DIRECTORS' REPORT

The directors present their annual report and the audited financial statements for the year ended 31 December 2002.

PRINCIPAL ACTIVITIES

The British Olympic Association (BOA) is involved in encouraging interest in the Olympic Games and fostering the aims and ideals of the Olympic Movement throughout Britain. It exploits its assets and connections with the Olympic Movement to generate income, which is expended to send the best possible Team to the Olympic Games.

Therefore, it is responsible not only for the organisation, and co-ordination, of Britain's participation in the Olympic Games but also for the technical development of the Team, its welfare and scientific and medical back up. It does this specifically in order to further the Team's accomplishments and thereby the Association's attractiveness as a promotional conduit for commercial organisations.

REVIEW OF RESULTS AND ACTIVITIES IN 2002 AND FUTURE PROSPECTS

The focal point of the BOA's year in 2002 was undoubtedly that of the Winter Games of the XIX Olympiad in Salt Lake City. The size of the team and the pre-Games preparation camp in Calgary meant that we invested more resources than ever before into the preparation and participation of a Winter Games. This financial outlay was rewarded by the largest number of medals achieved in a Winter Games since 1936 and was topped off by the much-watched gold medal performance of our curling team.

Apart from the Winter Games the BOA continued to carry out its normal programme of activities. Despite secondments by staff to the Manchester Commonwealth Games, the activities and income streams relating to many BOA projects including the winter training base in Lofer, Austria, the Olympic Gold Ball, the Olympicare athlete medical scheme and the Talk Olympic programmes continued to grow in size and contribution to the BOA's overall funds.

With the Summer Games of the XXVIII Olympiad in Athens getting ever closer there will undoubtedly be more of a financial burden on the BOA and so we will need to manage our resources, both financial and otherwise, in order to provide the best support for our elite athletes. Indeed, as we look forward to 2003 with a view to signing more commercial sponsors and building on the successes of both Sydney and Salt Lake our preparations continue apace.

The results for the year are shown in the income and expenditure account on page 6.

DONATIONS

During the year the company made the following donations:

British Olympic Foundation Scholarships 110,000 6,000

DIRECTORS

STATEMENT OF DIRECTORS' RESPONSIBILITIES

United Kingdom company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the surplus or deficit of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE BRITISH OLYMPIC ASSOCIATION

We have audited the financial statements of The British Olympic Association for the year ended 31 December 2002 which comprise the income and expenditure account, the balance sheet, the cash flow statement and the related notes A to F and 1 to 11. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the statement of directors' responsibilities, the company's directors are responsible for the preparation of the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and auditing standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read the directors' report for the above year and consider the implications for our report if we become aware of any apparent misstatements.

Basis of audit opinion

We conducted our audit in accordance with United Kingdom auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2002 and of its excess of expenditure over income for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

1. ACCOUNTING POLICIES

The financial statements are prepared in accordance with applicable United Kingdom accounting standards. The particular accounting policies adopted are described below.

Accounting convention

These accounts are prepared under the historical cost convention.

Income

Income from appeals and donations, members' annual subscriptions, affiliation fees and investments is taken to income when received. Commercial income is recognised in the period to which it relates.

Depreciation

Depreciation of fixed assets is calculated to write off their cost over their estimated useful lives, which are considered to be:

Freehold property	-	50 years
Leasehold improvements	-	3 years
Office furniture	-	10 years
Computer equipment		3 years
Motor vehicles	-	3 years

Amortisation

Trade marks are amortised on the straight line basis over 20 years which is the estimated useful life of the assets.

Stocks

Stocks representing clocks, ties, badges, etc. are valued at the lower of cost and net realisable value.

Foreign currency

Monetary assets and liabilities denominated in foreign currency are translated into sterling at the rates of exchange ruling at the balance sheet date. Exchange profits and losses arising during the year are dealt with through the income and expenditure account.

Companies Act 1985

The directors are of the opinion that the formats of profit and loss accounts prescribed by Schedule 4 of the Companies Act 1985 are not relevant to the Association due to the special nature of its operation.

Pension fund costs

The Association operates a defined contribution pension scheme. The pension costs represent the contributions payable to the pension scheme in respect of the accounting period.

Investments

Investments held as fixed assets are stated at cost less provision for any impairment in value.

Leases

Assets held under finance leases and hire purchase contracts are capitalised at their fair value on the inception of the leases and depreciated over their estimated useful lives. The finance charges are allocated over the period of the lease in proportion to the capital amount outstanding.

2. EMPLOYEES AND DIRECTORS

	2002 No.	2001 No.
The average number employed by the Association (including directors) was:	. 46	45
		
	£	£
The costs incurred in respect of these employees (including directors) were:
