Strategic report For the year ended 30 April 2016

The directors present their strategic report on the Company for the year ended 30 April 2016.

Review of the business

Midland Red (South) Limited is a public transport operator, operating both local bus services in and around Warwickshire and the budget intercity coach service Megabus.com both in the UK and including links to cities within continental Europe. The Company operates a fleet of 482 buses and employs 1,582 people.

Results and performance

The results of the Company for the year ended 30 April 2016 show a loss on ordinary activities before taxation of £3,893,000 (2015: profit £1,419,000) and revenue of £87,506,000 (2015: £73,165,000). The Company has net liabilities of £1,284,000 (2015: assets £748,000). During the current year, the loss is the result of on-going expansion of the inter-city coach services into mainland Europe incurring significant set up costs.

The Company's business is built on a successful commercial formula of low fares, investment and high customer service which has delivered continued passenger volume growth. The results for the year reflect a continuation of our successful strategy to grow revenue and passenger volumes organically.

Business environment

The Company operates both local bus services and budget intercity coach services throughout the UK and in continental Europe, carrying around 118,000 passengers a day. These services are mainly operated on a commercial basis in a largely deregulated market. We also operate tendered services, including school contracts, on behalf of local authorities and other public bodies. The Company works closely with local authorities, passengers and other stakeholders. The Company benefits from being part of the UK Bus (regional operations) Division of Stagecoach Group plc, a nationwide public transport operator.

The Company operates in a competitive environment and differentiates itself from its competitors by:

- improving operational and engineering facilities;
- focusing on recruitment and retention of drivers;
- investment in new vehicles; and
- strong focus on technology and innovation.

Strategic report (continued)

For the year ended 30 April 2016

Strategy

The Company's overriding objective is to achieve attractive and sustainable rates of growth and returns through organic growth, supplemented by targeted acquisitions where appropriate.

There are several elements to the Company's strategy for growth. They are:

- continued focus on value-for-money ticket offerings;
- investment in new vehicles to maximise our customer's experience;
- commitment to excellent customer service;
- · strong focus on the safety and security of passengers and staff; and
- consistent excellent operational performance.

Future outlook

Trading in the current financial year to 30 April 2017 is broadly in line with our expectations. The Company does, however, face strong headwinds in light of the effect of Government spending cuts imposed on local authorities.

We do not expect significant short-term growth in concessionary and tendered revenue as local authorities look to minimise concessionary reimbursement amounts and bus tenders in light of their budget constraints. Our focus is therefore to seek to continue to deliver good growth in commercial revenue to offset inflationary cost pressures.

Intercity coach services operated under the Megabus.com brand continue to grow in the UK. On 30 June 2016, the Group have confirmed the sale of the megabus.com inter-city coach retailing operations for journeys involving mainland Europe. That retailing business has been sold to FlixBus, a retailer of inter-city coach services across a number of countries in Europe. The Group's Megabus.com services within the UK are not part of the sale. The Group will continue to operate a number of inter-city coach services on behalf of FlixBus.

Our assessment of the longer term outlook for the Company is positive. Market conditions are good with a combination of a rising population, increasing road congestion, and widespread concern for the natural environment providing good potential for increased bus usage across the UK.

Furthermore, we believe our value fares, continued innovation, investment in our fleet, commitment to staff training and continuous monitoring of operational efficiency will enable us to continue to achieve high levels of customer satisfaction and to maximise our performance in the future.

Principal risks and uncertainties

The management of the business and the execution of the Company's strategy are subject to a number of risks.

The management and reporting of risk is undertaken at Group level, rather than at an individual business unit level.

The principal risks and uncertainties of Stagecoach Group plc, which includes those of the Company, are discussed in the Group's 2016 annual report (paragraph 1.4.6 of the Strategic Review), which does not form part of this report.

Strategic report (continued)

For the year ended 30 April 2016

Key performance indicators ("KPIs")

The directors of Stagecoach Group plc manage the Group's performance on a divisional basis. For this reason, the Company's directors believe that analysis using KPIs for the Company is not necessary or appropriate for an understanding of the development, performance or position of the business of the Company. The development, performance and position of the UK Bus Division of Stagecoach Group plc, which includes the Company, is discussed in the Strategic Review (paragraph 1.4.7) of the Group's 2016 annual report which does not form part of this report.

