- In accordance with UK insolvency legislation, an administrator is required to provide a progress report covering the period of six months commencing on the date on which a company entered into administration and every subsequent period of six months. This progress report covers the period 17 May 2019 to 16 November 2019 (the **Period**) and should be read in conjunction with the Administrators' Statement of Proposals (the **Proposals**), the Administrators' Disclosure Report pursuant to Statement of Insolvency Practice 16 pre-packaged sales in administrations (the **SIP16 Report**), and the Administrators' progress report dated 6 June 2019. All definitions used in the Proposals also apply here.
- 1.3 This report has been prepared in accordance with rule 18.2 of the Insolvency (England and Wales) Rules 2016.
- 1.4 The purpose of this report is to provide statutory and financial information about the English Companies and to provide an update on the progress of the Administrations, including details of assets realised during the Period, details regarding the Administrators' fees and the expected outcome for each class of creditor.
- 1.5 As a reminder the administrator of a company must perform their functions with a view to achieving one of the following statutory objectives:
  - Objective 1: rescuing the company as a going concern;
  - Objective 2: achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration); or
  - Objective 3: realising property in order to make a distribution to one or more secured or preferential creditors.
- 1.6 In all of these cases the Administrators have pursued and achieved objective 2. Further details on the actions taken to achieve that objective can be found in section 3 of this report.
- 1.7 Details of the Administrators' fees and disbursements incurred are provided at Appendices C to E.
- 1.8 More information relating to the Administration process, Administrators' fees and creditors' rights can be found on AlixPartners' creditor portal (https://www.alixpartnersinfoportal.com). Log-in details to access this information can be found within the covering letter you have received.
- 1.9 If you require a hard copy of this report or have any queries in relation to its contents or the Administrations generally, please contact AlixPartners' Johnston Press Team on 0161 838 4513, by email at johnstonpress@alixpartners.com or write to the offices of AlixPartners at The Zenith Building, 26 Spring Gardens, Manchester, M2 1AB.

#### Notes:

#### Secured creditor

Full details of the security granted by the English Companies were provided in the SIP16 Report and summarised at Appendix C of the Proposals. Details are also summarised at Appendix A of this report.

Please note that GLAS Trust Corporation Limited (**GLAS**), acting as security agent for itself and the Bondholders has in respect of the Bonds the benefit of guarantees and security granted by each of the English Companies (with the exception of LNML) and the other material companies within the Group over all of their business and assets. Each of those companies is jointly and severally liable for the debts due under the terms of the Bonds.

The total principal amount due to the Bondholders as the sole secured creditors of the Group as at the date of appointment was approximately £220.2 million. It is currently anticipated that the Bondholders will suffer a shortfall of approximately £48 million.

As a reminder, the security agent for the Bonds was previously Deustche Bank AG (**Deustche Bank**), and all records of charges registered at Companies House remain in Deutsche Bank's name. GLAS is the current security agent, therefore no further reference will be made to Deutsche Bank in the main body of this report.

#### Unsecured creditors

The Proposals detailed the estimated debts of the unsecured creditors based on the directors' Statements of Affairs (**SoAs**). The unsecured creditor claims detailed in the above table have been updated and are now based on the claims received and agreed following the Administrators' notices of intention of dividend. The last date for proving has now passed in all of the Administrations of the English Companies with the exception Halifax and Portsmouth, the unsecured creditors of which will receive the Administrators' notices of intention of dividend in due course. A dividend in Publishing will also be declared shortly after this report has been circulated to creditors.

As reported previously, all of the English Companies are jointly and severally liable for the deficit in the defined benefit pension plan. The Pension Protection Fund (**PPF**) submitted a claim of £305.1 million (compared to the claim estimated in the SoAs at £340.0 million).

Other claims received related predominantly to VAT and inter-company balances. Certain companies, principally Publishing, also received claims from a number of third-party creditors – the quantum of which varies across the Group. The dividend distribution table provided at the start of this section is reflective of the claims agreed by the Administrators in each entity.

Johnston Publishing Limited and certain group companies – all in Administration (the English Companies)

Funds available for distribution as well as actual and estimated dividend rates are detailed after taking into account the estimated costs of making the distribution. In respect of unsecured creditors, UK insolvency legislation stipulates that creditors of the same class should be treated equally. Hence the funds available for distribution are split on a pro-rata basis amongst all creditors of this class, regardless of the size of their claims. For further information please refer to section 5 of this report.

