Rare Limited

Strategic Report for the Year Ended 30 June 2023

The directors present their strategic report for the year ended 30 June 2023.

Principal activity

Rare Limited, a subsidiary of Microsoft Corporation, is engaged in the writing and development of video games software. The principal area of business activity is the United Kingdom.

Fair review of the business

The results for the year are shown on page 11. The Company recorded a profit before taxation of £650,000 (2022: profit before taxation of £1,658,000), which is driven by a reduction in commission income. The Directors feel that the Company is in a sound position for the coming period. The Company maintained a strong balance sheet and had net assets at 30 June 2023 of £15,182,000 (2022: £15,967,000), the decrease driven by a reduction in intercompany receivables.

Key Performance indicators

The Directors do not monitor the performance of the Company at a statutory level through the use of key performance indicators (KPI's). The Microsoft group manages its business and manages the delivery of its strategic objectives through the application of KPI's at a business group level.

Strategy, objective and business model

The Directors have not presented a separate analysis of the strategy, objectives or business model of the Microsoft group as this analysis has been disclosed as part of the Microsoft Corporation consolidated Form 10-K for the year ended 30 June 2023, which is publicly available at www.microsoft.com. Rare Limited a subsidiary of Microsoft Corporation, is engaged in the writing and development of video games. The principal area of business activity is the United Kingdom.

Principal risks and uncertainties

The principal risks and uncertainties of the Company are intrinsically linked to the other Microsoft group companies; their performance continues to be strong and there is not considered to be a significant risk to the Company's continuing profitability. The Company has no significant borrowings or foreign exchange exposure.

Currency risk, credit risk, liquidity risk and market risk

Currency risk

Financial risk of changes in foreign currency exchange rates are mitigated by short payment terms by its ultimate parent company, Microsoft Corporation and access to their cash pool where required. The Company does not use derivative financial instruments for speculative purposes or to hedge risks, as they are largely mitigated due to support provided by its parent company, Microsoft Corporation.

Credit risk

The Company's principal financial assets are bank balances and other debtors. The Company's credit risk is primarily attributable to its intercompany debtors. This is not considered a significant risk as the other group companies continue to perform well.

Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the Company relies on support from its parent company, Microsoft Corporation.

Rare Limited

Strategic Report for the Year Ended 30 June 2023 (continued)

Market risk

The Company's long-term success is dependent on its ability to attract and retain talented employees, to remain at the forefront of technological advances and wider long-term market trends.

The Company and Group continues to invest in attracting and retaining high-calibre individuals and developing new technology to mitigate these risks.

Other risks

Other risks include cyber-attacks, security vulnerabilities, outages and data losses which could lead to reduced revenue, increased costs, liability claims, or harm to our competitive position. See a discussion of these factors and other risks under Risk Factors in Microsoft Corporation's consolidated fiscal year 2023 Form 10-K.

Approved by the Board on 2 April 2024 and signed on its behalf by:

Benjamin O Omdurff
Director

Rare Limited

Directors' Report for the Year Ended 30 June 2023

The directors present their report and the audited financial statements for the year ended 30 June 2023.

Dividends

The directors approved a dividend for the year of £1,192,000 (2022 - £855,000).

Going concern

The Financial statements are prepared on a going concern basis.

The Company and the Microsoft Group have considerable financial resources. As a consequence, the directors believe that the Company is well placed to manage its business risks successfully.

The Company has a letter of support that Microsoft Corporation will guarantee the solvency of the Company and provide it with sufficient financing resources for at least 12 months from the date of signing.

The directors have a reasonable expectation that the Company and the group have adequate resources to continue in operational existence for the foreseeable future and the directors continue to adopt the going concern basis in preparing the annual report and financial statements.

No other events occurred after the balance sheet date that would impact significantly on the financial statements.

