Deferred tax

Deferred taxation has not been provided in these accounts as, in the opinion of the directors, there is reasonable probability that the liability will not arise in the foreseeable future. Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability
