Notes to the Financial Statements

For the year ended 30 November 2019

1. Summary of significant accounting policies

(a) General information and basis of preparation

Reynolds & Law (Stainless) Limited is a company limited by shares incorporated in England within the United Kingdom. The address of the registered office is given in the company information on page 1 of these financials statements.

The financial statements are presented in sterling which is the functional currency of the company.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

(b) Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. Cost includes a scott directly attributable to making the asset capable of operating as intended.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Office equipment, plant & machinery

25% p.a. on WDV

(c) Stocks

Stock is stated at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing stock to its present location and condition. Cost is calculated using the first-in, first-out formula. Provision is made for damaged, obsolete and slow-moving stock where appropriate.

(d) Debtors and creditors receivable/payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognized in the profit and loss account in other administrative expenses.

Notes to the Financial Statements (continued)

Year Ended 30 November 2019

(e) Impairment

Assets not measured at fair value are reviewed for any indication that the asset may be impaired at each balance sheet date. If such indication exists, the recoverable amount of the asset, or the asset's cash generating unit, is estimated and compared to the carrying amount. Where the carrying amount exceeds its recoverable amount, an impairment loss is a revaluation decrease.

(f) Provisions

Provisions are recognized when the company has an obligation at the balance sheet date as a result of a past event, it is probable that an outflow of economic benefits will be required in settlement and the amount can be reliably estimated.

(g) Tax

Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current or past reporting periods. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax represents the future tax consequences of transactions and events recognized in the financial statements of current and previous periods. It is recognized in respect of all timing differences, with certain exceptions. Timing differences are differences between taxable profits and total comprehensive income as stated in the financial statements that arise from the inclusion of income and expense in tax assessments in periods different from those in which are recognized in the financial statements. Unrelieved tax losses and other deferred tax assets are recognized only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of timing differences.

(h) Turnover and other income

Turnover is measured at the fair value of the consideration received or receivable net of VAT and trade discounts. The policies adopted for the recognition of turnover are as follows:

Notes to the Financial Statements (continued)

Year Ended 30 November 2019

(h) Sale of goods

Turnover from the sale of stainless steel stock is recognised when significant risks and rewards of ownership of the goods have transferred to the buyers, the amount of turnover can be measured reliability, it is probable that the economic benefits associated with the transaction will flow to the company and the costs incurred or to be incurred in respect of the transaction can be measured reliability. This is usually on dispatch of goods.

(i) Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the company will comply with conditions attaching to them and the grants will be received using the performance/accrual model.

(j) Foreign currency

Foreign currency transactions are initially recognized by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Monetary assets and liabilities denominated in a foreign currency at the balance sheet was to date are translated using the closing rate.

(k) Employee benefits

ar (Circles)
