ISIS EQUITY PARTNERS PLC

REPORT OF THE DIRECTORS

The directors present their annual report and audited financial statements for the year ended 31 December 2012

PRINCIPAL ACTIVITY

The principal activity of the company was the management of private equity funds. Following the transfer of the private equity business during 2005 the company no longer performs such an activity. The company continues to earn interest on an inter-group loan.

RESULTS AND BUSINESS REVIEW

Results and Dividend

The financial statements show a profit after tax of £72,000 (2011: £9,000). The directors do not recommend the payment of a final dividend (2011: £nil) and no interim dividend was approved during the year (2011: £nil).

Trading performance and future development of the business

During 2012 the company received dividend income of £33,000 from a historical holding in an investee company. This holding was sold in the year resulting in a gain of £36,000 being recognised in the Profit and Loss Account. The directors expect the company to remain inactive for the foreseeable future.

Risks

The directors manage the risks as part of the overall risk management framework within the F&C Asset Management plc Group (F&C Group). Members of the F&C Group's executive management are responsible for identifying and evaluating key risks facing their areas of the business and procedures to control these risks, where possible, are reviewed and agreed. The key operational risks facing the company are:

Financial risk

The F&C Group adopts a low risk approach to treasury management and financial risks in relation to shareholder equity, seeking to manage and preserve its capital. The F&C Group's treasury function ensures sufficient cash is retained by the company in respect of short-term working capital requirements.

Credit risk

The majority of debtors at the balance sheet dates are in respect of a loan with another F&C Group undertaking. As the F&C Group's working capital is monitored on an F&C Group-wide basis, the risk of default is considered minimal.

The F&C Group's treasury policy limits the exposure to any one counterparty (in respect of cash and cash equivalents), recognising that each counterparty has been approved by the F&C Counterparty Credit Committee.

Liquidity risk

The treasury policy set by the F&C Group only allows financial assets attributable to equity holders to be invested in low risk deposits or money market instruments where the risk of capital loss is low, with prior Board approval required for any exception to this principle.

The overall cash position is monitored by the F&C Group as a whole and each individual company within the Group draws on the available cash balance to meet its working capital requirements.

ISIS EQUITY PARTNERS PLC

REPORT OF THE DIRECTORS (continued)

GOING CONCERN

The directors have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the company to continue as a going concern

On the basis of their assessment of the company's financial position the directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future

DIRECTORS AND THEIR INTERESTS

The directors who served during the year were as follows

A L Grisay (retired 9 May 2012)

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Two UK corporation tax rate changes were substantively enacted during 2012

The current corporation tax rate of 24% became effective from 1 April 2012, leading to a statutory UK corporation tax rate of 24.5% for 2012 for the company

The 1% reduction to 23%, effective from 1 April 2013, was substantively enacted on 3 July 2012 and will lead to a statutory UK corporation tax rate of 23.25% for 2013