Financial risk management

The Company's activities expose it to a variety of financial risks including the effects of changes in interest rates, credit risk and commodity prices. The effects of changes in interest rates and commodity prices are managed at a Group level by a central Group treasury function. The Company has implemented policies which require appropriate credit checks to be performed on potential customers before sales are made. All credit checks are performed centrally by Stagecoach Services Limited, a fellow Group company.

Directors' report (continued)

For the year ended 30 April 2016

Employees

Employees are central to the Company's strategy to deliver its business plan. A well motivated and engaged workforce will in turn create optimum performance and efficiency within the business. The business objectives are achieved through training, developing and engaging employees in delivering an excellent service to customers and maintaining high operational standards.

Training and development

We have consistently sought to recruit and retain the best employees in the markets in which we operate.

The Company invests significantly to ensure that our staff are properly trained and able to offer the best customer service. The Company, under guidance from central UK Bus management, operates staff development, graduate trainee and apprentice engineer programmes.

Employee involvement

The Company is committed to employee participation and uses a variety of methods to inform, consult and involve its employees. Employees participate directly in the success of the business through the Stagecoach Group's bonus and other remuneration schemes and are encouraged to invest through participation in share option schemes.

Disabled persons

The Company recognises its obligations to give disabled people full and fair consideration for all vacancies within the statutory medical requirements which have to be met for certain grades of staff. Wherever reasonable and practicable, the Company will retain newly disabled employees and at the same time provide fair opportunities for the career development of disabled people.

Donations

Donations to charitable organisations amounted to £3,994 (2015: £5,843).

The Company does not make political contributions and accordingly there were no payments for political purposes during the year (2015: £Nil).

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

Directors' report (continued)

For the year ended 30 April 2016

Statement of directors' responsibilities (continued)

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, including FRS 101 have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify its shareholders in writing about the use of disclosure exemptions, if any, of FRS 101 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Independent auditors and disclosure of information to auditors

Each director, as at the date of this report, has confirmed that insofar as they are aware there is no relevant audit information of which the Company's auditors are unaware, and they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Following Stagecoach Group's external audit tender process, Ernst & Young LLP shall become the Company's auditors in the next financial year.

Directors' report (continued)

For the year ended 30 April 2016

Indemnification of directors and officers

The Company maintains Directors' and Officers' Liability Insurance in respect of legal action that might be brought against its directors. The Company has indemnified each of its directors and other officers of the Company against certain liabilities that may be incurred as a result of their offices.

Independent auditors' report to the members of Midland Red (South) Limited For the year ended 30 April 2016

Report on the financial statements

Our opinion

In our opinion, Midland Red (South) Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the Company's affairs as at 30 April 2016 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

The financial statements, included within the financial statements (the "Annual Report") comprise:

- the balance sheet as at 30 April 2016;
- the income statement and the statement of other comprehensive income for the year then ended;
- the statement of changes in equity for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Independent auditors' report to the members of Midland Red (South) Limited (continued) For the year ended 30 April 2016

Other matters on which we are required to report by exception (continued)

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Responsibilities for the financial statements and the audit Our responsibilities and those of the directors

As explained more fully in the Statement of Directors' Responsibilities set out on pages 5 - 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

Independent auditors' report to the members of Midland Red (South) Limited (continued) For the year ended 30 April 2016

Responsibilities for the financial statements and the audit (continued) What an audit of financial statements involves (continued)

In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Notes to the financial statements

For the year ended 30 April 2016

1 Accounting policies

The principal accounting policies, all of which have been applied consistently throughout the year and the preceding year, are:

a) Basis of accounting

The Company is a private limited company registered in England. The address of the Company's registered office is shown on page 7 and a description of the Company's principal activities are set out on page 1.

These financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' (FRS 101) and the Companies Act 2006 (the Act).

The Company's date of transition from UK Generally Accepted Accounting Practice (UK GAAP) to FRS 101 was 1 May 2014. The effect of transition from the Company's previously adopted accounting policies in accordance with UK GAAP are disclosed in note 21.

The following exemptions from the requirements of IFRS have been applied in the preparation of these financial statements, in accordance with FRS 101:

- · Paragraphs 45(b) and 46-52 of IFRS 2, 'Share-based payment'
- IFRS 7, 'Financial Instruments: Disclosures'
- Paragraphs 10(d), 10(f), 16, 38A-D, 40A-D, 111 and 134-136 of IAS 1 'Presentation of financial statements'
- IAS 7, 'Statement of cash flows'
- Paragraphs 30 and 31 of IAS 8 'Accounting policies, changes in accounting estimates and errors'
- Paragraph 17 of IAS 24, 'Related party disclosures'

The Company has notified its shareholders in writing about, and they do not object to, the use of the disclosure exemptions used by the company in these financial statements.

