Strategic report

For the year ended 30 April 2014

The directors present their strategic report on the Company for the year ended 30 April 2014.

Review of the business

Midland Red (South) Limited is a public transport operator, operating both local bus services in and around Warwickshire and the budget intercity coach service Megabus.com both in the UK and including links to cities within continental Europe.

The Company operates a fleet of 261 buses and employs 641 people.

Results and performance

The results of the Company for the year ended 30 April 2014 show a profit on ordinary activities before taxation of £5,130,000 (2013: £1,799,000) and turnover of £48,006,000 (2013: £43,578,000). The Company has net assets of £3,879,000 (2013: £3,695,000).

The Company's business is built on a successful commercial formula of low fares, investment and high customer service which has delivered continued passenger volume growth. The results for the year reflect a continuation of our successful strategy to grow revenue and passenger volumes organically.

Business environment

The Company operates both local bus services and budget intercity coach services throughout the UK and in continental Europe, carrying around 53,420 passengers a day. These services are mainly operated on a commercial basis in a largely deregulated market. We also operate tendered services, including school contracts, on behalf of local authorities and other public bodies. The Company benefits from being part of the UK Bus (regional operations) Division of Stagecoach Group plc, a nationwide public transport operator.

The Company operates in a competitive environment and differentiates itself from its competitors by:

- improving operational and engineering facilities;
- focusing on recruitment and retention of drivers;
- investment in new vehicles; and
- strong focus on technology and innovation.

Strategy

The Company's overriding objective is to achieve attractive and sustainable rates of growth and returns through organic growth, supplemented by targeted acquisitions where appropriate.

There are several elements to the Company's strategy for growth. They are:

- continued focus on value-for-money ticket offerings;
- investment in new vehicles to maximise our customer's experience;
- commitment to excellent customer service;
- strong focus on the safety and security of passengers and staff; and
- consistent excellent operational performance.

Strategic report (continued)

For the year ended 30 April 2014

Future outlook

The current financial year to 30 April 2015 has started well and trading is broadly in line with our expectations. The Company does, however, face strong headwinds in light of the ongoing economic situation and the effect of Government spending cuts imposed on local authorities.

We do not expect significant short-term growth in concessionary and tendered revenue as local authorities look to minimise concessionary reimbursement amounts and bus tenders in light of their budget constraints. Our focus is therefore to seek to continue to deliver good growth in commercial revenue to offset inflationary cost pressures.

Intercity coach services operated under the Megabus.com brand continue to grow in both the UK and mainland Europe. The Megabus.com network in mainland Europe is performing well and we have invested in new left-hand drive vehicles to serve these locations.

During the year to April 2014, we entered the German market for the first time and in June 2014 we extended our network into Spain. We continue to explore opportunities for further expansion of the Company's intercity coach services in continental Europe.

Our assessment of the longer term outlook for the Company is positive. Market conditions are good with a combination of a rising population, increasing road congestion, the cost of running a car and widespread concern for the natural environment providing good potential for increased bus usage across the UK.

Furthermore, we believe our value fares, continued innovation, investment in our fleet, commitment to staff training and continuous monitoring of operational efficiency will enable us to continue to achieve high levels of customer satisfaction and to maximise our performance in the future.

Principal risks and uncertainties

The management of the business and the execution of the Company's strategy are subject to a number of risks.

The management and reporting of risk is undertaken at Group level, rather than at an individual business unit level.

The principal risks and uncertainties of Stagecoach Group plc, which includes those of the Company, are discussed in the Group's 2014 annual report (paragraph 2.3.6 of the Strategic Review), which does not form part of this report.

Key performance indicators ("KPIs")

The directors of Stagecoach Group plc manage the Group's performance on a divisional basis. For this reason, the Company's directors believe that analysis using KPIs for the Company is not necessary or appropriate for an understanding of the development, performance or position of the business of the Company. The development, performance and position of the UK Bus Division of Stagecoach Group plc, which includes the Company, is discussed in the Strategic Review (paragraph 2.3.7) of the Group's 2014 annual report which does not form part of this report.

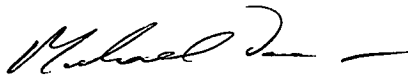

Strategic report (continued)

For the year ended 30 April 2014

Financial risk management

The Company's activities expose it to a variety of financial risks including the effects of changes in interest rates, credit risk and commodity prices. The effects of changes in interest rates and commodity prices are managed at a Group level by a central Group treasury function. The Company has implemented policies which require appropriate credit checks to be performed on potential customers before sales are made. All credit checks are performed centrally by Stagecoach Services Limited, a fellow Group company.

