1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents amounts chargeable in respect of the sale of goods and services to customers

Depreciation

Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over the expected useful life as follows

Asset class	Depreciation method and rate
Fixtures fittings and equipment	25% per annum on reducing balance

Financial instruments

Financial instruments are classified and accounted for according to the substance of the contractual arrangement, as financial assets financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
