**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Strategic Report for the Year Ended 31 December 2021**

The directors present their strategic report for the year ended 31 December 2021.

**Fair review of the business**

Following a strategic decision by the directors, the business ceased trading in the first half of the year, and all activities were effectively shut down during the year.

**Results**

The Company's profit for the year, after taxation, amounted to £717,954 (2020: loss of £(420,210)).

The balance of the profits for the year amounting to £717,954 will be added to reserves and carried forward to the following year.

The Company's key financial and other performance indicators during the year were as follows:

<b>Financial KPIs</b>	<b>Unit</b>	<b>2021</b>	<b>2020</b>
Return on Capital Employed	%	26.84	(21.22)
Return on Equity	%	27.27	(22.17)

In 2020 return on capital employed and return on equity ratios were adversely affected by the site closure provision made. In 2021, return KPIs benefited from a higher level of profit retention for the year.

The Company, consistent with the rest of the industry globally, experienced significant supply-side inflationary pressure throughout the period across materials, labour, energy and logistics. The Company successfully implemented revised pricing strategies to maintain strong margin performance. The Company expects inflationary pressures to continue into 2022 due to a combination of continuing industry specific factors coupled with the macroeconomic events stemming from Russia's invasion of Ukraine.

**Future developments**

In early 2022, the directors decided to begin the process of establishing new manufacturing activities at the site, with the intent of producing timber framed housing kits during the year ahead. As a result of this decision, the company name was officially changed to Kingspan Century (NI) Limited in February 2022.

**Principal risks and uncertainties**

The Directors confirm that the Company's on-going process for identifying, evaluating and managing its significant risks is in accordance with best practice guidance. The process has been in place throughout the accounting period and up to the date of approval of the Financial Statements and is regularly reviewed by the Board. In particular, the principal risks include:

*Volatility in the macro environment*

The Company's products are targeted at both the residential and non-residential (including retail, commercial, public sector and industrial) construction sectors. As a result, demand is dependent on activity levels which may vary by sector and is subject to the usual drivers of construction activity (i.e. general economic conditions and volatility, Brexit, pandemics, political uncertainty, interest rates, business / consumer confidence levels, unemployment, population growth). While construction markets are inherently cyclical, changing building and environmental regulations continue to act as an underlying positive structural trend for demand for many of the Company's products.

*Failure to innovate*

Failing to successfully manage and compete with new product innovations, changing market trends and consumer tastes could have an adverse effect on the future growth of the business and the margins achieved on the existing product line.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Strategic Report for the Year Ended 31 December 2021 (continued)**

*Product failure*

A key risk to the Company's business is the potential for functional failure of our product which could lead to health, safety and security issues for both our people and our customers. The Kingspan brand is well established and is a key element of the Company's overall marketing and positioning strategy. In the event of a product failure, the Kingspan brand and/ or reputation could be damaged and if so, this could lead to a loss of market share.

*Laws and regulations*

The Company is subject to a broad range of existing and evolving governance requirements, environmental, health and safety and other laws, regulations and standards which affect the way the Company operates. Noncompliance can lead to potential legal liabilities and curtail the development of the Company.

*Business interruption (including IT continuity)*

The Company's performance is dependent on the availability and quality of its physical infrastructure, its proprietary technology, its raw material supply chain and its information technology. The safe and continued operation of such systems and assets is threatened by natural and man-made perils and is affected by the level of investment available to improve them. The building industry as a whole is going through some significant change with respect to building regulations and codes. The risks associated with misunderstanding some of the potential changes and the nature of our product set are more prevalent today. Any significant or prolonged restriction to its physical infrastructure, the necessary raw materials or its IT systems and infrastructure could have an adverse effect on the Company's business performance.

*Employee development and retention*

The success of the Company is built upon effective management teams committed to achieving a superior performance. Failure to attract, retain or develop these teams could have an impact on business performance.

*Fraud and cybercrime*

The Company is potentially exposed to fraudulent activity, with particular focus on the Company's online banking systems, online payment procedures and unauthorised access to internal systems.

*Health and Safety*

The nature of the Company's operations can expose its contractors, customers, suppliers and other individuals to potential health and safety risks. Health and safety incidents can lead to loss of life or severe injuries.