Directors of the Company

The directors, who held office during the financial year and up to the date of signing, were as follows :

Keith R Dolliver

Benjamin O Orndorff

Risk and uncertainties

The principal risks and uncertainties of the Company are intrinsically linked to the other Microsoft Group companies. The company's activities expose it to a number of financial risks which are detailed in the Strategic Report.

Future developments

The Company will continue with the principle activities as outlined in the strategic report. The Company continues to do business with other group companies and the board is looking forward to sustaining the level of revenue and profits in the following years.

Research and development

The Company continues to invest in research and development in Microsoft Xbox game products.

Rare Limited

Directors' Report for the Year Ended 30 June 2023 (continued)

Employee involvement

The Company places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and on the various factors affecting the performance of the Group and Company. This is achieved through formal and informal meetings and internal communications.

In addition to direct feedback channels an annual employee survey Employee Signals is conducted the purpose of which is to develop an understanding of employee attitudes about their experiences working at Microsoft. Managers take action based on Employee Signals results to improve employee engagement and retention, which in turn drives business success.

Microsoft offers stock awards as a long-term incentive to employees, used to recognise and reward anticipated performance and future contributions.

Engagement with Stakeholders

The Company and Microsoft Corporation maintains an active dialogue with shareholders to ensure a diversity of perspectives are thoughtfully considered. Microsoft shareholders are invited to contact the board about corporate governance or the Board of Directors.

Information on engagement with stakeholders, including customers, employees and suppliers is set out in the strategic report.

Disclosure of information to the auditors

Each of the persons who is a director at the date of approval of this report confirms that, so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware and the director has taken all the steps that ought to have been taken as director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information. This confirmation is given and should be interpreted in accordance with the provision of the s418 of the Companies Act 2006.

Auditors

Deloitte Ireland LLP have expressed their willingness to continue in office as auditor. Deloitte Ireland LLP will be deemed to be appointed for the financial year ending on 30 June 2023 at the end of the period for appointing auditors.

Approved by the Board on 2 April 2024 and signed on its behalf by:

Benjamin O'Ordnoff
Director

Rare Limited

Statement of Directors' Responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 'Reduced Disclosure Framework'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Independent Auditor's Report to the Members of Rare Limited.

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Rare limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 30th June 2023 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 "Reduced Disclosure Framework" and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the balance sheet;
- the statement of changes in equity;
- the related notes 1 to 19.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report and financial statements, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Independent Auditor's Report to the Members of Rare Limited.

Report on the audit of the financial statements

Other information (cont/d..)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management and the directors about their own identification and assessment of the risks of irregularities, including those that are specific to the company's business sector.

We obtained an understanding of the legal and regulatory framework[s] that the company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included UK Companies Act 2006 and UK Corporation tax legislation.

Independent Auditor's Report to the Members of Rare Limited.

Report on the audit of the financial statements

Extent to which the audit was considered capable of detecting irregularities, including fraud (cont/d...)

- do not have a direct effect on the financial statements but compliance with which may be fundamental to the company's ability to operate or to avoid a material penalty. These included the General Data Protection Regulation (GDPR) and possible inadvertent software patent infringements under governing law including the UK Patents Act 1977 and European Patent Convention.

We discussed among the audit engagement team regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

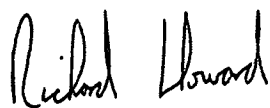

We have nothing to report in respect of these matters.

Independent Auditor's Report to the Members of Rare Limited.

Report on the audit of the financial statements

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023

1 General information

Rare Limited ("the Company") is a private company, limited by shares, incorporated in the UK under the Companies Act 2006 and is registered in England and Wales. The registered office address is shown on page 1. The nature of the Company's operations and its principal activities are set out in the Strategic Report on pages 2 - 5. The financial statements are presented in pounds sterling, which is the currency of the primary economic environment in which the Company operates. These financial statements present information about the Company as an individual undertaking and not about its group. The group accounts of Microsoft Corporation can be obtained as set out in Note 18.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

The Company meets the definition of a qualifying entity under FRS 100 'Application of Financial Reporting Requirements' issued by the Financial Reporting Council. Accordingly these financial statements were prepared. These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework.