At 30 April 2016, the Company had net current liabilities of £36,402,000 (2015: £34,373,000). The directors have received confirmation of continuing financial support from the ultimate holding company. Accordingly, the financial statements have been prepared on the going concern basis.

For the year ended 30 April 2016

1 Accounting policies (continued)

b) Tangible fixed assets and depreciation

Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Land and buildings and other fixed assets are shown at cost, net of depreciation and any provision for impairment as set out in note 9a.

Depreciation is provided at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a straight-line basis over its estimated useful life, as follows:

Leasehold land and buildings 10 to 50 years Public service vehicles (PSVs), depending on type 7 to 16 years Plant and equipment and furniture and fittings 3 to 10 years

c) Fixed asset investments

Fixed asset investments are shown at cost less any provision for impairment.

d) Stocks

Stocks of parts and consumables are stated at the lower of cost and net realisable value after making due allowance for obsolete or slow moving items. Cost is determined using the first-in, first-out ("FIFO") method for fuel stocks and average cost method for all other stocks.

e) Taxation

Tax, current and deferred, is calculated using tax rates and laws enacted or substantively enacted at the balance sheet date.

Corporation tax is provided on taxable profits at the current rate applicable. Tax charges and credits are accounted for through the same primary statement as the related pre-tax item.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax is measured at the rates that are expected to apply in periods in which the temporary differences reverse based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary difference can be utilised.

f) Revenue

Revenue represents fare and contract revenues receivable in respect of the period. The directors regard the Company's business activities, which are carried out mainly in the United Kingdom with an immaterial amount being carried out in mainland Europe, as being of one class.

For the year ended 30 April 2016

1 Accounting policies (continued)

g) Hire purchase and lease obligations

Assets acquired under hire purchase contracts and finance leases are recorded in the balance sheet as an asset (at the equivalent of the purchase price) and as an obligation to pay future hire purchase capital instalments or finance lease rentals. Assets held under hire purchase arrangements are depreciated over their useful life.

Obligations from hire purchase contracts and finance leases within creditors represent the total of the capital payments outstanding at the balance sheet date. Future finance charges are not included.

The interest element of hire purchase and finance lease obligations are charged to the profit and loss account over the period of the hire purchase or finance lease.

Rentals under operating leases are charged on a straight-line basis over the lease term.

h) Pension costs and other post retirement benefits

The Company participates in a defined benefit scheme, the Stagecoach Group Pension Scheme, and a defined contribution scheme.

In respect of the defined benefit scheme, obligations are measured at discounted present value whilst scheme assets are recorded at market value. The recognised net asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the scheme. An economic benefit is available to the Company if it is realisable during the life of the scheme or on settlement of the scheme liabilities.

The operating and financing costs of the defined benefit plan is included within operating profit and is disclosed separately in the notes to the financial statements; service costs are spread systematically over the working lives of employees and financing costs are recognised in the periods in which they arise. Actuarial gains and losses are recognised immediately in the statement of other comprehensive income. Mortality rates are considered when retirement benefit obligations are calculated.

Past service costs and adjustments are recognised immediately in income, unless the changes to the pension plan are conditional on the employees remaining in service for a specified period (the vesting period), in which case the past service costs are amortised using a straight-line method over the vesting period.

A full actuarial valuation is undertaken triennially for the scheme and updated annually using independent actuaries following the projected unit credit method. The present value of the scheme obligations is determined by discounting the estimated future cash outflows using interest rates of high quality corporate bonds which have terms to maturity equivalent to the terms of the related obligations. Experience adjustments and changes in assumptions which affect actuarial gains and losses are reflected in the actuarial gain or loss for the year.

For the year ended 30 April 2016

1 Accounting policies (continued)

h) Pension costs and other post retirement benefits (continued)

For defined contributions schemes, the Company pays contributions to a separately administered pension scheme. Once the contributions have been paid the Company has no further obligations. The Company's contributions to defined contribution schemes are charged to the income statement in the period to which the contributions relate.

i) Grants

Bus service operators grant is credited to operating costs. Other grants are credited to the income statement as the expenditure is expensed.

j) Other operating income

Revenues incidental to the Company's principal activity are reported as other operating income, and are recognised in the income statement in the period in which they are earned.

k) Share based payments

The Group issues cash-settled share based payments to certain employees.

