For the financial year ended 31 October 2015 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies and the members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These abbreviated financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

The abbreviated financial statements on pages 1 to 4 were approved by the board of directors and authorised for issue on 23/11/15 and are signed on its behalf by:

C B Colbridge
Director

J. P. COLBRIDGE LTD.

NOTES TO THE UNAUDITED ABBREVIATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 OCTOBER 2015

1 Accounting policies

Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

No material uncertainties that may cast significant doubt about the ability of the company to continue as a going concern have been identified by the directors. The directors anticipate that trading and profitability patterns will not significantly change in the near future. The directors will continue to manage costs and bank reserves.

Turnover

Turnover represents amounts receivable excluding value added tax, of goods sold arising from the principal activity of market gardening. All sales were within the United Kingdom.

Tangible fixed assets and depreciation

Tangible fixed assets other than freehold property are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Freehold property	nil
Plant, machinery and office equipment	3 to 10 years straight line
Agricultural buildings and glasshouses	5% straight line
Motor vehicles	25% of written down value

Freehold property has not been depreciated as, in the director's opinion, the depreciation for the year and cumulatively would be immaterial.

Investments

Fixed asset investments are stated at cost less provision for diminution in value.

Stock

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Financial instruments

Financial instruments are classified and accounted for according to the substance of the contractual arrangement as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
