**Notes to the Abbreviated Accounts**  
**for the Year Ended 31 May 2014**

**1. ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents rents receivable during the period.

**Investment property**

Investment property is not depreciated but is revalued annually at its market value in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) which is contrary to the requirement of the Companies Act 2006 for all fixed assets to be depreciated. This is necessary for the financial statements to show a true and fair view. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve. The effect of this departure is given in the Investment property notes.

**Deferred tax**

Provision is made at current rates for taxation deferred in respect of all material timing differences.

No provision is made for potential tax arising on assets which have been revalued where this liability is not expected to arise in the foreseeable future.