### 3. Progress of the Administrations

- 3.1 Attached at Appendix B are the Administrators' Receipts and Payments Accounts (R&Ps) for the Period, together with Cumulative Accounts for the period since the Administrators' appointment.
- 3.2 In addition to their statutory objective detailed in section 1, the Administrators have duties imposed by insolvency and other legislation and their regulating professional bodies. The Administrators have set out information in respect of the progress of these duties in addition to that of the realisation of assets and distribution of available funds. The detail provided is intended to provide users of this report with information to allow them to understand how the Administrators' fees and expenses as set out in Appendices D and E have been incurred, as well as the sensitivities that might be applicable to the Administrators' anticipated fees and expenses over the remainder of the Administration.

#### Realisation of assets

The pre-packaged sale/the Transaction

- 3.3 As previously reported, the Sale and Purchase Agreement (SPA) with the JPIMedia group of companies (JPIMedia Group or the Purchasers) completed on 17 November 2018 and took effect from the same date. The sale was completed by the English Companies, acting by their Administrators.
- 3.4 The SPA incorporated a sale of all of the business and assets of the English Companies and the proportion of the total consideration allocated to each entity is reflected in the R&Ps.
- 3.5 The sale consideration totalling £181.0 million was allocated in the SPA amongst each entity in the Group, and by specific asset classes. Please refer to the previous reports for a detailed breakdown of the consideration.
- 3.6 Please note that the £181.0 million consideration may be subject to minor change depending upon the level of Administration costs and other funding required to be paid by the JPIMedia Group. The final level of consideration will therefore be confirmed in the Administrators' final report.
- 3.7 It was previously reported that the consideration comprised of cash and non-cash consideration as follows:
  - Cash of £8.0 million; £4.7 million of which was paid on completion, with the balance of £3.3 million being deferred (further details of which are provided below);
  - A promissory note convertible into £85.0 million of debt instruments of the JPIMedia Group (the **Debt Note**); and
  - A promissory note convertible into 100% of the equity of JPIMedia Group's holding company (the **Equity Note**) valued at £88.0 million.

- 3.8 The proportion of the cash consideration received (or receivable over the course of the Administrations) by the Group is permitted to be applied by the Administrators only for the purpose of:
  - discharging certain costs and expenses of the Administrations; and
  - making prescribed part distributions to unsecured creditors (see section 5.8), calculated in accordance with the statutory formula by reference to the net floating charge recoveries in the English Companies.
- 3.9 The deferred cash consideration of £3.3 million is payable to the extent that the above specified costs are incurred, in accordance with payment terms agreed with JPIMedia Group.
- 3.10 As previously reported, on 15 February 2019, a further £2.3 million was received by the Group resulting in an outstanding balance of approximately £1 million; however, based on current estimations, the final level of cash consideration due is anticipated to be slightly lower. The Administrators will continue to monitor the position and provide a further update in future reports.
- 3.11 The R&Ps at Appendix B provide details of the sales consideration received by each of the English Companies individually by asset class. For the majority of the English Agency Companies, the only realisable assets were their publishing titles.

#### **Properties**

- 3.12 The English Companies operated from 79 leasehold properties and 10 freehold properties and the Purchasers were granted licences to occupy (LTO) in respect of 68 of the leasehold premises while they discussed longer-term occupancy arrangements with the landlords.
- 3.13 At the start of the Period, 48 LTO agreements remained in place. During the Period, all of the remaining LTO agreements were terminated, the last of which was terminated on 27 September 2019. Four of the LTO agreements were terminated as a result of the landlord's agreement to an assignment of the existing lease and the remaining 64 LTO agreements were terminated as a result of either a new agreement being reached with the landlords or the vacation of the premises and the subsequent return of the property to the landlord.
- 3.14 During the period of each LTO, the Purchasers paid a licence fee for each site on a monthly basis to the relevant entity named on each lease. This was to cover rent and other amounts falling payable by the English Companies. This will therefore have no impact on the monies available to the English Companies' creditors and any surplus held upon final reconciliation of all costs will be returned to the Purchasers in due course.

#### Investments

As previously reported, on appointment, Halifax and Portsmouth held minority shares in PA Group Limited (**PA Group**). In the Period, the Administrators marketed the shareholdings (along with an additional minority shareholding of 0.02% held by another company within the Group, Century Newspapers Limited – in Administration (**Century**) to existing shareholders.

