The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

E J Smales - Director

Notes to the Financial Statements for the Year Ended 31 January 2020

1. STATUTORY INFORMATION

New Forest Farm Machinery Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets, and in accordance with the accounting policies set out below.

Turnover

Revenue is recognised when the goods are delivered to the buyer on orders when payment is received in advance of delivery for goods not presently held in stock.

Revenue from sales is generally recognised when the risks and rewards of ownership have passed.

When the selling of a product includes an identifiable amount for subsequent servicing, the amount is deferred and recognised as revenue over the period in which the service is performed.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Freehold property

- over 50 years

Plant and machinery

25% on reducing balance25% on reducing balance

Motor vehicles Computer equipment

- 25% on reducing balance

Stocks

Stocks and work in progress are valued at the lower of the cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the income statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Notes to the Financial Statements - continued for the Year Ended 31 January 2020

2. ACCOUNTING POLICIES - continued

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme and the contributions payable to the scheme are charged to the profit and loss account in the period to which they relate.

Trade debtors

Trade debtors are carried at original net invoice amount less an estimate for doubtful debtors. Bad debts are written off when identified. Specific provisions are made against debts whose recovery is considered doubtful.

Provisions and accruals

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 41 (2019 - 35).

4. TANGIBLE FIXED ASSETS

Notes to the Financial Statements - continued for the Year Ended 31 January 2020

4. TANGIBLE FIXED ASSETS - continued

Cost or valuation at 31 January 2020 is represented by:

	Freehold property £	Plant and machinery £	Motor vehicles £	Computer equipment £	Totals £
Valuation in 2012	240,081	-	-	-	240,081
Valuation in 2019	218,853	-	-	-	218,853
Cost	956,066	249,896	337,045	72,667	1,615,674
	1,415,000	249,896	337,045	72,667	2,074,608

If freehold land and buildings had not been revalued they would have been included at the following historical cost:

Cost	31.1.20 £ 956,066	31.1.19 £ 956,066
Aggregate depreciation	71,298	71,298
Value of land in freehold land and buildings	462,119	462,119

Freehold land and buildings were valued on an open market basis on 4 May 2018 by BCM LLP.

Freehold land and buildings were revalued in the financial statements at 31 January 2019, using valuations obtained during the financial period. In the opinion of the directors, the market value of the freehold land and buildings at the balance sheet date was £1,386,700 on an open market basis.

Fixed assets, included in the above, which are held under hire purchase contracts are as follows:

	Plant and machinery £	Motor vehicles £	Totals
