December 2022 £'000	Year ended 31 December 2021 £'000	Change %
Revenue	83,728	76,900	8.9
Operating profit	11,082	15,009	(26.2)
Profit for the year	10,079	14,055	(28.3)
Current assets	62,918	58,222	8.1
Current liabilities	16,357	15,041	8.7
Current liabilities as % of current assets	26.0%	25.8%	0.8
Average number of employees	538	566	(4.9)

Revenue increased by 8.9% during the year, driven by growth in industrial waste collections and maintaining high volume of machine services consistently throughout the year.

Operating profit decreased by 26.2% during the year due to increases in cost of sales, (14.2%) and administrative expenses, (27.0%) which have seen increases due to inflation. Operating profit was also impacted by the absence of other operating income of £106k, that was present in the previous year's financial statements because of government job retention support.

Net current assets increased by 7.8% during the year due to increases in current assets attributed to increases in amounts owed by subsidiary undertakings and decreases in current liabilities predominantly due to reduced taxation and social securities.

The average number of employees during the year was 538 (2021: 566).

In addition, management monitors EBITDA £28.8m (2021: £26.2m), defined as earnings before interest, tax, depreciation, amortisation, exceptional items and cash generation, comparing these against prior year and the annual budget. A reconciliation of Operating Profit to EBITDA is set out below:

	Year ended 31 December 2022 £'000	Year ended 31 December 2021 £'000
Operating profit	11,082	15,009
Add back:	2.002	0.400
Depreciation including loss on disposal of fixed assets	2,983	2,496
Amortisation of intangible assets	6	6
Other operating expenses	14,728	8,657
EBITDA	28,799	26,168

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

Review of the business (continued)

Principal risks and uncertainties

The Directors consider that the principal risks and uncertainties of the business can be broken down into external and internal factors as follows:

External factors

· Competitive risks

The Company faces a variety of small local competitors, mainly serving the automotive market sector, including used-oil collectors. However, the Company has a strong established customer base and offers an advanced machine portfolio serving a variety of customer applications. Its strong environmental reputation provides its customers with assurance that their collected waste is handled in strict accordance with necessary regulations.

· Customer demand risks

Customers may have less need for the Company's machines in the rapidly changing economic environment. In response to customer needs, the Company is investing in developing additional services to enhance and improve customer experience, including the collection of used-oil and other waste products, and the offer of other complementary services.

· Regulatory risks

Regulatory risk arises from a failure or inability to comply fully with the laws, regulations or codes applicable to the industries in which the Company operates. Non-compliance could lead to fines, damage to reputation or in extreme cases, withdrawal of license to operate; to mitigate this risk the company works closely with local authorities and national regulatory bodies such as the Environment Agency to ensure full compliance.

· Technological risks

In order to meet growing environmental health and safety and manufacturing challenges, the technology of the equipment and chemistry used is becoming more sophisticated and is increasing the capital cost of the machines. However, the Company sees this as an opportunity and is working in the development of new machines to meet the requirements of industrial customers requiring more tailored solutions to meet their cleaning needs.

· Change in price of oil and petrochemicals

The Company is exposed to movements in oil and petrochemical prices for virgin solvent and vehicle fuel purchases, as well as the selling price of waste oil, which has an impact on the associated revenue stream.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

· Supply chain continuity and business interruption

The Company sources parts washers and spray equipment cleaners from a small number of suppliers and maintains in-house production and refurbishment capability. A number of supply contracts are in place for waste recycling but the Directors consider that alternative suppliers are available in the event of severe service interruptions.

· Economic environment risks

Conflict in Ukraine

The Company is not directly impacted by the war in Ukraine, with no operations or suppliers in either Russia or Ukraine. However, the Company is exposed to oil prices through the chemicals it uses in its cleaning solutions and through fuel and energy costs. In addition, there is the potential for significant economic disruption which could impact Safetykleen customers.

General Inflation

The Company is exposed to rising costs, in particular within oil (as noted above), energy and steel. The company aim to mitigate this exposure through use of recycled materials, whilst also reflecting general inflation within future sales pricing.

Internal factors

· Health and safety risks

The Directors attach great importance to training in order to minimise the risk of incidents. Furthermore, the branch infrastructure construction is designed to minimise these risks through the use of bunding around tanks, leak detection systems, and fire protection systems.

· System failure risks

All sales and customer information is held in a bespoke computer system managed by the group's Information Technology department. All data is backed up daily, with a second server mirroring the other, held off-site at a specialist third-party provider.

