Derwent Developments Limited

Directors' report

Year ended 30 September 2022

The directors present their report and the unaudited financial statements of the company for the year ended 30 September 2022.

Principal activities

The principal activity of the company during the year was property development and trading. The directors do not recommend the payment of a dividend (2021: £nil).

Directors

The directors who served the company during the year, and subsequent to the year end, were as follows:

Helen C Gordon

Adam McGhin

Michael P Keaveney

Rob J Hudson

(Appointed 15 November 2021)

Directors' responsibilities statement

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 Reduced Disclosure Framework. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Derwent Developments Limited

Notes to the financial statements

Year ended 30 September 2022

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Citygate, St James' Boulevard, Newcastle upon Tyne, NE1 4JE.

2. Statement of compliance

The financial statements of Derwent Developments Limited ("the company") for the year ended 30 September 2022 were authorised for issue by the board of directors on 30 May 2023 and the statement of financial position was signed on the board's behalf by Adam McGhin.

These financial statements have been prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework'.

The company's ultimate parent undertaking, Grainger plc, includes the company in its consolidated financial statements. The consolidated financial statements of Grainger plc are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from Citygate, St James' Boulevard, Newcastle upon Tyne, NE1 4JE.

3. Accounting policies

Basis of preparation

The financial statements have been prepared under the historical cost convention, and in accordance with applicable UK accounting standards.

The financial statements are prepared on the going concern basis in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom, which have been applied consistently throughout the year.

3. Accounting policies *(continued)*

Going concern

The financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reasons.

The company has net assets of £86,172,092 at 30 September 2022 and has generated a profit for the period then ended of £3,040,038. The company is a subsidiary of Grainger plc. The directors of Grainger plc, the ultimate parent undertaking, manage the group's strategy and risks on a consolidated basis, rather than at an individual entity level. Similarly, the financial and operating performance of the business is assessed at a Grainger plc operating segment level. For these reasons, the directors do not prepare cash flow forecasts at an individual entity level.

On a consolidated basis, the Group has assessed its future funding commitments and compared these to the level of committed loan facilities and cash resources over the medium term. In making this assessment, consideration has been given to compliance with borrowing covenants along with the uncertainty inherent in future financial forecasts and, where applicable, severe sensitivities have been applied to the key factors affecting financial performance of the Group. The assessment includes the potential impact of reduced PRS occupancy, contraction in rental levels, reduced property valuations, cost inflation and changes in interest rates. The Directors of the Group have a reasonable expectation that it has adequate resources to continue operating for the foreseeable future period, and not less than 12 months from the date of approval of these financial statements.

Grainger plc has indicated that it will make available such funds as are needed by the entity and that it does not intend to seek repayment of amounts due at the balance sheet date for the foreseeable future. As with any entity placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue, although, at the date of approval of these financial statements, they have no reason to believe that it will not do so. The directors do not intend to nor have they identified any circumstances which may lead to the entity being liquidated or to cease operating.

Consequently, the directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

Disclosure exemptions

In these financial statements, the company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- (a) Cash flow statement and related notes;
- (b) Comparative period reconciliations for share capital;
- (c) Disclosures in respect of transactions with wholly owned subsidiaries;
- (d) Disclosures in respect of capital management;
- (e) The effects of new but not yet effective IFRSs;
- (f) Disclosures in respect of the compensation of key management personnel.

As the consolidated financial statements of Grainger plc include the equivalent disclosures, the company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

Certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instruments: Disclosures.

The company has considered the impact of the adoption of those new and revised International Financial Reporting Standards and interpretations that were effective for the first time from 1 October 2021. There has been no material impact on the company following the adoption of these standards.

Revenue recognition

Turnover comprises gross rentals and gross sale proceeds of trading properties and land, exclusive of VAT. Property is regarded as sold when performance obligations have been met and control has been transferred to the buyer. This is generally deemed to be on legal completion as at this point the buyer is able to determine the use of the property and has rights to any cash inflows or outflows in respect of the property. Gross rentals are recognised on a straight line basis over the lease term on an accruals basis.

3. Accounting policies *(continued)*

Income tax

The taxation charge for the year represents the sum of the tax currently payable and deferred tax. The charge is recognised in the statement of comprehensive income according to the accounting treatment of the related transaction.

Current tax payable or receivable is based on the taxable income for the period and any adjustment in respect of prior periods and is calculated using tax rates that have been enacted or substantively enacted at the end of the reporting period.

Tax payable upon the realisation of revaluation gains recognised in prior periods is recorded as a current tax charge with a release of the associated deferred tax.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted at the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred income tax assets are recognised only to the extent that it is probable that taxable profit will give rise to a future tax liability against which the deferred tax assets can be recovered.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same tax authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Investments

Fixed asset investments are stated at cost less any provisions for diminution in value. An impairment loss is recognised for the amount by which the carrying value of the investment exceeds its recoverable amount.

Stocks

Development properties and development land are shown in the financial statements at the lower of cost and net realisable value. Cost includes legal and surveying charges incurred during the acquisition plus improvement costs. Net realisable value is calculated based on whether the land or property is to be sold in its current condition or whether it will be subject to further development. Where the land or property is to be further developed, net realisable value is based on the future expected value. Where the land or property is to be sold in its current condition, net realisable value is based on current market value.

Group accounts

The financial statements contain information about Derwent Developments Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included in the consolidated financial statements of the ultimate parent company, Grainger plc, a company registered in England and Wales.

3. Accounting policies *(continued)*

Non-derivative financial instruments

Non-derivative financial instruments comprise trade and other debtors, loans and borrowings, and trade and other creditors.

Trade and other debtors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

Trade and other creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make significant judgements, estimates and assumptions that affect the amounts reported. The judgements, estimates and assumptions that the directors consider to be most significant to the financial statements relate to the valuation of stocks and are detailed at note 9.

4. Turnover

Turnover arises from:

	2022	2021
	£	£
Rental income	9,042	9,041
Proceeds from sale of trading properties	–	365,000
	<u>9,042</u>	<u>374,041</u>

The total turnover of the company has been derived from its principal activity wholly undertaken in the UK as defined in the directors' report.

5. Employee costs

There are no persons holding service contracts with the company (2021: none). None of the directors received any remuneration from the company during the year, or in the previous year, in respect of their services to the company.

6. Other interest receivable and similar income

	2022	2021
	£	£
Interest from group undertakings	3,471,989	3,207,981

UK current tax expense	713,095	239,745
Tax on profit	713,095	239,745

There is no unrecognised deferred tax asset in these financial statements.

Reconciliation of tax expense

The tax assessed on the profit on ordinary activities for the year is the same as (2021: lower than) the standard rate of corporation tax in the UK of 19% (2021: 19%).

	2022 £	2021 £
Profit on ordinary activities before taxation	3,753,133	3,167,814
Profit on ordinary activities by rate of tax	713,095	601,885
Utilisation of tax-deductible provision	–	(362,140)
Tax on profit	713,095	239,745

Factors that may affect future tax expense

No provisions have been made for tax that would become payable if the company's properties were sold at their year end replacement values. The total unprovided deferred tax in respect of this is £1,593,840 (2021: £1,455,478).

An increase in the UK corporation tax rate from 19% to 25% (effective 1 April 2023) has been enacted. This will increase the company's future current tax charge accordingly. Deferred tax at 30 September 2022 has been measured at 25% (2021: 25%).