The cost of the cash-settled transactions is measured at fair value. Fair value is estimated initially at the grant date and at each balance sheet date thereafter until the awards are settled. Market based performance are taken into account when determining fair value.

During the vesting period, a liability is recognised representing the estimated fair value of the award and the portion of the vesting period expired as at the balance sheet date. Changes in the carrying amount of the liability are recognised in the income statement for the period.

I) Foreign currencies

Foreign currency transactions arising during the year are translated into sterling at the rate of exchange ruling on the date of the transaction. Foreign currency monetary assets and liabilities are retranslated into sterling at the rate of exchange ruling at the year end. Any exchange differences so arising are dealt with through the profit and loss account.

m) Cash flow statement

Midland Red (South) Limited is not required to prepare a cash flow statement under IAS 7, as it is a wholly owned subsidiary undertaking of Stagecoach Group plc whose consolidated financial statements, which are publicly available, include a consolidated cash flow statement in which the cash flows of the Company are included.

For the year ended 30 April 2016

1 Accounting policies (continued)

n) Critical accounting policies and estimates

Preparation of the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union requires Directors to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual outcomes could differ from those estimated. The Directors believe that the accounting policies and estimation techniques discussed below represent those that require the greatest exercise of judgement. The Directors have used their best judgement in determining the estimates and assumptions used in these areas but a different set of judgements could result in material changes to the Company's reported financial performance and/or financial position.

The critical accounting policies summarised below cover the policies regarded by the Directors as critical to the Company's reporting in general.

i) **Pensions**

The determination of the Company's pension benefit obligation and expense for defined benefit pension schemes is dependent on the selection by the Directors of certain assumptions used by actuaries in calculating such amounts. Those assumptions include the discount rate, the annual rate of increase in future salary levels and mortality rates. The Directors' assumptions are based on actual historical experience and external data. While we believe that the assumptions are appropriate, significant differences in actual experience or significant changes in assumptions may materially affect the pension obligation and future expense.

ii) **Taxation**

The Company's tax charge is based on the pre-tax profit for the year and tax rates in force. Estimation of the tax charge requires an assessment to be made of the potential tax consequences of certain items that will only be resolved when agreed by the relevant tax authorities. Assessment of the likely outcome is based on historical experience, professional advice from external advisors, and the current status of any judgemental issues. However, the final tax cost to the company may differ from the estimates.

iii) Property, plant and equipment

Property, plant and equipment, other than land, are depreciated on a straight-line basis to write off the cost or valuation less estimated residual value of each asset over the shorter of their estimated useful lives or the franchise period. Useful lives are estimated based on a number of factors, including the expected usage of the asset, expected deterioration and technological obsolescence. If another depreciation method (for example, reducing balance) was used or different useful lives or residual values were applied, this could have a material effect on the Company's depreciation charge and net profit.

For the year ended 30 April 2016

1 Accounting policies (continued)

o) Financial statements not consolidated

The Company is a wholly owned subsidiary of Stagecoach Bus Holdings Limited and of its ultimate parent, Stagecoach Group Plc. It is included in the consolidated financial statements of Stagecoach Group Plc which are publicly available. Therefore, the Company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements.

2 Revenue

The revenue and profit on ordinary activities before taxation were derived wholly from the Company's principal activities which are carried out largely within the United Kingdom, with an immaterial amount relating to operations within mainland Europe.

c) Factors that may affect future tax charges

Reductions in the tax rate to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015. The deferred tax liability at 30 April 2016 has been calculated based on this rate. An additional reduction to 17% (effective from 1 April 2020) was announced in the Budget on 16 March 2016. Had the reduction to 19% been substantively enacted the estimated impact of this reduction on the deferred tax liability would have been a reduction of £112,521.

16 Retirement benefit obligations

On transition to FRS 101, IAS 19 (2011 revised) Employee Benefits has been adopted in place of FRS 17 Retirement Benefits.

The Company participates in a defined benefit occupational pension scheme, the Stagecoach Group Pension Scheme ("SGPS"), and in addition, the Company contributes to defined contribution schemes for certain employees. Contributions to defined contribution schemes during the year amounted to £1,002,000 (2015: £769,000). At 30 April 2016 there was a creditor of £100,000 (2015: £96,000) in relation to these contributions.

