M J R Brown

Director

Company registration number: 01208038

BROWN AND BETTRIDGE LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

YEAR ENDED 31 OCTOBER 2023

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 69 Withy Hill Road, Sutton Coldfield, West Midlands, B75 6HP.

2. Statement of compliance

These abridged financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The abridged financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The abridged financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

The member's attention is drawn to the deficit on the balance sheet. The company's accounts have been prepared on the going concern basis following assurances from the director of his continued support.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Income tax

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings	-	25% reducing balance
Computer equipment	-	33% reducing balance

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund. When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 4 (2022: 4).

5. Tangible assets

	£
Cost	
At 1 November 2022 and 31 October 2023	25,144

Depreciation	
At 1 November 2022	24,456
Charge for the year	174

At 31 October 2023	24,630

Carrying amount	
At 31 October 2023	514

At 31 October 2022	688

6. Director's advances, credits and guarantees

Amounts owed to M J Brown at the year end amounted to £13,835 (2022: £19,767).

7. Related party transactions

There were no related party transactions during the year that require disclosure.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
