DATED 5 Rbruary 2013

The notes on pages 9 to 16 form an integral part of these financial statements

#### ACCOUNTING POLICIES FOR THE YEAR ENDED 30 SEPTEMBER 2012

#### a **ACCOUNTING CONVENTION**

The financial statements are prepared under the historical cost convention, as modified for the revaluation of the investment properties, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### b GOING CONCERN

In considering the ability of the company to continue to trade as a going concern, the directors prepare rolling 12 month profit and cashflow forecasts for the companies under common control that fund this company that take account of all major inflows and outflows and any reasonably foreseeable impacts of the current economic situation. These projections show that these companies have cash reserves which, at the company's year-end, were over £8m and forecast to grow further through the remainder of 2012 and into 2013. In addition, the company has access to those companies' committed bank facilities of over £7.5m which will enable it to take advantage of investment and development opportunities as they arise. As a result the directors have a reasonable expectation that the company will continue to meet its obligations as they fall due and accordingly have continued to prepare the accounts on the going concern basis.

#### c TURNOVER

Turnover represents the amount of sales and work invoiced excluding Value Added Tax and work in progress. Sales of development property and properties held for re-sale are accounted for at completion.

#### d <u>INVESTMENT PROPERTIES</u>

It is the Company's policy to revalue freehold and leasehold investment properties to their open market value with vacant possession at the year end in accordance with Statement of Standard Accounting Practice 19

No depreciation is provided in respect of the Company's investment properties. Although the Companies Act 2006 requires the depreciation of fixed assets, it is believed that the policy of not providing depreciation is necessary in order for the Financial Statements to show a true and fair view as market valuation is more relevant than a measure of consumption in regard to these assets. It is the Directors' policy to maintain the properties in good condition thus prolonging their useful life.

## e STOCKS AND WORK-IN-PROGRESS

#### Stocks

- Undeveloped land and buildings, where no planning application has been made, are valued at the lower of cost and the estimated net realisable value of each individual holding
- Completed houses are valued at the lower of cost and valuation on the basis of net realisable value

#### Work-in-Progress

Work-in-progress in respect of buildings under construction for speculative trading is valued at the lower of cost and net realisable value. Cost comprises the costs attributable to the land, including expenditure on buildings and houses under construction.

#### ACCOUNTING POLICIES FOR THE YEAR ENDED 30 SEPTEMBER 2012

#### f <u>DEFERRED TAXATION</u>

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date except that

- deferred tax is not recognised on timing differences arising on revalued properties
  unless the company has entered into a binding sale agreement and is not proposing
  to take advantage of rollover relief, and
- the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing differences

Deferred tax balances are not discounted

#### g PENSIONS

The Company operates a Defined Contribution Pension Scheme The assets of the Scheme are held separately from those of the Company in an independently administered fund Contributions are charged to the Profit and Loss account as they become payable in accordance with the rules of the scheme

#### h CASH FLOW STATEMENT

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008)