People risks

Attracting, motivating, and retaining employees at all levels within the organisation is key to providing our clients with ongoing high levels of customer service. Accordingly, the company continues to invest in its workforce to drive a high-performance culture and ensure retention of key staff.

Financial risk management

The Company's operations expose it to a variety of financial risks that include foreign exchange risk, credit risk, liquidity risk and interest rate risk. The policies set by the Board of Directors of Shilton Midco 2 Limited, the Company's ultimate parent undertaking, are implemented by the group's Head Office Finance department which provides a centralised service for the provision of finance, and the management and control of liquidity, foreign exchange and interest rates.

Ultimately, the Company's funding is inter-related with that of the group of companies headed by Shilton Midco 2 Limited, whose funding arrangements are disclosed in the financial statements of Shilton Midco 2 Limited.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

The Directors consider the Company's key strengths as follows:

- Leading brand, unrivalled reputation
 The Company is recognised by industry leaders, in both the automotive and industrial sectors, as the market leader in the provision and servicing of parts cleaners, with a strong environmental and regulatory compliance reputation.
- Service excellence, breadth of machine offering
 With over three decades of service, the Company has developed an advanced machine portfolio to serve a variety of customer applications.

The Company has continued to grow its geographical presence in the UK through its extensive branch network. This means that local expertise is on hand to co-ordinate and administer best practice at a local level to meet the customer's needs.

The Company is well-positioned as the leading partner to industrial and automotive customers in surface treatment and chemical application services. The Director's strategy is to increase its presence in chosen industrial segments whilst developing its range of products and services.

Employees

The Company places considerable value on the involvement of its employees at all levels with the aim of ensuring that views are taken into account when decisions are made that are likely to affect their interests and that all employees are aware of the financial and economic performance of their business units and the Company as a whole. Staff members are kept informed of performance through briefing meetings and internal communications whilst management regularly visit business locations to discuss matters of current interest with staff.

Equal opportunities

The Company's policy is not to discriminate against anyone, on any grounds. Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled every effort is made to ensure that their employment with the Company continues and that appropriate training is arranged. It is the policy of the Company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

s172 Statement

Section 172 of the Companies Act 2006 requires a director of a company to act in the way he or she considers, in good faith, would most likely promote the success of the company for the benefits of its members as a whole. In doing this s172 requires a director to have regard, among other matters, to the:

- · Likely consequences of any decisions in the long term;
- · Interests of the company's employees;
- · Need to foster the company's business relationships with suppliers, customers and others;
- · Impact of the company's operations on the community and environment;
- · Desirability of the company maintaining a reputation for high standards of business conduct; and
- · Need to act fairly as between members of the company

This statement intends to set out how the Board of Directors, both individually and collectively, has had regard to the above matters when undertaking their duties during the year in discharging their s172 duties. The aim of the directors is to act fairly and in the best interests of the company over the long term. In making their decisions the directors also consider any associated risks when discharging their duties. Please see summary above for the Company's principal risks and uncertainties surrounding the business.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

The principal decisions of the Board are those that have a potentially material impact on the company's long term performance, value creation or a stakeholder group. The Board's principal activities during the year covered (i) review of monthly financial performance, (ii) approval of the annual budget, (iii) monitoring funding available to the business or from group, (iv) review of progress in key actions of the executive management, and (v) review of specific matters that are reserved for the Board (set out in the reserved matters of our shareholder agreement).

We identify our key stakeholders as our employees, customers, suppliers, shareholders and regulators with whom we work. There were no principal decisions of the Board that impacted our stakeholders during the year. The Company is well-positioned as the leading partner to industrial and automotive customers in surface treatment and chemical application services. The Director's strategy is to increase its presence in chosen industrial segments whilst developing its range of products and services.

On behalf of the board

Andrew Griffith (Nov 3, 2023 15:23 GMT)

A Griffith **Director**

3 November 2023

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022

Results and dividends

The results for the year are set out on page 15.

The company's profit for the financial year is £10.1m (2021: £14.1m). No dividend payment (2021: nil) was made during 2022.

Directors

The directors of the Company who unless otherwise stated were in office during the year and up to the date of signing the financial statements were:

A Griffith E Wieffering O Kunc

(Appointed 22 March 2022)

Directors' indemnities

As permitted by the Articles of Association, the directors have the benefit of an indemnity which is a qualifying third party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the last financial year and is currently in force. The Company also purchased and maintained throughout the financial year directors' and officers' liability insurance in respect of itself and its directors.