Summary of disclosure exemptions

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the UK (UK-adopted international accounting standards), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken. In these financial statements, the company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital, and tangible fixed assets;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRSs;
- Disclosures in respect of the compensation of Key Management Personnel and related party transactions within the group; and
- Certain disclosures required by IFRS 13 Fair Value Measurement, IFRS 15 Revenue from Contracts with Customers, and the disclosures required by IFRS 7 Financial Instrument Disclosures.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

Where relevant, equivalent disclosures have been given in the group accounts of Microsoft Corporation. The group accounts of Microsoft Corporation are available to the public and can be obtained as set out in note 18.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

2 Accounting policies (continued)

Changes in accounting policy

There have been no significant changes in accounting policy during the year.

Measurement convention

The financial statements are prepared on the historical cost basis.

Going concern

The financial statements are prepared on a going concern basis.

The Company and the Microsoft Group have considerable financial resources. As a consequence, the directors believe that the Company is well placed to manage its business risks successfully:

The Company has a letter of support that Microsoft Corporation will guarantee the solvency of the Company and provide it with sufficient financing resources for at least 12 months from the date of signing.

The directors have a reasonable expectation that the Company and the group have adequate resources to continue in operational existence for the foreseeable future. Thus, the directors continue to adopt the going concern basis in preparing the annual report and financial statements.

Turnover

Turnover includes commission income receivable under agreements with the parent company in Ireland based on a mark-up on eligible costs incurred. Revenue is recognised in the period in which the costs are incurred and once the values are approved by the Microsoft group.

Interest income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Foreign currencies

Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the respective functional currency of the entity at the rates prevailing on the reporting period date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the initial transaction dates. Non-monetary items measured in terms of historical cost in a foreign currency are not retranslated.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

2 Accounting policies (continued)

Tax

Current tax is based on taxable profit for the year and is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax or a right to pay less tax at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the Company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Tangible assets

Tangible fixed assets are stated in the balance sheet at cost less accumulated depreciation. Provision is made for any permanent diminution in value. The Company performs an impairment analysis on an annual basis.

Depreciation is calculated so as to write off the cost, less residual value of fixed assets on a straight-line basis over their expected useful lives at the following rates:

Office equipment, furniture and fittings 3 years
Computer and technical equipment 1 - 6 years
Buildings 15 years
Leasehold improvements over the period of the lease
Land is not depreciated.

Residual value is calculated on prices prevailing at the date of acquisition. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the depreciation rate or method as appropriate on a prospective basis. In the current period the depreciation rate for servers and network equipment was changed from 4 years to 6 years, which is included in computer and technical equipment classification.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

2 Accounting policies (continued)

Research and Development Expenditure

Expenditure on research is written off in the period in which it is incurred. Development costs are assessed against IAS 38 criteria and subsequently expensed or capitalised as appropriate.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments.

Dividends

Dividend distribution to the Company's shareholders is recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

Defined contribution pension obligation

The Company operates a defined contribution pension scheme. The amount charged to the profit and loss account in respect of pension costs is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown either as accruals or prepayments in the balance sheet.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

2 Accounting policies (continued)

Financial instruments

Initial recognition

Financial assets.

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, or fair value through other comprehensive income (OCI).

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Financial liabilities

Financial liabilities are classified, at initial recognition, as loans and borrowings or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, and loans and borrowings including bank overdrafts.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

2 Accounting policies (continued)

Classification and measurement

Financial assets

For purposes of subsequent measurement, financial assets are classified in two categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

Financial liabilities

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

Payables are measured at amortised cost.

Financial assets at amortised cost

This category is the most relevant to the Company. The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired. The Company's financial assets at amortised cost includes trade receivables, and balances with other group companies.

