#### STRATEGIC REPORT FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### Introduction

The Directors present their strategic report for the year ended 30 September 2021 for Neptune Building Services Limited.

Following the restructuring of the company in 2020, the business has continued to maintain its current client base whilst attracting new, so developing a comprehensive order book for the year and into the next.

The Directors have sort to mitigate the ongoing effects of COVID and BREXIT which saw increased costs and the reduced availability of materials, and are very optimistic for the future 12 months.

#### **Business review**

The company's key financial performance indicators were as follows:

|                          | 2021      | 2020      |
|--------------------------|-----------|-----------|
| Gross profit percentage  | 21.13%    | 15.80%    |
| Profit/(loss) before tax | 214,936   | 229,742   |
| Net assets               | 1,799,790 | 1,457,499 |

#### Principal risks and uncertainties

The Company is subject to competition for its services from competitors, however the directors are confident of the company's ability to win new work as a result of its high standards of service.

The company is also exposed to an element of credit risk and the Company has developed strict credit control guidelines and checks to minimise potential bad debts, however due to the major effects of COVID a long standing reputable contractor has gone into liquidation, but we have been able to successfully trade through and deliver a profitable year.

Health and safety is a risk for the industry. The directors regularly discuss health and safety risks and have ongoing procedures to minimise such risks.

### Financial risk management objectives and policies

The financial risk management objectives of the company are set by the board of directors with a view to minimising exposure to credit risk, liquidity risk and cash flow risk. The Company does not use derivatives.

## **Future Developments**

With the understanding of our clients knowing they are procuring services with a reliable and efficient contractor, we have maintained and continue to grow our client base going into 2022, allowing us to mitigate the financial risks of operating in the current financial climate.

This report was approved by the board on 1/ Vanuacy

and signed on its behalf.

## DIRECTORS' REPORT FOR THE YEAR ENDED 30 SEPTEMBER 2021

The directors present their report and the financial statements for the year ended 30 September 2021.

#### Directors' responsibilities statement

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Results and dividends

The profit for the year, after taxation, amounted to £664,791 (2020 - £179,752).

Dividends of £322,500 (2020:£990,000) were paid during the period. No final dividend has been recommended by the directors (2020:£nil)

#### **Directors**

The directors who served during the year were:

Mark Hamlin Mark Hanlon Carl Nock Daniel O'Leary John Trueman (resigned 1 April 2021)

#### Strategic Report

The company has chosen in accordance with Companies Act 2006, s.414C(11) to set out in the company's strategic report information required by Large and Medium sized Companies and Groups (Accounts and Reports) Regulations 2008, Sch 7 to be contained in the director's report. It has done so in respect of future developments and research and development activities.

#### DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### Disclosure of information to auditors

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

#### Post balance sheet events

There have been no significant events affecting the Company since the year end.

#### **Auditors**

Mark Hamlin

Director

The auditors, Randall and Payne LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 1/ Vanuary

Daniel O'Leary

Director

**Mark Hanlon** 

Director

and signed on its behalf.

Director

#### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF NEPTUNE BUILDING SERVICES LIMITED

#### Opinion

We have audited the financial statements of Neptune Building Services Limited (the 'Company') for the year ended 30 September 2021, which comprise the Statement of comprehensive income, the Balance sheet, the Statement of cash flows, the Statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 September 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

## INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF NEPTUNE BUILDING SERVICES LIMITED (CONTINUED)

#### Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

#### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

#### Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

## INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF NEPTUNE BUILDING SERVICES LIMITED (CONTINUED)

#### Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

we obtained an understanding of the legal and regulatory frameworks that are applicable to the Academy. These include but are not limited to compliance with the Companies Act 2006, Financial Reporting Standard applicable in the UK, the Charities SORP 2019 and the Academies Accounts Direction 2020 to 2021 issued by the Education and Skills Funding Agency;

- . we agreed the financial statement disclosures to supporting documentation;
- . we made enquiries of management; and
- . we reviewed board minutes throughout the year

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

#### Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### 1. General information

Neptune Building Services Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

#### 2. Accounting policies

#### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

#### 2.2 Going concern

These financial statements are prepared on the going concern basis. The directors' attentions are focused on cash flow, liquidity and future contracts and upon the company's ability to continue as a going concern. Since emerging from the pandemic with building sites returning to normal the company has seen nearly full recovery of turnover due to measures easing and increasing demand for services, despite on-going supply chain issues due to Brexit.