Supplier payment policy

The company's current policy concerning the payment of trade creditors is to follow the CBI's Prompt Payers Code (copies are available from the CBI, Centre Point, 103 New Oxford Street, London WC1A 1DU).

The company's current policy concerning the payment of trade creditors is to:

- · settle the terms of payment with suppliers when agreeing the terms of each transaction;
- ensure that suppliers are made aware of the terms of payment by inclusion of the relevant terms in contracts; and
- pay in accordance with the company's contractual and other legal obligations.

Trade creditors of the company at the year-end were equivalent to 60 day's purchases, based on the average daily amount invoiced by suppliers during the year.

Financial risk management

Financial instruments

Details of the financial risk management are set out within the Strategic Report.

Research and development

The Company is continually looking at ways to improve the service it provides to its customers through developments in equipment and materials, facilitated by the group's Research and Development resources. There were no research and development costs in 2022.

Independent auditors

The auditors PricewaterhouseCoopers LLP have indicated their willingness to continue in office and a resolution concerning their re-appointment will be proposed at a general meeting.

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

Energy and carbon report

Fuel	Annual Fuel Usage	Annual Energy (kWh)	Annual Carbon Emission (tCO2e)	% of Carbon Footprint
Building Gas (kWh)	783,162 (2021: 704,273)	783,162 (2021: 704,273)	141 (2021:129)	3%
Company Fuel (km/miles)	6,869,722 (2021: 7,619,761)	19,160,121 (2021: 23,420,954)	4,590 (2020: 5,893)	§1.1%
Building Electricity (kWh)	1,326,348 (2021: 1,363,134)	1,326,348 (2021: 1,363,134)	254 (2021: 289)	5%
Grey Fleet Mileage (Miles)	121,240 (2021: 18,792)	141,968 (2021: 21,676)	33 (2021: 5)	0.7%
Electricity T&D Losses	- (2021:-)	- (2021: -)	23 (2021: 26)	0.5%
Total		21,411,599 kWh	5,041 tCO2e	

Measures taken to improve energy efficiency

As part of the Streamlined Energy and Carbon Reporting (SECR) framework, it has been identified that the total energy use for Safetykleen UK is 21,411,599 kWh (2021: 25,510,037 kWh) for period 1 January 2022 - 31 December 2022. The total carbon emissions for Safetykleen during the reporting period is 5,041 tCO₂e (2021: 6,342 tCO₂e). This highlights a year on year 16% decrease for energy consumption and a 21% decrease for carbon emissions. The main contributor for the carbon emissions is the company fleet vehicles which account for 91% of the overall emissions.

The profiles above show the following intensity metrics for the 2022 reporting period:

- · Overall energy usage is 1,233 kWh per m² of floor area
- Carbon emissions equate to 0.29 tCO₂e per m² of floor area.

The above metrics include for all building, transport and process fuel energy.

The following points outline some of the key areas of energy efficient measure implemented during the year:

- Investment grade energy and carbon audits and energy and carbon reduction action plans have been carried out at key strategic branches;
- Installation of LED lighting where necessary as part of energy reduction action plans and continued through the planned maintenance;
- Energy controls installed in including timers on equipment, such as drink machines and heater controls in production at the Distribution Centre;
- Future investment into on-site generation through solar pv installations;
- · Network printers set up as default to print double sided and in mono; and
- Water is reused in the production process when cleaning machines at the Distribution Centre refurbishment facility.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

Going concern

The Company benefits from an undertaking that the Group will provide the working capital and funding necessary for the Company to continue its operations for the foreseeable future.

The Group continues to be financed by a combination of debt and equity funding, with total bank debt including interest payable of £509.2m (2021: £541.1m), preference shares including accrued interest of £356.3m (2021: £315.0m) and finance lease obligations of £31.5m (2021: £29.9m) at 31 December 2022. In addition, at 31 December 2022 the Group has undrawn committed revolving credit facilities of £60.0m (2021: £60.0m) and a drawn committed acquisition facilities of €20.0m (2021: drawn €20.0m). The Group does not have bank debt or preference share repayment obligations to meet within the next 12 months, and neither does it have financial covenants to meet, except where the revolving credit facility is more than 40% drawn, which is not the case at 31 December 2022.