Financial assets at fair value through other comprehensive income (FVTOCI)

The Group measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

2 Accounting policies (continued)

Derecognition

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss. When the Company exchanges with the existing lender one debt instrument into another one with substantially different terms, such exchange is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, the Company accounts for substantial modification of terms of an existing liability or part of it as an extinguishment of the original financial liability and the recognition of a new liability.

Impairment of financial assets

Measurement of Expected Credit Losses

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages under IFRS 9's general approach. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For trade receivables and contract assets, the Company applies the simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The directors believe there are no other critical accounting judgements and no key sources of estimation uncertainty.

4 Turnover

The analysis of the Company's turnover for the year from continuing operations is as follows:

	2023 £ 000	2022 £ 000
Commission from group undertakings	30,439	29,954
	<u>30,439</u>	<u>29,954</u>

Turnover represents commission receivable from a group company based on a mark-up on eligible costs incurred and commission receivable from a fellow group company based on costs recharged.

As permitted by Schedule 1, paragraph 68 of the Companies Act 2006, revenue is not analysed by geographical market as in the opinion of the directors the disclosure of this information would be seriously prejudicial to the interests of the Company.

5 Profit for the year

Arrived at after charging/(crediting)

	2023 £ 000	2022 £ 000
Depreciation expense	1,975	1,277
Research and development cost	21,676	19,164
Foreign exchange losses	2	121
Auditor's remuneration for audit services (note 9)	<u>34</u>	<u>35</u>

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

6 Other interest receivable and similar income

	2023	2022
	£ 000	£ 000
Interest receivable from group undertakings	<u>80</u>	<u>12</u>

7 Staff costs

The aggregate payroll costs were as follows:

	2023	2022
	£ 000	£ 000
Wages and salaries	13,957	16,912
Social security costs	1,702	2,096
Pension costs, defined contribution scheme	<u>782</u>	<u>700</u>
	<u>16,441</u>	<u>19,708</u>

The average number of persons employed by the Company (including directors) during the financial year, analysed by category was as follows:

	2023	2022
	No.	No.
Development, office and management	<u>194</u>	<u>190</u>
	<u>194</u>	<u>190</u>

8 Directors' remuneration

None of the directors received any remuneration in respect of qualifying services as directors of the Company in the current year or in the prior year and none of the directors have any employment contracts with the Company.

No contributions were made to a defined contribution pension scheme on behalf of the directors (2022 - £nil).

9 Auditor's remuneration

	2023 £ 000	2022 £ 000
Audit of the financial statements	<u>34</u>	<u>35</u>

10 Taxation

Tax charged/(credited) in the profit and loss account

	2023 £ 000	2022 £ 000
Current taxation		
UK corporation tax	300	-
UK corporation tax adjustment to prior periods	<u>15</u>	<u>(17)</u>
	<u>315</u>	<u>(17)</u>
Deferred taxation		
Arising from origination and reversal of temporary differences	(72)	461
Arising from previously unrecognised tax loss, tax credit or temporary difference of prior periods	<u>-</u>	<u>22</u>
Total deferred taxation	<u>(72)</u>	<u>483</u>
Tax expense in the profit and loss account	<u>243</u>	<u>466</u>

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

10 Taxation (continued)

The standard rate of tax for the year, based on the UK standard rate of corporation tax is 20.5% (2023 - 19%). The actual tax charge for the current and previous years differs from the standard rate for the reasons set up in the following reconciliation:

	2023 £ 000	2022 £ 000
Profit before tax	650	1,658
Corporation tax at standard rate	133	315
Increase/(decrease) in current tax from adjustment for prior periods	15	(17)
Increase/(decrease) from effect of capital allowances depreciation	197	(43)
Expenses not deductible for tax purposes	28	-
Group relief surrendered	-	78
Deferred tax (credit)/expense from unrecognised temporary difference from a prior period	(143)	22
Deferred tax expense relating to changes in tax rates or laws	13	111
Total tax charge	243	466

Deferred tax

Deferred tax assets and liabilities

Deferred tax movement during the year:

	At 1 July 2022 £ 000	Recognised in profit and loss £ 000	At 30 June 2023 £ 000
Timing differences in respect of capital allowances	71	72	143

The deferred tax asset includes amounts recoverable after more than one year.