**Kingspan Century (NI) Limited  
(formerly Springvale Insulation Limited)**

**Strategic Report for the Year Ended 31 December 2021 (continued)**

**Financial Risk Management**

In the normal course of business, the Company has exposure to a variety of financial risks, including liquidity risk and credit risk. The Company's focus is to understand these risks and to put in place policies that minimise the economic impact of an adverse event on the Company's performance. Meetings are held on a regular basis to review the result of the risk assessment, approve recommended risk management strategies and monitor the effectiveness of such policies.

*Liquidity*

In order to mitigate liquidity risk and to ensure that sufficient funds are available for ongoing operations and future developments, the Company operates a prudent approach to liquidity management to enable it to meet its liabilities when due.

*Credit risk*

Credit risk encompasses the risk of financial loss to the Company of counterparty default in relation to any of its financial assets. The Company's principal financial assets are cash and cash equivalents and trade and other receivables. The Company's trade receivables arise from a wide and varied customer base spread, and as such there is no significant concentration of credit risk. The Company's credit risk management policy in relation to trade receivables involves periodically assessing the financial reliability of customers, taking into account their financial position, past experience and other factors. The utilisation of credit limits is regularly monitored and a significant element of credit risk is covered by credit insurance or other forms of collateral such as letters of credit or bank guarantees.

Approved by the Board on 16 June 2022 and signed on its behalf by:

Ian McAuliffe  
Director

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Directors' Report for the Year Ended 31 December 2021**

The directors present their Directors' Report and financial statements for the year ended 31 December 2021.

**Change of company name**

The Company changed its name from Springvale Insulation Limited to Kingspan Century (NI) Limited effective from 23 February 2022.

**Directors of the Company**

The directors, who held office during the year, up to the date of the report, were as follows:

Alan Lawlor

Carina Hillman (appointed 1 October 2021 and ceased 28 February 2022)

Ian McAuliffe

Ralph Mannion (ceased 16 May 2022)

Lwana Quarrell (ceased 1 October 2021)

The following directors were appointed after the year end:

Mark Stevenson (appointed 26 January 2022)

Gary Treanor (appointed 26 January 2022)

Aiveen Kearney (appointed 16 May 2022)

None of the directors in office at the end of the year have beneficial interests of greater than one percent in the shares of the Company and the parent company Kingspan Group plc.

**Directors' indemnity**

The Company is a wholly owned subsidiary of the ultimate parent company Kingspan Group plc, being a company incorporated in the Republic of Ireland. The Company, or the Group of which the Company forms part, maintains Directors' and Officers' Liability Insurance and (where applicable) Trustee Liability Insurance as at the date hereof and throughout the financial period ended 31 December 2021, in respect of the above-named directors.

**Principal activity**

The principal activity of the Company during the year was the manufacture of building insulation, packaging and moulded products.

**Dividends**

The directors do not recommend the payment of a dividend for the year ended December 2021.

**Political donations**

The Company did not make any donations for political purposes or to any political organisation during the year.

**Employment of disabled persons**

The Company gives full consideration to applications for employment from disabled persons where the requirements of the job can be adequately fulfilled by a disabled person. Where existing employees become disabled, it is the Company's policy wherever practicable to provide continuing employment under normal terms and conditions and to provide training and career development and promotion to disabled employees wherever appropriate.

**Kingspan Century (NI) Limited  
(formerly Springvale Insulation Limited)**

**Directors' Report for the Year Ended 31 December 2021 (continued)**

**Employee involvement**

During the year, the policy of providing employees with information about the Company has been continued through internal media methods in which employees have also been encouraged to present their suggestions and views on the Company's performance. Regular meetings are held between local management and employees to allow a free flow of information and ideas. Employees participate directly in the success of the business through the Company's profit-sharing schemes and are encouraged to invest in the Company through participation in share option schemes.

**Research and development**

Ensuring a continuous flow of new product developments has always been a core theme of the Company, and a key element of the Company's continued differentiation strategy in an increasingly commoditised environment. These projects are primarily focused on leading the field in low energy building envelope solutions. The Company will continue to invest in research and development in the future.

**Branches outside the United Kingdom**

The Company has no branches outside of the United Kingdom.

**Going concern**

Following a strategic decision by the directors, the business ceased trading in the first half of the year, and all activities were effectively shut down during the year. As a result of this, the prior period financial statements were prepared on a non-going concern basis.