During February 2023, the Group refinanced its debt with an extension of the amount and maturity of the Revolving Credit Facility to £84.5m expiring in July 2026, and the term loan and acquisition facility debt being re-denominated into separate drawings of £106.0m and €490.0m, maturing in January 2027. The interest rate on drawn debt is now 5% above EURIBOR for the Euro Debt and 5.75% above SONIA for the Sterling Debt.

There are clearly macro-economic challenges across the world – with high inflation, volatility in interest rates, volatility in oil prices and challenges in supply chains and labour markets, as well as geo-political risks with the potential for significant disruption. As a business with recurring revenues and low customer concentration, Safetykleen is well positioned to manage reasonable future scenarios, as evidenced by robust trading in 2020 at the peak of the Covid impact. The Group's financial position remains strong, with £66.7m operating cash generated in the year, £34.8m cash on the balance sheet at the 31 December 2022, and undrawn revolving credit facilities of £60.0m - subsequently extended to £84.5m, in February 2023. The £60.0m revolving credit facilities are subject to a covenant that the Group must have a net debt to EBITDA ratio of less than 9.25x if the facility is more than 40% drawn (the ratio at 31 December 2022 was 6.3x). There are no other financial covenants on the Group's bank facilities. This liquidity has been compared to financial projections for the Group using reasonable assumptions, and an assessment made of the headroom to manage a downside scenario. The financial projections over this period indicate a net cash position without the need to access the Group's revolving credit facilities, even when a downside scenario is assumed (being zero growth in our Book of Business, inflation of 3.5% in material and labour costs, revenue delivery from the Book of Business of 96% (against budget delivery of 98% for 2023), and a reduction of 5% in non-machine revenue). With the current liquidity position of the Group, and the strength of the business model, the Directors consider that it is appropriate to prepare the financial statements on a Going Concern basis.

The company has received a Letter of Support from its ultimate parent undertaking, Shilton Midco 2 Limited, confirming support to enable the company to meet its liabilities when they fall due for a period of at least 12 months from the date of approval of financial statements. With the current liquidity position of the Group, the robust performance of the business in 2022, and the strength of the business model, the Directors consider that it is appropriate to prepare the financial statements on a Going Concern basis.

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

Statement of directors' responsibilities

Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- · select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101 have been followed, subject to any material departures disclosed and explained in the financial statements;
- · make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Directors' confirmations

In the case of each director in office at the date the directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware: and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware
 of any relevant audit information and to establish that the company's auditors are aware of that information.

Statement of disclosure to auditors

Each of the person who is a director at the date of approval of this report confirms that, so far as each of the directors is aware, there is no relevant audit information (that is, information needed by the Company's Auditors in connection with preparing their report) of which the Company's auditors are unaware. Each director has taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and the establish that the Company's auditors are aware of that information.

On behalf of the board

Andrew Griffith (Nov 3, 2023 15:23 GMT)

Director

3 November 2023

INDEPENDENT AUDITOR'S REPORT

Independent auditors' report to the members of Safety-Kleen U.K. Limited

Report on the audit of the financial statements

Opinion

In our opinion, Safety-Kleen U.K. Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual report and financial statements (the "Annual Report"), which comprise: the statement of financial position as at 31 December 2022; the income statement and the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' Report for the year ended 31 December 2022 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of directors' responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

decisions of users taken on the basis of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to compliance with tax legislation, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate accounting entries to manipulate financial results and management bias in accounting estimates. Audit procedures performed by the engagement team included:

- discussions with management and those charged with governance, including consideration of known or suspected instances of non-compliance with laws and regulation and fraud;
- evaluation of management's controls designed to prevent and detect irregularities;
- auditing the risk of management override of controls, including through testing journal entries, in particular, testing a sample of journal entries with unusual general ledger account combinations that enhance EBITDA performed and other adjustments for appropriateness, testing accounting estimates (because of the risk of management bias), and evaluating the business rationale of significant transactions outside the normal course of business:
- reviewing minutes of meetings of those charged with governance;
- designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- · we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

1.1 General Information

Safety-Kleen U.K. Limited develops, refurbishes and services parts washing machines for metal working, transport, manufacturing and automotive industries. The company also provides waste collection services which include auto waste, waste oil and industrial waste. The company operates in the UK, but does provide machine sales to our international counterparts in Ireland, France, Belgium, Germany, Spain, China, Hong Kong, Portugal, Czech Republic, Slovakia and Italy.

The company is a private company and is incorporated and domiciled in the UK. The Address of its registered office is Profile West, 950 Great West Road, Brentford, Middlesex, TW8 9ES.

