Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;

### ***Independent auditors' report to the members of Bridgepoint Advisers Holdings***

#### **Report on the audit of the financial statements**

##### **Opinion**

In our opinion, Bridgepoint Advisers Holdings' financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the Balance Sheet as at 31 December 2019; the Profit and Loss Account, the Statement of Comprehensive Income, the Statement of Changes in Equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

##### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

##### ***Independence***

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

##### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

##### **Reporting on other information**

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion on, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

## **Bridgepoint Advisers Holdings**

### ***Independent auditors' report to the members of Bridgepoint Advisers Holdings***

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

#### ***Strategic Report and Directors' Report***

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 December 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

#### **Responsibilities for the financial statements and the audit**

##### ***Responsibilities of the directors for the financial statements***

As explained more fully in the Statement of Directors' Responsibilities set out on page 2, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

##### ***Auditors' responsibilities for the audit of the financial statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditors' report.

### **Notes to the Financial Statements for the Year Ended 31 December 2019**

#### **1 General information**

The Company is a private company limited by shares, incorporated and domiciled in the United Kingdom. The address of its registered office is 95 Wigmore Street, London W1U 1FB, England.

#### **2 Statement of compliance**

The individual financial statements of the Company have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" ("FRS 102") and the Companies Act 2006.

#### **3 Summary of significant accounting policies**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

##### **a Basis of preparation**

These financial statements have been prepared under the historical cost convention, as modified by certain financial assets and liabilities measured at fair value through profit or loss, as when it is required by FRS 102. The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the Company's accounting policies. Other than the determination of the fair value of the carried interest receivable and investments measured at fair value, the Directors do not consider the financial statements to have any critical estimates or matters requiring significant judgement.

##### **b Going concern**

The financial statements have been prepared on a going concern basis as the Directors have a reasonable expectation that the Company has adequate resources to continue its operational existence for the foreseeable future having assessed the Company's business risks, financial position and resource.

Whilst the Company has net current liabilities, it is well capitalised and has access to a €60m banking facility should the Company or the Group require liquidity.

##### **c Exemption under Financial Reporting Standards**

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of the exemptions by the Company's shareholders. The Company has taken advantage of the following exemptions:

**Cash Flow Statement** - The Company has taken advantage of the exemption, under FRS 102 paragraph 1.12 (b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, Atlantic Investments Holdings Limited, and intermediate holding company, Bridgepoint Group Limited, includes the Company's cash flows in their own consolidated financial statements.

**Related Party Transactions** – Under FRS 102 33.1.A, the Company is exempt from the requirement to disclose related party transactions within the Bridgepoint Group on the grounds that 100% of the voting rights are controlled within the group. Transactions with the ultimate parent company and other shareholders of the Bridgepoint Group are not exempt and are disclosed, if any.

## **Bridgepoint Advisers Holdings**

### **Notes to the Financial Statements for the Year Ended 31 December 2019**

#### **3 Summary of significant accounting policies (continued)**

##### **d Taxation**

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior year. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Current or deferred taxation assets and liabilities are not discounted.

##### **e Foreign currency transactions and balances**

The Company's functional and presentation currency is the pound sterling. These financial statements are presented in pound sterling and rounded to thousands.

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated to sterling at rates current at the year-end.

All differences are taken to the Profit and Loss Account.

##### **f Revenue recognition**

Income and expenses are recognised in the Profit and Loss Account and the Statement of Comprehensive Income on an accruals basis.

Income from shares in group undertakings comprises dividend income. Income from investments in Limited Partnerships comprises distributions. Other income comprises annual share from Limited Partnerships. Such income is recognised when the right to receive payment is established.

Interest income is recognised using the effective interest rate method.

##### **g Cash and cash equivalents**

Cash and cash equivalents include cash in hand and deposits held at call with banks.

## **Bridgepoint Advisers Holdings**

### **Notes to the Financial Statements for the Year Ended 31 December 2019**

#### **3 Summary of significant accounting policies (continued)**

##### **h Debtors and creditors**

Debtors and creditors are initially measured at transaction cost. They are short term receivables/payables relating to non-financing transactions and are subsequently measured at undiscounted amounts.

##### **i Financial Instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. The Company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

###### ***Investments***

Investments in Limited Partnerships are initially recognised at Fair Value and subsequently measured at Fair Value, excluding the transaction costs, through the Profit and Loss Account. The Company uses the Fair Value determined by the Manager of the underlying funds. This is reassessed by the Directors considering all factors, information and data deemed to be pertinent.

Investments in subsidiary undertakings are stated at cost less provision for any impairment. Provisions are only made where in the opinion of the Directors there is an impairment in value.

###### ***Carried interest receivable***

Carried interest receivable is initially and subsequently measured at fair value through the Profit and Loss Account. The fair value is based on the net asset value of the underlying Fund as determined by the Manager of Fund and reassessed by Directors considering all factors, information and data deemed to be pertinent at the reporting date.

Carried interest is by its nature uncertain until it has been distributed by the Founder Partner. The carried interest receivable is recognised through the Profit and Loss Account once the first distribution has been made by the Founder Partner in accordance with the relevant partnership agreements. It is calculated based on the indirect participation in the underlying Funds.

###### ***Loan to subsidiaries***

Loans to subsidiaries are financing transactions. They are measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Such assets are subsequently carried at amortised cost using the effective interest rate method.

###### ***Derivative instruments***

Derivative financial instruments are initially measured at fair value on the date on which the derivative is entered into and are subsequently measured at fair value. Movements are recognised in the Profit and Loss Account as hedge accounting under FRS102 has not been applied.

##### **j Dividends**

Dividends and other distributions to the Company's shareholder are recognised in the period in which the dividends and other distributions are approved by the shareholder. These amounts are recognised in the statement of changes in equity.

### **Notes to the Financial Statements for the Year Ended 31 December 2019**

#### **14 Financial risk management**

##### ***Market risk***

Market risk is the potential for changes in value of the underlying financial instruments and accompanies the potential for both losses and gains. The Company's unquoted investments are susceptible to market risk arising from uncertainties about future values of the investments. The Company's subsidiaries manages the acquisition and divestment of private equity investments and monitors the performance of investments held by the Company on an ongoing basis.

The Company's investments and loans may be in currencies other than the functional currency. The Company manages this risk through funding its investment in the underlying currency. Additionally, the Company may use FX forward and swap agreements to reduce the currency exposure.

For illustrative purposes, for the year ended 31 December 2019, a change of +/-10% in the fair value of investments would have resulted in a change in the Company's fair value of +/- £15 million. This is not an estimate or a forecast of the impact of COVID-19. The analysis is designed solely to give an indication of the impact of certain changes to the Company's fair value.

##### ***Credit risk***

Credit risk is the risk that a counterparty will be unable to meet their obligations in full, when due. Potential areas of credit risk consist of cash and cash equivalents, including deposits with banks and financial institutions, short-term receivables and investments, including bonds issued by a subsidiary company. The maximum exposure to credit risk at the reporting date of these financial assets is their carrying amount. The Company limits its exposure in relation to cash balances by only dealing with well-established financial institutions of high quality credit standing.

##### ***Liquidity risk***

Liquidity risk is the risk that cash may not be available to pay obligations when due. Along with its cash reserves, the Company has the use of a Revolving Credit Facility, to assist in managing liquidity. The risk is not considered to be material as the majority of the balances are held with other Group companies.
