The Directors state that in preparing these abbreviated accounts they have relied upon the exemptions for small companies, conferred by Sections 246 and 247 of the Companies Act 1985, on the grounds that the Company is entitled to the benefit of those Sections as a small company.

The notes on pages 4 to 7 form part of these financial statements.

## NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

#### FOR THE YEAR ENDED 31 AUGUST 1995

## 1. Statement of directors responsibilities

Company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of its profit or loss for that period. In preparing those financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## 2. Accounting policies

### (a) Accounting convention

The accounts are prepared under the historical cost convention and in accordance with applicable accounting standards.

#### (b) Going concern

The accounts have been drawn up on the going concern basis. The directors consider this to be appropriate having regard to the current financial situation and requirements of the company.

#### (c) Turnover

Turnover represents the invoiced amount of goods and services provided, stated net of Value Added Tax.

#### 2. Accounting policies (Continued)

## (d) Depreciation

Depreciation is provided on all tangible fixed assets, other than freehold land, and property held for investment, at rates calculated to write off the cost or valuation of each asset over its expected useful life, as follows:

Land & buildings - 11 to 50 years

General equipment - 5 to 10 years

Motor vehicles - over 5 years

#### (e) Stocks

Stock is valued at the lower of cost or net realisable value, after making due allowance for obsolete and slow moving items.

#### (f) Deferred taxation

Deferred taxation is provided on the liability method on all timing differences where a liability is likely to arise in the future.

## (g) Pension contributions

The company operates a defined contributions pension scheme for some of its directors and employees. The assets of the scheme are held separately from those of the company by an insurance company, and the scheme is administered by trustees. The pension costs charged to the profit and loss account and disclosed in the notes to the accounts, are the amount of contributions payable by the company in respect of the accounting period under review. Any difference between amounts charged to the profit and loss account and contributions paid to independant pension schemes is shown as a liability or prepayment in the balance sheet. The funding policy of the scheme is at the discretion of the directors.