1.2 Basis of preparation

The financial statements of Safety-Kleen U.K. Limited have been prepared in accordance with Financial Reporting Standard 101, 'Reduced disclosure framework' ("FRS101"). The financial statements have been prepared under the historical cost convention, and in accordance with the Companies Act 2006.

The preparation of financial statements in conformity with FRS101 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity or areas, where assumptions and estimates are significant to the financial statements, are discussed in note 2. The accounting policies have been applied consistently, other than where new policies have been adopted.

The Company's ultimate parent undertaking, Shilton Midco 2 Limited includes the Company in its consolidated financial statements. The consolidated financial statements of Shilton Midco 2 Limited are available to the public and may be obtained from Companies House, Crown Way, Cardiff, CF14 3UZ. Consequently, the Company has taken advantage of the exemption from preparing consolidated financial statements under the terms of section 400 of the Companies Act 2006.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

Accounting policies

(Continued)

The following exemptions from the requirements of IFRS have been applied in the preparation of these financial statements in accordance with FRS101

- · IAS 7, 'Statement of cash flows';
- Paragraph 38 of IAS 1, 'Presentation of financial statements' comparative information requirements in respect of:
- paragraph 79(a)(iv) of IAS 1;
- paragraph 73(e) of IAS 16, 'Property, plant and equipment'; and

 paragraph 118(e) of IAS 38, 'Intangible assets' (reconciliations between the carrying amount at the beginning and end of the period);
- The requirements in IAS 24, 'Related party disclosures', to disclose related party transactions entered into between two or more members of a group;
- The following paragraphs of IAS 1, 'Presentation of financial statements':
 - 10(d) (statement of cash flows);
 - 16 (statement of compliance with all IFRS);
 - 38A (requirement for minimum of two primary statements, including cash flow statements);
 - 38B-D (additional comparative information);
 - . 111 (statement of cash flows information); and
 - 134-136 (capital management disclosures).
- Paragraphs 30 and 31 of IAS 8, 'Accounting policies, changes in accounting estimates and errors' (requirement for the disclosure of information when an entity has not applied a new IFRS that has been issued but is not vet effective):
- Paragraph 17 of IAS 24, 'Related party disclosures' (key management compensation);
 - IFRS 7, 'Financial instruments: Disclosures'.
 - Paragraphs 45(b) and 46 to 52 of IFRS 2, 'Share-based payment' (details of the number weighted average exercise prices of share options, and how the fair value of goods or serv received was determined).

As the consolidated financial statements of Shilton Midco 2 Limited include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- certain disclosures required by IAS 36 Impairment of assets in respect of the impairment of goo and indefinite life intangible assets;
- disclosures required by IFRS 5 Non-current Assets Held for Sale and Discontinued Operation respect of the cash flows of discontinued operations;
- certain disclosures required by IFRS 3 Business combinations in respect of the business combinations by the Company in the current and prior periods including the comparative period reconciliation for goodwill; and
- certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures require IFRS 7 Financial Instrument Disclosures.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

Accounting policies

(Continued)

Going concern

The directors are required to prepare financial statements on the going concern basis, unless it is inappropriate to presume that the company will continue in business. The directors believe that the adoption of the going concern basis in the preparation of the financial statements is appropriate as the directors of the group headed by Shilton Midco 2 Limited, of which the Company is a member, have confirmed that it will provide the necessary financial support for 12 months from the date of approval of these financial statements. In concluding on the going concern basis, the directors have also considered the financial position of the Shilton Midco 2 Limited group, further details of which are disclosed in the consolidated financial statements of Shilton Midco 2 Limited.

1.4 Revenue

Revenue comprises the value of sales (excluding VAT and trade discounts) of goods and services provided in the normal course of business and is recognised in the following manner for each of the Company's principal activities:

Company owned machine servicing

- evenly over the period between services

Customer owned machine servicing

- at point of service - at point of service

Waste services

Deferred revenue arising from Company owned machine servicing is included in trade payables and is released to the income statement in accordance with the revenue recognition policy stated above.

Accrued revenue arising from goods and services supplied but not yet invoiced is included in trade receivables and is released to the income statement when invoiced.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer (usually on dispatch of the goods), the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from contracts for the provision of professional services is recognised by reference to the stage of completion when the stage of completion, costs incurred and costs to complete can be estimated reliably. The stage of completion is calculated by comparing costs incurred, mainly in relation to contractual hourly staff rates and materials, as a proportion of total costs. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

When it is probable that total contract costs will exceed total contract turnover, the expected loss is recognised as an expense immediately.

