Notes to the Abbreviated Accounts for the period ended 30 September 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Other accounting policies

The accounts have been prepared on a going concern basis even though at the balance sheet date the company's current liabilities exceeded its current assets by £327,204 and total liabilities exceeded its total assets by £802,446.

The directors consider the going concern basis to be appropriate because in their opinion the company will continue to obtain sufficient funding from group and other undertakings on whom it is dependent to enable it to pay its debts as they fall due.

If the company was unable to obtain sufficient funding to enable it to pay debts as they fell due, it would be unable to continue trading and adjustments would have to be made to reduce the value of the assets to their realisable amount, to provide for any further liabilities which might arise, and to reclassify fixed assets and long term liabilities as current assets and liabilities.