- 3.15 On 16 October 2019, the Administrators received an allocation notice to confirm the purchase price of the shares, and the transactions completed on 12 November 2019. The sale consideration was £1,174,800 in respect of Portsmouth, and £320,400 in respect of Halifax. The consideration for the shares held by Halifax was received after the Period end date and as such these funds are not shown in the Receipts and Payments Accounts in Appendix B.
- 3.16 A further £5,340 was achieved in respect of Century's minority shareholding, however this company does not fall within the scope of this report.
- 3.17 There will be no further proceeds from sales of minority shareholdings or investments.

#### Bank interest

3.18 Bank interest totalling £9,445 has been received in the English Companies' accounts during the Period. The total amount of bank interest received across the English Companies is £18,616. The amount attributable to each company can be found in the R&Ps at Appendix B.

Amendments to JPIMedia Group funding obligations

- 3.19 If the amount of the deferred cash consideration described above exceeded the amount of those costs and expenses and prescribed part distributions, the Administrators would ultimately be required to repay the excess to JPIMedia Group.
- 3.20 Owing to the aggregate costs of the Administrations having been lower than originally anticipated, JPIMedia Group requested that the Administrators agree to amend the relevant provisions of the SPA to reduce the amount of the deferred cash consideration required to be paid by JPIMedia Group and to make certain other related changes to those funding arrangements.
- 3.21 In addition, JPIMedia Group has sold or intends to sell certain parts of its group. In order to facilitate those sales, JPIMedia Group requested that certain members of its group be released from their obligations under the SPA. Those obligations related principally to the funding of the deferred cash consideration referred to above.
- 3.22 The Administrators do not anticipate those requests to have any adverse impact on returns for creditors, or any adverse impact on the Administrations generally. Accordingly, the Administrators have agreed to the JPIMedia Group's requests and the SPA was amended and the releases granted on 29 November 2019.

#### Administration (including statutory reporting)

- 3.23 In addition to their duties relating to realising and distributing the assets of the English Companies, the Administrators must comply with certain statutory compliance matters in accordance with the Insolvency Act 1986, which includes preparing biannual reports to creditors advising of the progress of the Administrations. The Administrators are responsible for liaising with HM Revenue & Customs (HMRC) to determine the final position in respect of corporation tax, PAYE, VAT and other taxes that may be owed by or to the English Companies, and for filing tax returns for the duration of the Administrations.
- 3.24 In order to ensure the matters of the Administrations are being progressed sufficiently, the Administrators have a duty to conduct periodic case reviews and complete case checklists. In addition, the Administrators' treasury function will also comply with cash accounting requirements including raising payments, processing journal vouchers and posting receipts, preparing bank reconciliations and statutory returns.
- 3.25 The time taken for statutory tasks is largely fixed, insofar as the cost of preparing a report to creditors or filing an annual return is similar for most cases, except where cases are very large or complex. Where the costs of statutory compliance and reporting to creditors exceeds the initial estimate, it will generally be because the duration of the case has been longer than expected, due to for example protracted realisation of assets, and therefore additional periodic reports have had to be prepared and distributed to stakeholders.

Time has also been spent preparing applications to court for the Administrators to seek discharge from any liability in respect of their actions as administrators of the English Companies pursuant to paragraph 98(c) of schedule B1 of the Insolvency Act 1986, as well as preparation for the approval of the extensions of the Administrations.

#### Creditors (claims and distribution)

- 3.26 During the Period, time has been spent liaising with and responding to queries from individual bondholders and GLAS.
- 3.27 The Administrators have also been corresponding with the key unsecured creditors, namely the PPF and HMRC, dealing with queries and obtaining confirmation of the level of their claims. Claims from other unsecured creditors have also been logged against the relevant companies and the Administrators have dealt with general queries by post, telephone and email.
- 3.28 First and final dividends were issued on the majority of cases during the Period. The level of claims received and rate of the dividends (where applicable) are provided at section 2. Further details of the outcome for creditors in each Administration can be found in section 5.

# 4. Investigations

4.1 The Administrators conducted investigations into the conduct of the directors and transactions entered into prior to the insolvencies of the English Companies, as required by the Company Directors Disqualification Act 1986, and Statement of Insolvency Practice 2 – Investigations by Office Holders in Administrations and Insolvent Liquidations. Based upon the outcome of the investigations, there were no matters identified that required further action.