Where the outcome of a contract cannot be estimated reliably, contract costs are recognised as expenses in the period in which they are incurred and contract revenue is recognised to the extent of contract costs incurred where it is probable that they will be recoverable.

Bank interest accruing on capital borrowed to fund the production of long term contracts is carried forward within long term contract balances.

The company recognises revenue from the following major sources:

· Owned Machine Servicing

evenly over the period between services

· Customer Owned Machine Servicing

at point of service

Waste Services

at point of service

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

(Continued)

1.5 Goodwill

Goodwill represents the excess of the cost of acquisition of unincorporated businesses over the fair value of net assets acquired. It is initially recognised as an asset at cost and is subsequently measured at cost less impairment losses.

Goodwill arising on acquisitions before the date of transition to FRS101 has been retained at the previous UK GAAP amounts, subject to being tested for impairment at that date.

1.6 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Tangible fixed assets are stated at historic purchase cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a straight-line basis over its expected economic useful life at the following rates:

Freehold land and buildings Freehold land is not depreciated;

Motor vehicles10% - 20%Machinery and equipment4% - 20%Equipment at customers7% - 20%Leasehold improvement10%

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.7 Impairment of tangible and intangible assets

At each reporting end date, the Company tests its goodwill for impairment (as required) and also reviews the carrying amounts of its other tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

(Continued)

1.8 Inventories

Solvent, goods for resale, spare parts and accessories are stated at the lower of cost and net realisable value. Provision is made for obsolete, slow moving or defective items where appropriate. This cost is determined by standard cost valuation and a first in first out basis is applied on movement. Inventory costs only include raw material costs. Drums used as part of the machine service offering for the transportation and storage of solvents, as well as drums used in the collection of waste materials, are recognised as short life assets and recorded as inventory. The cost of these drums is then released to the profit and loss over a life of one year as an amortisation charge.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.9 Fair value measurement

IFRS 13 establishes a single source of guidance for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. The company is exempt under FRS 101 from the disclosure requirements of IFRS 13. There was no impact on the company from the adoption of IFRS 13.

1.10 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Financial assets at fair value through profit or loss

Financial assets are classified as at FVTPL when the financial asset is held for trading. This is the case if:

- · the asset has been acquired principally for the purpose of selling in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial assets at FVTPL are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset. Interest and dividends are included in 'Investment income' and gains and losses on remeasurement included in 'other gains and losses' in the statement of comprehensive income.

Financial assets held at amortised cost

Financial assets with fixed or determinable payments and fixed maturity dates that the Company has the positive intent and ability to hold to maturity are classified as held to maturity investments.

Held to maturity investments are measured at amortised cost using the effective interest method less any impairment, with revenue recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

(Continued)

Trade and other receivables represent the invoiced amount of sales of goods and services to customers for which payment has not been received (fair value), less allowance for doubtful accounts that is estimated based on the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables taking into account the current economic environment and other information.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of an intercompany loan and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the intercompany loan to the net carrying amount on initial recognition.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

Financial assets classified as available for sale are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income. Where an AFS financial asset is disposed of or determined to be impaired, the cumulative gain or loss previously recognised in other comprehensive income is reclassified to profit or loss.

Dividends and interest earned on AFS financial assets are included in the investment income line item in the statement of comprehensive income.

1.11 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as measured at fair value through profit or loss when the financial liability is held for trading. A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of selling or repurchasing it in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not a financial guarantee contract or a designated and effective hedging instrument.

Financial liabilities at fair value through profit or loss are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

(Continued)

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

1.12 Derivatives

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting end date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

A derivative with a positive fair value is recognised as a financial asset, whereas a derivative with a negative fair value is recognised as a financial liability. A derivative is presented as a non-current asset or liability if the remaining maturity of the instrument is more than 12 months, and it is not expected to be realised or settled within 12 months. Other derivatives are classified as current.

1.13 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

(Continued)

1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.15 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due. Payments to retirement benefit schemes were £1.3m in the year ending 31 December 2022 (2021: £1.2m)

The Company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. Contributions are charged to the profit and loss account in the period to which they relate. The Company has no further payment obligations once the contributions have been paid.

