**Mr G Barker, Director**

**This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1068 of the Companies Act 2006.**

**Notes to the Abbreviated Accounts**

For the year ending 30 September 2014

**1 Accounting policies****Basis of accounting**

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax. In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

**Finance lease agreements**

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated in accordance with the above depreciation policies. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account on a straight line basis, and the capital element which reduces the outstanding obligation for future instalments.

**Fixed Assets**

All fixed assets are initially recorded at cost.

**Financial Instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

**Depreciation**

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Land & Buildings	10% straight line
Plant & Machinery	25% reducing balance

**2 Fixed Assets**

	Tangible Assets	Investments	Total
Cost or valuation	£	£	£

At 01 October 2013	701,750	2	701,752