#### 5. Estimated outcome for creditors

#### Secured creditor - GLAS Trust Corporation Limited

- 5.1 Each of the English Companies (with the exception of LNML) granted fixed and floating charges to GLAS in its capacity as security agent for the payment and satisfaction of secured liabilities owed to the Bondholders. Details of all the outstanding charges were provided previous reports and are summarised at Appendix A of this report.
- 5.2 At the date of the appointments the secured creditor was owed approximately £220.2 million (excluding interest and charges) under its security. It is anticipated that the secured creditor will suffer a shortfall in respect of its security from the Group, which based on current information is expected to be in the region of £48 million.
- 5.3 Returns from each of the English Companies are provided in the table below. In aggregate, distributions of approximately £162.0 million across the English Companies have been made to date.

Entity	Fixed charge distributions £	floating charge distributions £	Total £
Publishing	17,064,131	49,479,000	66,543,131
Publications	74,651,057	24,212	74,675,269
English Agency Companies	-	20,746,616	20,746,616
Total	91,715,188	70,249,828	161,965,016

5.4 Returns from the Scottish and Northern Irish companies in the Group which are also insolvent are reported separately.

#### **Preferential creditors**

As a result of the Transaction, all employees transferred automatically to entities within the JPIMedia Group in accordance with the Transfer of Undertakings (Protection of Employment) Regulations. As such, no preferential claims have been received in the Administrations.

#### **Unsecured Creditors**

- 5.6 Where there is a floating charge which was created on or after
  15 September 2003, the Administrators are required to create a fund from the
  English Companies' net property available for the benefit of unsecured creditors

  15 September 2003, there was a requirement to create Unsecured Creditors'
  Funds where the English Companies had sufficient net floating charge realisations to do so.

5.8 The table below details the net property and resulting UCF in each of the English Companies which have distributed their first and final dividends to the unsecured creditors as at the date of this report. The rates of dividend are provided for each of the English Companies in section 2. All returns are detailed after the costs of making the distributions, where applicable.

#### Notes

£600,000 is the statutory maximum Prescribed Part (before costs).

#### **Unclaimed dividends**

- 5.9 All cheques paid to unsecured creditors should be banked as soon as possible, and in any event must be banked within six months of the date of the cheque. Any cheques which have not cleared within six months of the declaration of the respective dividends will be cancelled and the proceeds will be forwarded to The Insolvency Service, Estate Accounts Directorate, Unclaimed Monies Team, PO Box 3690, Birmingham, B2 4UY.
- 5.10 If your cheque is cancelled on or after this date, please allow ten working days to pass before submitting a claim to The Insolvency Service. To make a claim, creditors should contact the Insolvency Service by email at:

  CustomerServices.EAS@insolvency.gov.uk and put the relevant company name as the subject.
- 5.11 The transfer of responsibility to the Insolvency Service is a routine step which requires administrators of an insolvent company to transfer unclaimed dividends to the agency six months after the cheques were issued. The agency will hold the funds for the next six years, after which it will return any money that remains unclaimed to HM Treasury, however, this does not affect creditors' rights to claim funds after the six years has passed.

# 6. Outstanding matters

#### Remaining distributions to unsecured creditors

- 6.1 The Administrators are currently making the final preparations to distribute to the unsecured creditors of Publishing. It is anticipated that the distribution to the Publishing unsecured creditors will be made shortly after the release of this report.
- 6.2 With regard to Halifax and Portsmouth, the Administrators will shortly issue their notices of intended dividend. Following a 21 day statutory notice period, the Administrators will proceed to issue the first and final dividend in these cases.
- 6.3 The Administrators will also take steps to submit a court application to file their discharge of liability.

#### Closure

6.4 Please be advised that the all of the Administrations will be closed at the same time to avoid incurring unnecessary reporting costs. The Administrators will prepare final tax returns after which a final report will be filed with the Registrar of Companies and with the Court with a view to moving the companies to dissolution.

## 7. What happens next

#### Creditors' rights

- 7.1 Within 21 days of the receipt of this report, a secured creditor, or an unsecured creditor (with the agreement of at least 5% of the value of the unsecured creditors) may request in writing that the Administrators provide further information about their fees or expenses (other than pre-administration costs) which have been itemised in this progress report.
- 7.2 Any secured creditor, or an unsecured creditor (with the agreement of at least 10% of the value of unsecured creditors) may, within eight weeks of receipt of this report, make an application to court on the grounds that the basis fixed for the Administrators' fees is inappropriate, or that the fees charged or the expenses incurred by the Administrators during the period of this report are excessive.