1.16 Leases

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The company has elected not to recognise right-of-use assets and lease for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

In the comparative period, as a lessee applying IFRS 16, the company classified leases as finance leases whenever the terms of the lease transferred substantially all the risks and rewards of ownership to the lessees. All other leases were classified as operating leases. Assets held under finance leases were recognised as assets at the lower of the assets' fair value at the date of inception and the present value of the minimum lease payments. The related liability was included in the statement of financial position as a finance lease obligation. Lease payments were treated as consisting of capital and interest elements and the interest was charged to profit or loss so as to produce a constant periodic rate of interest on the remaining balance of the liability. Rentals payable under operating leases, less any lease incentives received, were charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis was more representative of the time pattern in which economic benefits from the leased asset were consumed.

1.17 Foreign exchange

a) Functional and presentation currency

The items included in the financial statements are measured using sterling.

b) Foreign exchange

Transactions in other currencies are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation are included in the income statement for the period.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

1.18 Fixed asset investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the company . Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

An associate is an entity, being neither a subsidiary nor a joint venture, in which the company holds a long-term interest and where the company has significant influence. The company considers that it has significant influence where it has the power to participate in the financial and operating decisions of the associate.

1.19 General Information

Safety Kleen U.K. Limited develops, refurbishes and services parts washing machines for metal working, transport, manufacturing and automotive industries. The company also provides waste collection services which include auto waste, waste oil and industrial waste. The company operates in the UK, but does provide machine sales to our international counterparts in Ireland, France, Belgium, Germany, Spain, China, Hong Kong, Portugal, Czech Republic, Slovakia and Italy.

The company is a private company and is incorporated and domiciled in the UK. The Address of its registered office is Profile West, 950 Great West Road, Brentford, Middlesex, TW8 9ES.

All amounts in the financial statements and notes have been rounded off to the nearest thousand Sterling Pound, unless otherwise stated.

2 Critical accounting estimates and judgements

The preparation of financial statements in accordance with FRS101, requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors, including expectation of future events that are believed to be reasonable under the circumstances.

The following estimates and judgments are considered critical because actual results could differ materially from reported results if different assumptions underlying these estimates and judgments were used:

Critical judgements

Impairment of goodwill and property, plant and equipment

The Company tests annually whether goodwill has suffered any impairment in accordance with the requirements of IAS 36, Impairment of Assets. This requires an estimation of the fair value of the cash-generating units to which the intangible assets are allocated. Estimating the fair value amount requires management to make an estimate of the expected future cash flows from the cash-generating unit in the forecasted year and to determine a suitable discount rate in order to calculate the present value of those cash flows. Our longer term forecasts are subject to a higher level of uncertainty as part of the growth needs to come from either new contracts or new products.

The useful economic life of property, plant and equipment should be reviewed at least each year end and revised where expectations are significantly different from previous estimates. The depreciation charge is then adjusted for current and future years.

As at 31 December 2022, no impairment has been recognised (2021: nil).

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

2 Critical accounting estimates and judgements

(Continued)

Trade and customer finance receivables

The group applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected loss rates are reviewed yearly for adequacy in relation to current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables.

Credit risks for outstanding customer finance credits are regularly assessed as well, and allowances are recorded for estimated losses.

Impairment of investments

FRS 101 requires management to estimate the recoverable amount of an asset or group of assets. Recoverable amount represents the higher of value in use and fair value less costs to sell.

Value in use represents the net present value of the cash flows expected to arise from an asset or group of assets and its calculation requires management to estimate those cash flows and to apply a discount rate to them.

Cash flows are estimated by applying assumptions to budget sales, costs and overheads over a five year forecast period and by applying a perpetuity growth rate to the future forecast cash flows.

Cash flows are discounted using a discount rate based on the Group's weighted average cost of capital adjusted for risks specific to the asset or group of assets. The weighted average cost of capital is affected by estimates of interest rates, equity returns and market and country related risks.

At 31 December 2022 the carrying value of investments is disclosed in note 11. Based on management's assessment and judgement, there are no indications of impairment or changes in circumstances indicating that the carrying value of its investments may not be recoverable. If cash flow or discount rate assumptions were to change, impairment losses may be recognised in the future.

Critical accounting judgements

The directors believe that there are no areas involving a high degree of judgement or complexity significant to the financial statements.