However, in early 2022, the directors decided to begin the process of establishing new manufacturing activities at the site, with the intent of producing timber framed housing kits during the year ahead and the Company name was officially changed to Kingspan Century (NI) Limited in February 2022. The directors have reviewed budgets and projected cash flows for a period of not less than 12 months from the date of approval of the financial statements and the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. On that basis, the directors have concluded that there are no material uncertainties that would cast significant doubt over the Company's ability to continue as a going concern. For this reason, the directors consider it appropriate to continue to adopt the going concern basis in preparing the financial statements.

**Subsequent events**

In early 2022, the directors decided to begin the process of establishing new manufacturing activities at the site, with the intent of producing timber framed housing kits during the year ahead. As a result of this decision, the Company name was officially changed to Kingspan Century (NI) Limited in February 2022.

There have been no other significant events subsequent to 31 December 2021 which would require disclosure in these financial statements.

**Disclosure of information to the auditor**

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

**Disclosure of information in the Strategic Report**

The directors confirm that they have prepared a Strategic Report in accordance with section 414C(11) of the Companies Act 2006 (Strategic Report and Directors' Report) Regulations 2013.

**Other information**

An indication of likely future developments in the business and particulars of significant events which have occurred since the end of the financial year have been included in the Strategic Report on page 2.

**Kingspan Century (NI) Limited  
(formerly Springvale Insulation Limited)**

**Directors' Report for the Year Ended 31 December 2021 (continued)**

**Reappointment of auditor**

The auditor, Ernst & Young, Chartered Accountants, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Approved by the Board on 16 June 2022 and signed on its behalf by:

Director

**Kingspan Century (NI) Limited  
(formerly Springvale Insulation Limited)**

**Statement of Directors' Responsibilities**

The directors acknowledge their responsibilities for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' ('FRS 101').

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company as at the end of the financial period and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether FRS 101 has been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for such internal controls as they determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF KINGSPAN CENTURY (NI) LIMITED (FORMERLY SPRINGVALE INSULATION LIMITED)**

### **Opinion**

We have audited the financial statements of Kingspan Century (NI) Limited for the year ended 31 December 2021 which comprise Profit and Loss Account, Balance Sheet, the Statement of changes in equity, and the related notes 1 to 23, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 101 "Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 31 December 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

### **Other information**

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF KINGSPAN CENTURY (NI) LIMITED (FORMERLY SPRINGVALE INSULATION LIMITED) (continued)**

### **Other information (continued)**

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

### **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

### **Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of directors**

As explained more fully in the directors' responsibilities statement set out on page 8, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF KINGSPAN CENTURY (NI) LIMITED (FORMERLY SPRINGVALE INSULATION LIMITED) (continued)**

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### ***Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud***

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are those that relate to the reporting framework (FRS 101 and the Companies Act 2006) and the relevant direct and indirect tax compliance regulation in the United Kingdom. In addition, the company has to comply with laws and regulations relating to its operations, including in relation to health and safety and GDPR.
- We understood how the company is complying with those frameworks by making inquiries of management to understand how the company maintains and communicates its policies and procedures in these areas. We corroborated our inquiries through reading board minutes and correspondence with relevant authorities;
- We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur by considering the risk of management override and by assuming revenue recognition, sales rebates and the measurement of warranty provisions to be fraud risks.
- Our testing of revenue included agreeing specific transactions to supporting invoices, delivery documentation, customer contracts and the receipt of payment in bank statements, and the testing of certain revenue journals. In respect of sales rebates and warranty provisions our testing included reading customer contracts, challenging and independently corroborating management's assumptions, and considering past warranty and rebate experience..
- Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures involved testing journals identified by specific risk criteria. We read the minutes of Directors' meetings to identify any non-compliance with laws and regulations. We also made enquiries with the Directors and of management of the company regarding compliance with laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF KINGSPAN CENTURY (NI) LIMITED (FORMERLY SPRINGVALE INSULATION LIMITED) (continued)**

### **Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

A handwritten signature in black ink, appearing to read 'Teresa Tully', is written over a faint, larger version of the same signature.

HR6 9LA  
England

Its registered number is 01872933. These financial statements have been prepared in accordance with FRS 101 *Reduced Disclosure Framework*, and on a going concern basis. The principal activity of the Company is the manufacture of building insulation, packaging and moulded products.