For the year ended 30 April 2014

Employees

Employees are central to the Company's strategy to deliver its business plan. A well motivated and engaged workforce will in turn create optimum performance and efficiency within the business. The business objectives are achieved through training, developing and engaging employees in delivering an excellent service to customers and maintaining high operational standards.

Training and development

We have consistently sought to recruit and retain the best employees in the markets in which we operate.

The Company invests significantly to ensure that our staff are properly trained and able to offer the best customer service. The Company, under guidance from central UK Bus (regional operations) management, operates staff development, graduate trainee and apprentice engineer programmes.

Employee involvement

The Company is committed to employee participation and uses a variety of methods to inform, consult and involve its employees. Employees participate directly in the success of the business through the Stagecoach Group's bonus and other remuneration schemes and are encouraged to invest through participation in share option schemes.

Disabled persons

The Company recognises its obligations to give disabled people full and fair consideration for all vacancies within the statutory medical requirements which have to be met for certain grades of staff. Wherever reasonable and practicable, the Company will retain newly disabled employees and at the same time provide fair opportunities for the career development of disabled people.

Donations

Donations to charitable organisations amounted to £176 (2013: £637).

The Company does not make political contributions and accordingly there were no payments for political purposes during the year (2013: £Nil).

Directors' report (continued)

For the year ended 30 April 2014

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Independent auditors and disclosure of information to auditors

Each director, as at the date of this report, has confirmed that insofar as they are aware there is no relevant audit information of which the Company's auditors are unaware, and they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office, and a resolution concerning their re-appointment will be proposed at the next Annual General Meeting of the Company.

Directors' report (continued)

For the year ended 30 April 2014

Indemnification of directors and officers

The Company maintains Directors' and Officers' Liability Insurance in respect of legal action that might be brought against its directors. The Company has indemnified each of its directors and other officers of the Company against certain liabilities that may be incurred as a result of their offices.

Independent auditors' report to the members of Midland Red (South) Limited
For the year ended 30 April 2014

Report on the financial statements

Our opinion

In our opinion the financial statements, defined below:

- give a true and fair view of the state of the Company's affairs as at 30 April 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

This opinion is to be read in the context of what we say in the remainder of this report.

What we have audited

The financial statements, which are prepared by Midland Red (South) Limited, comprise:

- the balance sheet as at 30 April 2014;
- the profit and loss account for the year then ended;
- the reconciliation of movements in shareholders' funds for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Report on the financial statements (continued)

What an audit of financial statements involves

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the Financial Statements (the "Annual Report") to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

For the year ended 30 April 2014

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and ISAs (UK & Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Notes to the financial statements

For the year ended 30 April 2014

1 Accounting policies

The principal accounting policies, all of which have been applied consistently throughout the year and the preceding year, are:

a) Basis of accounting

The financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom.

The Company is not required to prepare a cash flow statement under FRS 1 (revised), because it is a wholly owned subsidiary of Stagecoach Group plc, which prepares consolidated financial statements which are publicly available.

The Company is a wholly-owned subsidiary of Stagecoach Group plc and is included in the consolidated financial statements of Stagecoach Group plc which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing consolidated financial statements under the terms of section 400 of the Companies Act 2006.

At 30 April 2014, the Company had net current liabilities of £13,310,000. The directors have received confirmation of continuing financial support from the ultimate holding company. Accordingly, the financial statements have been prepared on the going concern basis.

b) Tangible fixed assets

Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Land and buildings and other fixed assets are shown at cost, net of depreciation and any provision for impairment as set out in note 10a.

Depreciation is provided at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a straight-line basis over its estimated useful life, as follows:

| | |
|---|----------------|
| Leasehold land and buildings | 10 to 50 years |
| Public service vehicles (PSVs), depending on type | 7 to 16 years |
| Plant and equipment and furniture and fittings | 3 to 10 years |

c) Fixed asset investments

Fixed asset investments are shown at cost less any provision for impairment.

d) Stocks

Stocks of parts and consumables are stated at the lower of cost and net realisable value after making due allowance for obsolete or slow moving items. Cost is determined using the first-in, first-out ("FIFO") method for fuel stocks and average cost method for all other stocks.

Notes to the financial statements (continued)

For the year ended 30 April 2014

1 Accounting policies (continued)

e) Taxation

In accordance with FRS 16, Corporation tax is provided on taxable profits at the current rate. Tax charges and credits are accounted for through the same primary statement (either the profit and loss account or the statement of total recognised gains and losses) as the related pre tax item.

In accordance with FRS 19, full provision is made for deferred tax on a non-discounted basis.