An increase in the UK corporation tax rate from 19% to 25% (effective 1 April 2023) was substantively enacted on 24 May 2021. This will increase the Company's future current tax charges accordingly. The deferred tax at 30 June 2023 has been calculated based on this rate.

11 Dividends

	30 June 2023 £ 000	30 June 2022 £ 000
Paid dividend of £0.06 (2022 - £0.06) per each ordinary shares	1,192	855

13 Debtors

	30 June 2023 £ 000	30 June 2022 £ 000
Amounts falling due within one year:		
Amounts owed by group undertakings	6,698	11,085
Prepayments	262	314
Other debtors	286	537
	<u>7,246</u>	<u>11,936</u>

Interest is received on amounts owed by group undertakings using a Reuter's 12-month interest rate. Intercompany debtors are repayable on demand. All amounts are due within one year and unsecured.

Rare Limited

Notes to the Financial Statements for the Year Ended 30 June 2023 (Continued)

14 Creditors: amounts falling within one year

	30 June 2023 £ 000	30 June 2022 £ 000
Trade creditors	292	1,027
Other creditors	297	294
Accrued expenses	4,060	5,495
Amounts due to group undertakings	1,067	1,053
Social security and other taxes	657	531
Corporation tax liability	301	-
	<u>6,674</u>	<u>8,400</u>

Interest is paid on amounts owed to group undertakings using a Reuter's 12-month interest rate. Intercompany creditors are repayable on demand. These amounts are unsecured.

15 Share capital

Allotted, called up and fully paid shares

	30 June 2023 No. 000	£ 000	30 June 2022 No. 000	£ 000
Ordinary shares of £1 each	<u>14,767</u>	<u>14,767</u>	<u>14,767</u>	<u>14,767</u>

Authorised shares

The authorised share capital of the Company was 14,767,000 shares of £1 each (2022 - 14,767,000 shares of £1 each)

Rights, preferences and restrictions

Ordinary shares have the following rights, preferences and restrictions:

The shares have attached to them full voting, dividend and capital distribution rights, they do not confer any rights of redemption.

16 Pension and other schemes

The Company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. The pension charge for the year represents contributions payable by the Company to the scheme and amounted to £782,000 (2022 - £700,000). At the year end there is no accruals held that are payable to the fund (2022 - £117,000).

Rare Limited

17 Related party transactions

As at 30 June 2023 and 30 June 2022, the Company was a wholly owned subsidiary of Microsoft Corporation. The Company has taken advantage of the exemption under paragraph 8(k) of FRS 101 and has therefore not disclosed transactions with other wholly owned entities of Microsoft Corporation.

There have been no transactions entered into with non-wholly owned subsidiaries of Microsoft Corporation. Details of balances held with other group undertakings can be found in notes 13 and 14.

18 Parent and ultimate parent undertaking

The immediate parent company is Interactive Games Development Limited, registered address; The Broadgate Tower, Third Floor, 20 Primrose Street, London, EC2A 2RS, United Kingdom. The ultimate parent undertaking of the Company, which is also the controlling undertaking and the largest and smallest company preparing group accounts in which the results of the Company are consolidated, is Microsoft Corporation, a company incorporated in the state of Washington in the United States of America. Copies of Microsoft Corporation's annual report are available at www.microsoft.com or on written request from the Investor Relations Department, at the registered address; Microsoft Corporation, 1 Microsoft Way, Redmond, Washington, 98052-6399, USA.

19 Subsequent Events

No subsequent events have occurred since the financial period end that materially impact the financial statements for the financial year ended 30 June 2023.