**2 Accounting policies**

**Summary of significant accounting policies and key accounting estimates**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**Basis of preparation**

The financial statements have been prepared under the historical cost convention, in accordance with the Companies Act 2006 and applicable accounting standards in the UK and on a going concern basis.

The financial statements are presented in sterling (£), which is also the Company's functional currency.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**2 Accounting policies (continued)**

**Summary of disclosure exemptions**

The entity satisfies the criteria of being a qualifying entity as defined in FRS 101. Its financial statements are consolidated into the financial statements of Kingspan Group plc which are prepared under IFRS and can be obtained from [www.kingspan.com](http://www.kingspan.com). As such, advantage has been taken of the following disclosure exemptions available under paragraph 8 of FRS 101:

- The requirements of IAS 7 *Statement of Cash Flows*, in respect of presenting a cashflow.
- The requirement in paragraph 38 of IAS 1 *Presentation of Financial Statements* to present comparative information in respect of paragraph 79(a)(iv) of IAS 1 and paragraph 73(e) of IAS 16 *Property, Plant and Equipment*.
- The requirements of paragraphs 10(d), 16, 111, and 134-136 of IAS 1 *Presentation of Financial Statements* in respect of capital management disclosures.
- The requirements of paragraphs 134-136 of IAS 1 *Presentation of Financial Statements* in respect of capital management disclosures.
- The requirements of paragraphs 30 and 31 of IAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors* in respect of the effects of new but not yet effective IFRSs have not been disclosed.
- The requirements of paragraphs 17 and 18A of IAS 24 *Related Party Disclosures* in respect of the disclosure of the aggregate remuneration of key management personnel.
- The requirements in IAS 24 *Related Party Disclosures* in relation to disclosure of transactions with wholly owned subsidiaries.
- The requirements of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 *Revenue from Contracts with Customers*.
- The requirements of paragraph 58 of IFRS 16 *Leases*.

As the consolidated financial statements of the ultimate parent, Kingspan Group Plc include the equivalent disclosures, the Company has also taken exemption under FRS101 available in respect of the following disclosures:

- The requirements of paragraph 45(b) and paragraphs 46-52 of IFRS 2 *Share Based Payments*, in respect of group settled share based payments.
- The requirements of IFRS 7 *Financial Instruments: Disclosures*.
- The requirements of paragraphs 91-99 of IFRS 13 *Fair Value Measurement*.

**Going concern**

Following a strategic decision by the directors, the business ceased trading in the first half of the year, and all activities were effectively shut down during the year. As a result of this, the prior period financial statements were prepared on a non-going concern basis.

However, in early 2022, the directors decided to begin the process of establishing new manufacturing activities at the site, with the intent of producing timber framed housing kits during the year ahead and the Company name was officially changed to Kingspan Century (NI) Limited in February 2022. The directors have reviewed budgets and projected cash flows for a period of not less than 12 months from the date of approval of the financial statements and the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. On that basis, the directors have concluded that there are no material uncertainties that would cast significant doubt over the Company's ability to continue as a going concern. For this reason, the directors consider it appropriate to continue to adopt the going concern basis in preparing the financial statements.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**2 Accounting policies (continued)**

**Changes in accounting policy**

There were a number of amendments to standards and interpretations effective for the Company from 1 January 2021, none of which had a material effect on the results or financial performance of the Company. A full list of these changes can be found in the consolidated financial statements of the ultimate parent, Kingspan Group plc and can be obtained from [www.kingspan.com](http://www.kingspan.com).

**Revenue recognition**

The Company recognises revenue exclusive of sales tax and trade discounts which would occur over time or at a point in time. The Company uses the five-step model as prescribed under IFRS 15 *Revenue from Contracts with Customers* on the Company's revenue transactions. This includes the identification of the contract, identification of the performance obligations under same, determination of the transaction price, allocation of the transaction price to performance obligations and recognition of revenue. Typically, individual performance obligations are specifically called out in the contract which allows for accurate recognition of revenue as and when performances are fulfilled.

The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customers.

The point of recognition arises when the Company satisfies a performance obligation by transferring control of a promised good or service to the customer, which could occur over time or at a point in time. Revenue is recognised at the time of delivery at the delivery address (where Kingspan is to deliver the goods to the delivery address) or at Kingspan's works (where the customers is to collect the goods) or, if the customer wrongfully fails to take delivery of the goods, the time when Kingspan has tendered delivery of the goods. Invoicing occurs at the point of final delivery of the product or performance obligation, at which point a right is established for unconditional consideration as control passes to the customer. Typically, payment terms are 30 days from the end of the month in which the invoice is raised.

