In the opinion of the directors the company is entitled to claim exemptions from audit by virtue of subsection (1) of Section 249A of the Companies Act 1985. Members have not required the company, under Section 249B(2) of the Companies Act 1985, to obtain an audit for the year ended 31 March 2008. The directors are responsible for ensuring that the company maintains accounting records in compliance with Section 221 of that Act and for preparing accounts which give a true and fair view of the affairs of the company as at the end of the financial year and of its profit or loss for the year then ended in accordance with Section 226, and which comply with the other requirements of the Act relating to the accounts so far as applicable to the company.

In preparing these abbreviated financial statements the directors have taken advantage of the special provisions of Part VII of the Companies Act 1985 relating to small companies.

Approved by the board of directors on 3 December 2008 and signed on its behalf.

 B G Knight
 Director

The annexed notes form part of these financial statements.

KNIGHT FARM MACHINERY LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2008

1. Accounting policies

The accounts have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

Turnover

Turnover represents charges to external customers exclusive of Value Added Tax and trade discounts. Royalties in respect of design work done are included within turnover when the related sales occur.

Depreciation of fixed assets

Depreciation has been computed to write off the cost of fixed assets over their expected useful lives at the following rates:-

Leasehold Premises Improvements	evenly over the period of the lease
Leasehold premises	2% on cost
Fixtures and fittings	15% per annum reducing balance
Plant and machinery	15% per annum reducing balance / straight line over 100 years
Motor vehicles	25% per annum reducing balance
Computer equipment	33 1/3% straight line

A full year's depreciation is charged in the year of acquisition of an asset but none in the year of disposal.

Stocks

Stocks and work in progress are valued consistently at the lower of cost (on first in first out basis) or net realisable value. Cost, where appropriate, includes a proportion of directly attributable overheads.

Debtors

Debtors are shown after providing for any amounts which in the opinion of the directors may not be collected in full.

Deferred taxation

Deferred tax assets and liabilities have arisen from timing differences between the recognition of gains and losses in the financial statements and their recognition in a tax computation. Full provision has been made to the extent to which it is considered more likely than not to become payable/recoverable in the foreseeable future and at the rate eventually expected to be charged.

Foreign exchange

Transactions in foreign currencies have been translated at the rate prevailing at the date of the transaction; the closing balances of monetary assets and liabilities denominated in a foreign currency have been translated at the rate prevailing on the Balance Sheet date. All profits and losses arising on exchange have been recognised in the Profit and Loss Account.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2008

Leasing

Leasing rentals payable on agreements which transfer substantially all the risks and rewards associated with ownership to the lessee (finance leases) are capitalised within Fixed Assets, and the obligation to pay future rentals included in creditors as a liability. The interest charges implicit in such a lease are written off to the Profit and Loss Account in proportion to the balance outstanding during the year.

All other leasing rentals (operating leases) are written off to the Profit and Loss Account as incurred.

Pension costs

Pension costs are recognised in the Profit and Loss Account in order to provide a systematic and rational charge over the periods from which benefits are derived from employees' services.

Investment properties

Investment properties are included in the balance sheet at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007), and are not depreciated. This treatment is contrary to the Companies Act 1985 which states that fixed assets should be depreciated but is, in the opinion of the directors, necessary in order to give a true and fair view of the financial position of the company.

Group accounts

The company is entitled to the exemptions under section 248 of the Companies Act 1985 from the obligation to prepare group accounts

Dividends

In accordance with the Financial Reporting Standards for Small Entities (effective January 2007), final dividends are only provided if they have been declared before the balance sheet date.