The company has suffered a bad debt from an established main contractor in the year however this has been provided for in the financial statements and cashflow and budgets going forward are optimistic to continue the success of the business.

The furlough scheme was utilised to a lesser extent this financial year for employees which has helped the company's cashflow.

In order to ensure that the Business maintained the working capital required to trade through the uncertain times the Directors took advantage of additional funding of £385k from the application for a CBIL in the year ended 30 September 2020 where by interest on this loan has now come repayable in these financial statements.

Preparations of forecasts and budgets lead the directors to believe that the company will continue in operational existence for the foreseeable future.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### 2. Accounting policies (continued)

#### 2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

#### Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

#### 2.4 Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance the the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income wehn the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

During the prior year the Company received a Cornavirus Business Interruption Loan (CBIL). As part of the scheme the UK Government made Business Interruption payments to the lender to cover the first 12 months of interest payments and any lender-levied fees. During the year the interest payment holiday for the Company ended and interest payments as well as capital repayments have now become payable.

Both these elements above meet the FRS 102 definition of Government Grants and have been accounted for under the requirments of FRS102 Section 24.

#### 2.5 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

#### 2.6 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### Accounting policies (continued)

#### 2.7 Pensions

#### Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the Company in independently administered funds.

#### 2.8 Taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

#### 2.9 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### 2. Accounting policies (continued)

#### 2.9 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful life.

Depreciation is provided on the following basis:

Freehold property

- Not provided

Plant and machinery

- 25% on reducing balance

Motor vehicles

- 20% on cost

Office equipment

- 33% on cost

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

#### 2.10 Stocks

Where there is no contract to provide a service or product but there is ongoing work on that item at the balance sheet date, the value of work done as at the balance sheet date is included as work in progress. It is valued at the lower of cost and net realisable value, together with aproportion of fixed and variable overheads.

#### 2.11 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

#### 2.12 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Statement of cash flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

#### 2.13 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### 2. Accounting policies (continued)

#### 2.14 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the Balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance sheet.

#### 2.15 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of comprehensive income.

#### 2.16 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

#### 2.17 Construction contracts

Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognise by reference to the stage of completion of the contract activity at the reporting end date. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

When it is probable that the total contract costs will exceed total contract turnover, the expected loss is recognised as an expense immediately.

Where the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred where it is probable that they will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred. Where costs incurred in securing a contract are recognised as an expense in the period in which they are incurred, they are not included in contract costs in the contract is obtained in a subsequent period.

The "percentage of completion method" is used to determine the appropriate amount to recognise in a given period. The stage of completion is measured by the proportion of contract costs incurred for work performed to date compared to the estimated total contract costs. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion. These costs are presented as stocks, prepayments or other assets depending on their nature, and provided it is probable they will be recovered.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2021

#### 2. Accounting policies (continued)

#### 2.18 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operation leases.

Assets held under finance leases are recognised as assets at the lower of the assets fair value at the date of inception and the present value of the minimum lease payments. The related liability is included in the balance sheet as a finance lease obligation. Lease payments are treated as consisting of capital and interest elements. The interest is charges to profit or loss so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Rentals payable under operating leases, including any lease incentives received; are charges to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

#### 3. Judgements in applying accounting policies and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

#### 4. Turnover

An analysis of turnover by class of business is as follows:

|                             | 2021<br>£  | 2020<br>£  |
|-----------------------------|------------|------------|
| Domestic and contract sales | 3,566,436  | 5,520,588  |
| General Works               | 3,331,151  | 2,161,857  |
| Air conditioning            | 1,025,425  | 588,971    |
| Electrical department       | 2,539,080  | 3,812,210  |
|                             | 10,462,092 | 12,083,626 |
| •                           |            |            |

All turnover arose within the United Kingdom.

As as 30 September 2021, depreciation on the freehold property has not been charged as the Directors consider that the current market value of the property is in excess of its cost value. The Directors have therefore adopted a true and fair override which is supported by a recent independent valuation of the property.

The net book value of land and buildings may be further analysed as follows:

|          | : | • |  | , |   |   | 2021<br>£ | 2020<br>£ |