**Interest receivable and similar income**

Interest receivable and similar income comprises interest income on funds invested and any gains on hedging instruments that are recognised in the Profit and Loss Account. Interest income is recognised as it accrues using the effective interest rate method.

**Interest payable and similar charges**

Interest payable and similar charges comprises interest payable on borrowings calculated using the effective interest rate method and lease interest.

**Foreign currencies**

Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the respective functional currency of the entity at the rates prevailing on the reporting period date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the initial transaction dates.

Non-monetary items measured in terms of historical cost in a foreign currency are not retranslated.

**Income tax**

Income tax in the Profit and Loss Account represents the sum of current income tax and deferred tax not recognised in other comprehensive income or directly in equity.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**2 Accounting policies (continued)**

*Current tax*

Current tax represents the expected tax payable or recoverable on the taxable profit for the year using tax rates and laws that have been enacted or substantively enacted for the financial year taking into account any adjustments from prior years. Liabilities for uncertain tax treatments are recognised in accordance with IFRIC 23 and are measured using either the most likely amount method or the expected value method -whichever better predicts the resolution of the uncertainty.

*Deferred tax*

Deferred tax is recognised on all temporary differences at the reporting date. Temporary differences are defined as the difference between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets and liabilities are not subject to discounting and are measured at the tax rates that are expected to apply in the period in which the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences (i.e. differences that will result in taxable amounts in future periods when the carrying amount of the asset or liability is recovered or settled).

Deferred tax assets are recognised in respect of all deductible temporary differences (i.e. differences that give rise to amounts which are deductible in determining taxable profits in future periods when the carrying amount of the asset or liability is recovered or settled), carry-forward of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which to offset these items.

The carrying amounts of deferred tax assets are subject to review at each reporting date and reduced to the extent that future taxable profits are considered to be inadequate to allow all or part of any deferred tax asset to be utilised.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

**Property, plant and equipment**

Property, plant and equipment is measured at cost less accumulated depreciation and accumulated impairment losses.

**Depreciation**

Depreciation is provided on a straight line basis at the rates stated below, which are estimated to reduce each item of property, plant and equipment to its residual value by the end of its useful life:

<b>Asset class</b>	<b>Depreciation method and rate</b>
Freehold property	2% straight line
Motor Vehicles	10% straight line

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**2 Accounting policies (continued)**

The estimated useful lives and residual values of property, plant and equipment are determined by management at the time the assets are acquired and subsequently, re-assessed at each reporting date. These lives are based on historical experience with similar assets across the Company.

In accordance with IAS 36 *Impairment of Assets*, the carrying values of property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. An impairment loss is recognised whenever the carrying value of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Profit and Loss Account. Following the recognition of an impairment loss, the depreciation charge applicable to the asset or cash generating unit is adjusted to allocate the revised carrying amount, net of any residual value, over the remaining useful life.

Assets under construction are carried at cost less any recognised impairment loss. Depreciation of these assets commences when the assets are ready for their intended use.

**Financial assets**

On initial recognition, a financial asset is classified as measured at amortised cost and subsequently measured using the effective interest rate (EIR) method and subject to impairment. Financial assets may also be initially measured at fair value with any movement being reflected through other comprehensive income or the Profit and Loss Account.

The Company applies the simplified approach for expected credit losses (ECL) under IFRS 9 *Financial Instruments*, which requires expected lifetime losses to be recognised from initial recognition of receivables. Under IFRS 9 *Financial Instruments*, the Company uses an allowance matrix to measure Expected Credit Loss (ECL) of trade receivables from customers. Loss rates are calculated using a "roll rate" method based on the probability of a receivable progressing through successive chains of non-payment to write-off. The rates are calculated at a business unit level which reflects the risks associated with geographic region, age, mix of customer relationship and type of product purchased.

Non-trading balances with group undertakings are assessed for indicators of impairment, however as all wholly owned subsidiaries are party to global cash pooling arrangements and have easy access to liquidity through these arrangements, there is limited credit risk associated with these receivables.

