Notes to the financial statements For the 52 weeks ended 30 July 2022

1. Accounting policies

Basis of accounting

Cavaghan & Gray Group Limited is a company incorporated in the United Kingdom under the Companies Act 2006. The Company is a private company limited by shares and is registered in England and Wales. The address of the Company's registered office is shown on page 1 and the nature of the Company's operations and its principal activities are set out in the strategic report.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS102) issued by the Financial Reporting Council.

The functional currency of the Company is considered to be pounds sterling, because that is the currency of the primary economic environment in which the Company operates. These financial statements are also presented in pounds sterling.

Financial Reporting Standard 102 – reduced disclosure exemptions

The Company, as a qualifying entity, has taken advantage of the disclosure exemptions available to it in FRS102 Paragraph 1.12. In preparing these financial statements, exemptions have been taken in respect of:

- The requirements of Section 3; Financial Statement Presentation paragraph 3.17(d), and Section 7, Statement of Cashflows;
- The requirements of Section 11; Basic Financial Instruments paragraphs 11.41(b) - (c), 11.41 (e) - (f), 11.42, 11.44 - 11.45, 11.47, 11.48(aiii) – (aiv), 11.48(b) – (c);
- The requirements of Section 12; Other Financial Instruments Issues paragraph 12.26 – 12.27, 12.29(a) – (b) and 12.29A; and
- The requirements of Section 33; Related Party Disclosures paragraph 33.7.

The Company is consolidated in the financial statements of its ultimate parent, Boparan Holdco Limited. Copies of these financial statements may be obtained from the Company's registered office.

The Company has also presented a statement of income and retained earnings in place of a statement of comprehensive income and a statement of changes in equity in accordance with FRS102 Paragraph 6.4.

Cavaghan & Gray Group Limited

Notes to the financial statements (continued) For the 52 weeks ended 30 July 2022

1. Accounting policies (continued)

Group financial statements

The Company has taken advantage of the exemption from preparing consolidated accounts afforded by section 400 of the Companies Act 2006, because it is a wholly owned indirect subsidiary of Boparan Holdings Limited which is the smallest group of undertakings which prepare publicly available consolidated accounts that incorporate the results of the Company. Therefore these financial statements present information about the Company as an individual undertaking *and not about its group*.

Going concern

The Company has no external debt and is a net asset position. The directors have considered the future activities of the Company and have concluded that the Company is a going concern. The financial statements have therefore been prepared on a going concern basis.

Taxation

Current tax, both UK and overseas, is recognised for the amounts payable (or receivable) in respect of the taxable profit for the current or past reporting periods using the tax rates and laws that have been enacted or substantively enacted at the balance sheet date.

Financial instruments

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

All amounts due from, or owed to Group undertakings are repayable on demand and held at amortised cost.

Financial assets are derecognised when and only when (a) the contractual rights to the cash flows from the financial asset expire or are settled, (b) the Company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or (c) the Company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party. Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Fixed asset investments

Fixed asset investments are shown at cost less provision for impairment. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable. When a review for impairment is conducted, the recoverable amount is assessed by reference to the net present value of expected future cash flows of the relevant cash generating unit. The discount rate applied is based upon the Company's weighted average cost of capital, with appropriate adjustment for the risks associated with the relevant unit.

Equity instruments

Equity instruments issued by the Company are recorded at the fair value of cash or other resources received, net of direct issue costs.

Cavaghan & Gray Group Limited

Notes to the financial statements (continued) For the 52 weeks ended 30 July 2022

2. Critical accounting judgements and key sources of estimation uncertainty

The significant estimates and assumptions used in the preparation of the Company's Financial Statements are outlined below:

Investments are reviewed for impairment at each balance sheet date to determine if there is any indication of impairment. As part of this review, a discount rate is applied to each investment's projected future cashflows in order to estimate the investment's value. Where this value is lower than the carrying value of the investment, an impairment charge is booked. Further details regarding the carrying value of investments can be found in note 6.

3. Remuneration of directors

None of the directors received any emoluments from the Company during the period (2021: £nil). The directors are remunerated by other group companies. The directors received combined emoluments of £5,133,000 (2021: £5,440,000). It is not practicable to ascertain what proportion of these emoluments relates to the Company.

The Group made contributions of £5,000 (2021: £5,000) in respect of money purchase benefits for one Company director (2021: one director).

The highest paid director received total emoluments of £3,132,000 (2021: £3,094,000).

10. Contingent liabilities

The Company and other Group subsidiary companies are guarantors in respect of the Senior Loan Notes due 2025, whereby they absolutely and unconditionally guarantee the principal and interest on the Senior Loan Notes. The same companies are cross guarantors in respect of the Boparan Holdings Group's £80m plus £10m accordion super senior Revolving Credit Facility which is a facility of Boparan Holdings Limited.

The amount drawn down on this facility at the balance sheet date was £nil (2021: £25.0m). The total bond value as at 30 July 2022 per the Group financial statements was £512.5m net of fees (2021: £474.5).

The Company and other Group subsidiary companies are guarantors in respect of the Senior Loan Notes, whereby they absolutely and unconditionally guarantee the principal and interest on the Senior Loan Notes. The same companies are cross guarantors in respect of the Revolving Credit Facility.

There are a number of contingent liabilities relating to litigation or potential claims from customers and counterparties that arise in the normal course of business, which if realised are not expected to result in a material liability to the Group. The Group regularly reviews all of these claims to determine any possible financial loss; as at 30 July 2022 no provision was considered necessary. A provision will be recognised if it is more likely than not a settlement will be required and the value of the payment can be reliably estimated.
