# NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 28 FEBRUARY 2010

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The company meets its day to day working capital requirements through an overdraft facility which is repayable on demand

The nature of the company's business is such that there can be considerable unpredictable variation in the timing of cash inflows. On the basis of discussions with the company's bankers, the director consider that the company will continue to operate within the facility currently agreed.

However, the margin of facilities over requirements is not large and, inherently there can be no certainty in relation to these matters. On this basis, the director considers it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the overdraft facility by the company's bankers.

#### 12 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts

#### 1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows.

Plant and equipment

15% per annum of net book amount

Fixtures & fittings

10% & 33 3% per annum of net book amount

Motor vehicles

25% per annum of net book amount

#### 14 Pensions

The pension costs charged in the financial statements represent the contributions payable by the company during the year in accordance with the Financial Reporting Standard for Smaller Entities