**Inventory**

Inventories are stated at the lower of cost and net realisable value. Cost is based on the first-in, first-out principle and includes all expenditure incurred in acquiring the inventories and bringing them to their present location and condition. Raw materials are valued at the purchase price including transport, handling costs and net of trade discounts. Work in progress and finished goods are carried at cost consisting of direct materials, direct labour and directly attributable production overheads and other costs incurred in bringing them to their existing location and condition.

Net realisable value represents the estimated selling price less costs to completion and appropriate marketing, selling and distribution costs. A provision is made, where necessary, in all inventory categories for obsolete, slow moving and defective items.

**Financial liabilities**

Financial liabilities are initially measured at fair value, net of any transaction costs in the case of borrowings, and subsequently measured at amortised cost using the effective interest rate. Financial liabilities are derecognised when the Company's obligations specified in the contract expire, are discharged or cancelled. Interest expense is recognised using the effective interest rate method.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**2 Accounting policies (continued)**

**Provisions**

A provision is recognised in the Balance Sheet when the Company has a present constructive or legal obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligation and the amount of the obligation can be estimated reliably.

A specific provision is created when a claim has actually been made against the Company or where there is a known issue at a known customer's site, both relating to a product or service supplied in the past. In addition, a risk-based provision is created where future claims are considered incurred but not reported. The warranty provision is based on historical warranty data and a weighting of all possible outcomes against their associated probabilities.

Specific provisions will generally be aged as current, reflecting the assessment that a current obligation exists to replace or repair product sold on foot of an accepted valid warranty issue. Only where the liability is reasonably certain not to be settled within the next 12 months, will a specific provision be categorised as long-term. Risk-based provisions will generally be aged as non-current, reflecting the fact that no warranty claim has yet been made by the customer.

Provisions which are not expected to give rise to a cash outflow within 12 months of the reporting date are, where material, determined by discounting the expected future cash flows. The unwinding of the discount is recognised as a finance cost.

**Leases**

The Company recognises right of use assets representing its right to use the underlying assets and lease liabilities representing its obligation to make lease payments at the lease commencement date. The right of use assets are initially measured at cost, and subsequently measured at cost less accumulated depreciation and impairment losses.

Depreciation is provided on a straight line basis over the period of the lease, or useful life if shorter.

Lease liabilities are measured at the present value of the future lease payments, discounted at the applicable incremental borrowing rate. Subsequent to the initial measurement, the lease liabilities are increased by the interest cost and reduced by lease payments made.

The right of use assets and lease liabilities are remeasured when there are changes in the assessment of whether an extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised or where there is a change in future lease payments as a result of a change in an index or rate. The Company applies judgement when determining the lease term where renewal and termination options are contained in the lease contract.

The Company applies the short-term lease recognition exemption to leases that have a lease term of 12 months or less from the commencement date. The Company also applies the lease of low-value assets recognition exemption to leases of equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the term of the lease.

**Dividends**

Final dividends on ordinary shares are recognised as a liability in the financial statements only after they have been approved at the Annual General Meeting of the Company. Interim dividends on ordinary shares are recognised when they are paid.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**2 Accounting policies (continued)**

**Defined contribution pension obligation**

The costs arising on the Company's defined contribution schemes are recognised in the Profit and Loss Account in the period in which the related service is provided. The Company has no legal or constructive obligation to pay further contributions in the event that these plans do not hold sufficient assets to provide retirement benefits.

**Share based payment transactions**

The ultimate parent company Kingspan Group plc, issues equity-settled payments to certain employees (including directors) within the Company. The fair value of these equity settled transactions is determined at grant date and is recognised as an employee expense in the Profit and Loss Account with the corresponding increase in equity, on a straight-line basis over the vesting period.

Fair value is measured using the Monte Carlo Pricing Model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations.

Where the terms of an equity-settled transaction are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any increase in the value of the transaction as a result of the modification, as measured at the date of modification.

Where an equity-settled transaction is cancelled, it is treated as if it had vested on the date of the cancellation, and any expense not yet recognised for the transaction is recognised immediately. However, if a new transaction is substituted for the cancelled transaction, and designated as a replacement transaction on the date that it is granted, the cancelled and new transactions are treated as if they were a modification of the original transaction, as described in the previous paragraph.