3 Revenue

Analysis of revenue by category:

	2022	2021
Revenue analysed by class of business	£'000	£'000
Machine service revenue	57,230	50,808
Collectable services	26,498	26,092
	83,728	76,900
		-

Machine service revenue represents revenue earned on the servicing of machines owned by the Company and those owned by customers. Collectable services represents revenue earned at the point of service, i.e. industrial collection/recycling and also the sales of allied products. All revenue is generated within the UK.

	Amortisation of intangible assets	6	6
	Cost of inventories recognised as an expense	17,726	14,168
	Write downs of inventories recognised as an expense	550	673
	•		

5 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2022	2021
	Number	Number
Servicing of cleaning equipment and recycling	465	494
General and administration	73	72
	538	566
Their aggregate remuneration comprised:		
	2022	2021
	£,000	£'000
Wages and salaries	22,490	20,722
Social security costs	2,493	2,175
Other costs	1,304	1,158
	26,287	24,055
		====

6 Directors' remuneration

The directors did not receive any remuneration for their services during the year (2021: nil)

7 Tax on profit

	2022 £'000	2021 £'000
Current tax UK corporation tax on profit for the current year	-	172 ———

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

7	Tax on profit		(Continued)
		2022 £'000	2021 £'000
	Deferred tax		
	Origination and reversal of temporary differences	211	-
	Adjustment in respect of prior periods	190	-
	Total tax charge	401	172
		* 10	

The charge for the year can be reconciled to the profit before taxation per the income statement as follows:

	2022 £'000	2021 £'000
Profit before taxation	10,480	14,227
Expected tax charge based on a corporation tax rate of 19.00% (2021:19.00%) Group relief Permanent capital allowances in excess of depreciation Depreciation on assets not qualifying for tax allowances	1,991 (1,909) - (52)	2,703 (2,350) (327)
Other non-reversing timing differences Deferred tax adjustments in respect of prior years Taxation charge for the year	181 190 ——— 401	146 - - 172

The main rate of UK corporation tax remained constant at 19%.

On 23 September 2022, it was announced that the corporation tax change from 19% to 25% with effect from 1 April 2023 was to be cancelled. This was not substantively enacted at the balance sheet date and therefore the impact of this change is not reflected in the measurement of deferred tax. If the rate change had been substantively enacted prior to 30 June 2022, the impact would have been to increase the deferred tax asset by £843,000 with a corresponding credit to the income statement.

				===

Intangible assets include goodwill realised as a result of historic business acquisitions. The goodwill represents the purchase price paid for the business in excess of the fair value of the net identifiable assets. As per IFRS 3, goodwill is not amortised, but tested annually for impairment.

Other intangible assets represent computer software licenses used in the day-to-day operations of the Company.

			=		

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. The expected loss rates are based on the payment profiles of sales over a year of 24-36 month before 31 December 2022 and the corresponding historical credit losses experienced within this year.

Analysis of deferred revenue

Deferred revenues are classified based on the amounts that are expected to be settled within the next 12 months and after more than 12 months from the reporting date, as follows:

	2022 £'000	2021 £'000
Current liabilities	1,997 ———	2,017

20 Controlling party

Ultimate controlling party

The Company's immediate parent company Shilton Midco 2 Limited a company incorporated in the Cayman Islands. Shilton Midco 2 Limited is also the Company's ultimate parent undertaking and controlling party and is the largest and the smallest group of which the Company is a member and for which consolidated financial statements are prepared. The consolidated financial statements of Shilton Midco 2 Limited can be obtained from Companies House, Crown Way, Cardiff, Wales, CF14 3UZ.

The Group, headed by Shilton Midco 2 Limited, is a portfolio company of APAX IX GP Co Limited funds (the "APAX IX funds") advised and managed by Apax Partners LLP, a private equity firm organised in Luxembourg.

21 Contingent liabilities

At the balance sheet date, the Group was counterparty to a number of guarantees and performance bonds totalling £10,000 (2021: £40,600) primarily relating to the transportation of waste.

The Company is a participant in a group banking arrangement, with National Westminster Bank Plc.

The Company is subject to legal claims that may arise from time to time in the ordinary course of business. The directors do not consider that the outcome of these claims, individually or in aggregate, will have a material effect of the financial position of the Company.

22 Capital commitments

Capital expenditure on property, plant and equipment. Contracted but not provided at 31 December:

	2022 £'000	2021 £'000	
Machines	1,086	1,086	

The Company has a commitment to purchase machines in the twelve months following the balance sheet date value of £1,086,000 (2021: £1,086,000).

23 Events after the reporting date

There are no post balance sheet events which require disclosure.