The Stagecoach Group Pension Scheme ("SGPS")

The Stagecoach Group Pension Scheme is a defined benefit scheme. The Company, together with a number of companies within the Group headed by Stagecoach Group plc, makes contributions to the scheme. For the purposes of FRS 101, IAS 19 the Company accounts for its portion of the retirement benefit obligation, based on its share of contributions to the scheme. In the consolidated financial statements of Stagecoach Group plc, the scheme as a whole is accounted for as a defined benefit scheme. The consolidated financial statements of Stagecoach Group plc provide further details of the scheme.

17 Guarantees and other financial commitments (continued)

c) Cross guarantees

The Company is subject to a cross corporate guarantee in relation to the Stagecoach Group plc banking arrangements with the Bank of Scotland. There have been no instances where this guarantee has been called upon during the year and none are expected in the future.

18 Share based payments

The Company operates a Buy as You Earn Scheme ("BAYE"), which enables eligible employees to purchase shares from their gross income. The Company provides two matching shares for every share bought from the first £10 of monthly investment, subject to a maximum Company contribution of shares to the value of £20 per employee per month.

If the shares are held in trust for five years or more, no income tax and national insurance will be payable. The matching shares will be forfeited if the corresponding partnership shares are removed from the trust within three years of award.

All share options referred to relate to ordinary shares of Stagecoach Group plc, the ultimate parent company.

At 30 April 2016, there were 313 (2015: 292) participants in the BAYE scheme who have cumulatively purchased 165,654 (2015: 119,533) shares with the Company contributing 53,524 (2015: 42,684) matching shares on a cumulative basis. Dividends had been reinvested in a further 12,270 (2015: 6,559) shares for these participants.

Share based payment charges of £56,999 (2015: £40,889) have been recognised in the profit and loss account during the year in relation to the scheme.

19 Related party transactions

The Company has taken advantage of the exemptions granted under IAS 24 by not disclosing details of sales and purchases with other members of the group headed by Stagecoach Group plc. Details of amounts owed to and from group undertakings are disclosed in aggregate in notes 11 and 12.

The fellow group undertaking Scottish Citylink Coaches Limited is a 35% owned subsidiary of Stagecoach Group plc. 21 Transition to FRS 101

As stated in note 1, these are the Company's first financial statements prepared in accordance with FRS 101. The accounting policies set out in note 1 have been applied in preparing the financial statements for the year ended 30 April 2016, the comparative information presented in these financial statements for the year ended 30 April 2015 and in the preparation of an opening FRS 101 balance sheet at 1 May 2014 (the Company's date of transition).

In preparing its FRS 101 balance sheet, the Company has adjusted amounts reported previously in financial statements prepared in accordance with its old basis of accounting (UK GAAP). An explanation of how the transition from UK GAAP to FRS 101 has affected the Company's financial position and financial performance is set out in the following tables and the notes that accompany the tables.

On transition to FRS 101, the Company has applied the requirements of paragraphs 6-33 of IFRS 1 "First time adoption of International Financial Reporting Standards".

21 Transition to FRS 101 (continued)

Restatement of equity from UK GAAP to FRS 101

1 Current and deferred tax

IFRS defines deferred tax in relation to temporary differences between carrying values and their related tax bases, rather than timing differences in the income statement; therefore an adjustment required:

- to recognise assets that were previously eligible for the now obsolete Industrial Building Allowances for which no deferred tax was recognised under UK GAAP. The impact has been an increase in the deferred tax liability as follows:
- to recognise the tax impact of pension transition adjustments (see sub note 2 below). The impact is an increase in the deferred tax liability as follows:

	2015	2014
	£000	£000
Provisions for liabilities and charges - Deferred tax liability (fixed assets)	(4)	(6)
Provisions for liabilities and charges - Deferred tax liability (pension)	1,159	466
	1,155	460

2 Retirement benefit obligation

On transition to FRS 101, IAS 19 (2011 revised) Employee Benefits has been adopted in place of FRS 17 Retirement Benefits.

The Stagecoach Group Pension scheme is a defined benefit scheme. The Company, together with a number of companies within the Group headed by Stagecoach Group plc, makes contributions to the Scheme. For the purposes of FRS 101, the Company accounts for its portion of the retirement benefit obligation, based on its share of contributions to the scheme. In the consolidated financial statements of Stagecoach Group plc, the scheme as a whole is accounted for as a defined benefit scheme. The consolidated financial statements of Stagecoach Group plc provide further details of the scheme.

An actuarial valuation of the Stagecoach Group Pension Scheme was undertaken on 30 April 2014, and showed that the scheme was 111% funded on the Trustee's technical provisions basis.