**3 Accounting estimates and judgements**

The Company has made a number of financial estimates and judgements in compiling these financial statements. These estimates and judgements are outlined below:

**Guarantees and warranties**

Certain products carry formal guarantees of satisfactory functional and aesthetic performance of varying periods following their purchase. Local management evaluate the constructive or legal obligation arising from customer feedback and assess the requirement to provide for any probable outflow of economic benefit arising from a settlement. This is an area of estimation and judgement.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**3 Accounting estimates and judgements (continued)**

**Recoverability of trade receivables**

The Company provides credit to customers and as a result there is an associated risk that the customer may not be able to pay outstanding balances. Trade receivables are considered for impairment on a case by case basis, when they are past due at the reporting date or when objective evidence is received that a specific counterparty may default.

Under IFRS 9 the Company uses an allowance matrix to measure Expected Credit Loss (ECL) of trade receivables from customers. Loss rates are calculated using a "roll rate" method based on the probability of a receivable progressing through successive chains of non-payment to write-off. The rates are calculated at a business unit level which reflects the risks associated with geographic region, age mix of customer relationship and type of product purchased. This is an area of estimation.

**Valuation of inventory**

Inventories are measured at the lower of cost and net realisable value. The Company's policy is to hold inventories at original cost and create an inventory provision where evidence exist that indicates net realisable value is below cost for a particular item of inventory. Damaged, slow-moving or obsolete inventory are typical examples of such evidence. This is an area of estimation.

**Leases**

The Company has applied judgement to determine the lease term of contracts that include termination and extension options. If the Company is reasonably certain to exercise such options, the relevant amount of right of use assets and lease liabilities are recognised.

The Company has also applied judgement in determining the incremental borrowing rates (IBR). The incremental borrowing rate is the rate of interest that a lessee would expect to incur on funds borrowed over a similar term and security to obtain a comparable value to the right of use asset in the relevant economic environment. The Company estimates the IBR using observable inputs (such as market interest rates) when available and makes certain entity-specific estimates (such as country risk and entity specific credit rating) as required.

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**3 Accounting estimates and judgements (continued)**

**Income taxes**

There are many transactions for which the ultimate tax determination is uncertain. The Company recognises liabilities based on estimates of whether additional taxes will be due. Once it has been concluded that a liability needs to be recognised, the liability is measured based on the tax laws that have been enacted or substantially enacted at the end of the reporting period. The amount shown for current taxation includes an estimate for uncertain tax treatments where the Company considers it probable that uncertain tax treatments will not be accepted by tax authorities and the estimate is measured using either the most likely amount method or the expected value method as appropriate, prescribed by IFRIC 23.

Where the final tax outcome of these matters is different from the amounts that were initially estimated, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. The Company estimates the most probable amount of future taxable profits, using assumptions consistent with those employed in impairment calculations, and taking into consideration applicable tax legislation in the relevant jurisdiction. These calculations also require the use of estimates.

**4 Revenue**

The analysis of the Company's turnover for the year from continuing operations is as follows:

	<b>2021</b>	<b>2020</b>
	<b>£</b>	<b>£</b>
Sale of goods	<u>1,910,069</u>	<u>3,772,328</u>
<b>Disaggregation of revenue:</b>		
	<b>2021</b>	<b>2020</b>
	<b>£</b>	<b>£</b>
Point in time	1,910,069	3,772,328
Over time	-	-
	<u>1,910,069</u>	<u>3,772,328</u>

The directors of the Company are of the opinion that it would be seriously prejudicial to the interests of the Company to disclose details of revenue either by class or market.

**5 Other operating income**

The analysis of the Company's other operating income for the year is as follows:

	<b>2021</b>	<b>2020</b>
	<b>£</b>	<b>£</b>
Miscellaneous other operating income	<u>48,687</u>	<u>3,211</u>

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**6 Operating profit/(loss)**

Arrived at after charging/(crediting)

	2021	2020
	£	£
Depreciation expense	62,284	63,897
(Reversal of impairment)/impairment of trade debtors	(103,317)	26,212
Research and development cost	(68,484)	10,315
Foreign exchange gains	<u>(71)</u>	<u>(8,267)</u>

**7 Interest receivable and similar income**

	2021	2020
	£	£
Interest income on bank deposits	<u>-</u>	<u>30</u>

**8 Interest payable and similar expenses**

	2021	2020
	£	£
Interest on lease liabilities	<u>278</u>	<u>652</u>

**9 Staff costs**

The aggregate payroll costs (including directors' remuneration) were as follows:

	2021	2020
	£	£
Wages and salaries	389,940	860,298
Social security costs	43,409	67,198
Pension costs, defined contribution scheme	<u>11,689</u>	<u>24,832</u>
	<u>445,038</u>	<u>952,328</u>

The costs incurred for equity settled share based payments in the year were £6,561 (2020: £10,846). No wages and salaries or related costs were capitalised in the current or prior year.