Tax, current and deferred is calculated using tax rates and laws enacted or substantively enacted at the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

A net deferred tax asset is recognised as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and from which the future reversal of underlying timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

f) Turnover

Turnover represents fare and contract revenues receivable in respect of the period. The directors regard the Company's business activities, which are carried out mainly in the United Kingdom with an immaterial amount being; carried out in mainland Europe, as being of one class.

g) Hire purchase and lease obligations

Assets acquired under hire purchase contracts and finance leases are recorded in the balance sheet as an asset (at the equivalent of the purchase price) and as an obligation to pay future hire purchase capital instalments or finance lease rentals. Assets held under hire purchase arrangements are depreciated over their useful life.

Obligations from hire purchase contracts and finance leases within creditors represent the total of the capital payments outstanding at the balance sheet date. Future finance charges are not included.

The interest element of hire purchase and finance lease obligations are charged to the profit and loss account over the period of the hire purchase or finance lease.

Rentals under operating leases are charged on a straight-line basis over the lease term.

Notes to the financial statements (continued)

For the year ended 30 April 2014

1 Accounting policies (continued)

h) Pension costs and other post retirement benefits

The Company operates both a defined benefit and a defined contribution scheme. The Stagecoach Group Pension Scheme is a defined benefit scheme. For the purposes of FRS 17, the contributions paid by the Company are accounted for as if the scheme were a defined contribution scheme, as the Company is unable to identify its share of the underlying assets and liabilities in the scheme.

For defined contribution schemes, the Company pays contributions to a separately administered pension scheme. Once the contributions have been paid, the Company has no further payment obligations. The Company's contributions to a defined contribution scheme are charged to the profit and loss in the period to which the contributions relate.

i) Grants

Bus service operators grant is credited to operating costs. Other grants are credited to the profit and loss account as the expenditure is expensed.

j) Dividends

Dividends on ordinary shares are recorded in the financial statements in the period in which they are approved by the shareholders, or in the case of interim dividends, on the period in which they are paid.

k) Other operating income

Revenues incidental to the Company's principal activity are reported as other operating income, and are recognised in the profit and loss account in the period in which they are earned.

l) Share based payments

The Group issues cash-settled share based payments to certain employees.

The cost of the cash-settled transactions is measured at fair value. Fair value is estimated initially at the grant date and at each balance sheet date thereafter until the awards are settled. Market based performance are taken into account when determining fair value.

During the vesting period, a liability is recognised representing the estimated fair value of the award and the portion of the vesting period expired as at the balance sheet date. Changes in the carrying amount of the liability are recognised in the income statement for the period.

m) Foreign currencies

Foreign currency transactions arising during the year are translated into sterling at the rate of exchange ruling on the date of the transaction. Foreign currency monetary assets and liabilities are retranslated into sterling at the rate of exchange ruling at the year end. Any exchange differences so arising are dealt with through the profit and loss account.

Notes to the financial statements (continued)

For the year ended 30 April 2014

2 Turnover

The turnover and profit on ordinary activities before taxation were derived wholly from the Company's principal activities which are carried out largely within the United Kingdom, with an immaterial amount relating to operations within mainland Europe.

c) Factors that may affect future tax charges

During the year, a change in the UK Corporation tax rate from 23% to 21% was enacted on 23 July 2013 and became effective on 1 April 2014.

In addition, legislation to reduce the main rate of corporation tax from 21% to 20% from 1 April 2015 was included in the Finance Act 2013, which was substantively enacted on 2 July 2013. The impact of the change has been reflected in the closing deferred tax balance.

18 Pensions

The Company accounts for pensions in accordance with FRS 17 "Retirement Benefits".

The Stagecoach Group Pension scheme is a defined benefit scheme. The Company, together with a number of companies within the Group headed by Stagecoach Group plc, makes contributions to the Scheme. For the purposes of FRS 17, the contributions paid by the Company are accounted for as if the scheme was a defined contribution scheme, as the Company is unable to identify its share of the underlying assets and liabilities in the scheme. In the consolidated financial statements of Stagecoach Group plc, the scheme as a whole is accounted for as a defined benefit scheme. The consolidated financial statements of Stagecoach Group plc provide further details of the scheme.

The cost to the Company of contributions to the Group scheme amount to £435,000 (2013: £463,000), being 8.55% (2013: 8.55%) of pensionable salary during the year, and are based on pension costs across the Group as a whole. An actuarial valuation of the Stagecoach Group Pension Scheme was undertaken on 30 April 2011 and a surplus of £72.2 million was identified.

Additionally, contributions of £266,000 (2013: £171,000), were made to a defined contribution scheme by the Company. At 30 April 2014 there was a creditor of £27,000 (2013: £36,000) in relation to these contributions.