The average number of persons employed by the Company (including directors) during the year, analysed by category was as follows:

	2021	2020
	No.	No.
Production	8	18
Administration and support	2	5
Sales, marketing and distribution	<u>1</u>	<u>1</u>
	<u>11</u>	<u>24</u>

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**9 Staff costs (continued)**

The directors did not receive any remuneration during the year (2020: Nil) in respect of their role as a director of the Company as their services are considered to be incidental to their other activities within the Group.

**10 Auditor's remuneration**

	2021 £	2020 £
Audit of the financial statements	<u>10,965</u>	<u>27,889</u>

**11 Income tax**

Tax charged/(credited) in the profit and loss account.

	2021 £	2020 £
<b>Deferred taxation</b>		
Origination and reversal of timing differences	(20,989)	(5,299)
Adjustments in respect of prior periods	-	(2,629)
Arising from effect of rate change	<u>(1,031)</u>	<u>-</u>
Total deferred taxation	<u>(22,020)</u>	<u>(7,928)</u>

The tax on profit before tax for the year is differs from the standard rate of corporation tax in the UK (2020 - differs from the standard rate of corporation tax in the UK) of 19% (2020 - 19%).

The differences are reconciled below:

	2021 £	2020 £
Profit/(loss) before tax	<u>695,934</u>	<u>(428,138)</u>
Corporation tax at standard rate	132,227	(81,346)
Decrease from effect of revenues exempt from taxation	(17,100)	-
Increase from effect of expenses not deductible in determining taxable profit (tax loss)	7,225	6,444
(Decrease)/increase arising from group relief tax reconciliation	(118,342)	90,939
Other tax effects for reconciliation between accounting profit and tax income	<u>(26,030)</u>	<u>(23,965)</u>
Total tax credit	<u>(22,020)</u>	<u>(7,928)</u>

**Kingspan Century (NI) Limited**  
**(formerly Springvale Insulation Limited)**

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**11 Income tax (continued)**

Finance Bill 2020, which was substantively enacted on 24 May 2021, will increase the UK corporate tax rate from the current rate of 19% to 25% with effect from 1 April 2023. This change was enacted in the current period such that the closing deferred tax balances have been calculated using the 25% rate where appropriate.

**Deferred tax**

Deferred tax assets and liabilities

	Asset £
<b>2021</b>	<u>38,227</u>
<b>2020</b>	<u>3,266</u>

The deferred tax account consists of the tax effect of timing differences in respect of:

	2021 £	2020 £

*Other provision*

In the first half of 2021, the trade and certain assets and liabilities of the business were transferred to a fellow Group company and operations were ceased at the Company's facility. As such, the closure provision at the end of the prior year related to a provision for costs estimated to be incurred in winding down the Company's activities, including the inter alia cost of redundancies. This provision was utilised during 2021.

*Warranty provision*

The Company manufactures a wide range of insulation and related products for use primarily in the construction sector. Some products carry formal guarantees of satisfactory performance of varying periods following their purchase by customers and a provision is carried in respect of the expected costs of settling warranty and guarantee claims which arise. The Company in the course of its operations can be party to claims or litigation. Both the number of claims and the cost of settling the claim are sensitive to change.

In most cases, a reasonably reliable estimate can be made based on a range of possible outcomes. If the extent and cost of settling a claim or potential claim is not yet reasonably determinable, no provision is made until such a reliable estimate can be made. Provisions are reviewed by management on a regular basis, and adjusted to reflect the current best estimate of the economic outflow. If it is no longer probable that an outflow of economic benefits will be required, the related provision is reversed.

**Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)**

**22 Subsequent events**

In early 2022, the directors decided to begin the process of establishing new manufacturing activities at the site, with the intent of producing timber framed housing kits during the year ahead. As a result of this decision, the company name was officially changed to Kingspan Century (NI) Limited in February 2022. There have been no other significant events subsequent to 31 December 2021 which would require disclosure in these financial statements.

**23 Approval of financial statements**

These financial statements were authorised for issue by the Board on 16 June 2022.