#### **Extension**

- 7.3 The secured creditor has agreed to the extension of the Administrations for a period of 12 months. Accordingly, the Administrations will now end automatically on 17 November 2020.
- 7.4 The Administrators will be discharged from liability under paragraph 98 of schedule B1 to the Insolvency Act 1986 directly after their appointment as Administrators ceases to have effect following completion of the court application detailed in section 6.

#### **Next report**

7.5 The Administrators are required to provide a progress report within one month of the end of the next six months of the Administrations, or earlier if the Administrations have been finalised. For details of the proposed exit route please see Appendix F.

# Appendix C. Administrators' fees and pre-administration costs

#### **Fees**

A copy of 'A Creditors' Guide to Administrations' can be downloaded from AlixPartners' creditor portal (https://www.alixpartnersinfoportal.com). If you would prefer this to be sent to you in hard copy, please contact the Administrators and they will forward a copy to you.

Approval of the Administrators' fees has been sought in accordance with insolvency legislation. On 5 December 2018, the secured creditor approved that the basis of the Administrators' fees be fixed as follows:

- With regard to Publishing, Publications and BondCo, the basis of the Administrators'
  fees has been fixed by reference to the time properly spent by the Administrators and
  their staff on matters arising in the Administrations. Time Analyses detailing the costs
  incurred during the Period are provided overleaf.
- With regard to the English Agency Companies (excluding LNML), the basis of the Administrators' fees was fixed as a set amount of £25,000 per case. However, following a review of the costs incurred, the Administrators agreed to reduce their fees to a maximum of £17,000 per case.

As LNML does not have a secured creditor the above does not apply to this case. Instead, the Administrators sought the approval of the unsecured creditors for the basis of the fees. On 14 February 2019, the unsecured creditors approved that the basis of the Administrators' fees be fixed as a set amount of £25,000; however, due to the limited value of the asset realisations only £3,000 will be drawn.

To date, fees totalling £1,027,103 have been drawn against floating charge realisations. A breakdown of this sum is provided in the individual R&Ps.

### Administrators' fee estimates - Publications, Publishing and BondCo

Should any matters arise, such as investigatory matters and/or additional realisable assets, further time will be incurred dealing with such matters. Similarly, if the Administrators encounter any protracted realisations, further time will be incurred in finalising matters. If applicable, the Administrators will advise creditors in future communications.

Details of the progress of the Administration to date, and matters that are outstanding or partially complete, together with an explanation of why the work was undertaken are set out in section 3.

Based upon the current position, the Administrators believe that the fee estimates previously provided remain valid.

### **Pre-administration costs**

As previously reported, the pre-administration costs totalling £251,807 were disclosed in the Proposals and were paid in full by the wider group prior to the appointment.

# Appendix D. Administrators' expenses and disbursements

### **Expenses of the Administration**

The estimate of expenses anticipated to be incurred by the Administrators from third parties whilst dealing with the Administration was provided to creditors in the Proposals; a copy of that estimate is set out below.

An analysis of the costs paid during the Period and cumulatively since appointment on each case can be found in the R&Ps.

### **Current position of Administrators' expenses**

An analysis of the costs paid to date on each case can be found in the R&Ps.

Legal fees incurred during the Period total £118,511. It is now anticipated that total legal fees across the Group will be lower than the initial estimate, although this will not be confirmed until all outstanding matters have been finalised. As previously reported, the Administrators have concluded that there were no matters that required further investigation.

### Administrators' disbursements

A copy of the analysis of anticipated disbursements previously provided is set out below. The actual expenses may be found in the receipts and payments account in Appendix B.

As previously reported, this sum includes storage costs of £23,754 paid by Publishing for the storage of the additional records, which were not previously known to the Administrators, relating to the wider group. This cost includes the time spent by a specialist team downloading and securing all data held on the wider group's systems and ensuring it is held in accordance with the General Data Protection Regulations 2018.

Approval to draw category 2 disbursements has been given by the secured creditor for all cases, except LNML. With regard to LNML, the unsecured creditors have provided their approval of the same. No category 2 disbursements have been drawn in the Period.

# Appendix E. Additional information in relation to the Administrators' fees pursuant to Statement of Insolvency Practice 9

### **Policy**

Detailed below is AlixPartners' policy in relation to:

- staff allocation and the use of sub-contractors;
- professional advisors; and
- disbursements.

Staff allocation and the use of sub-contractors

The Administrators' general approach to resourcing their assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The case team will usually consist of a managing director, a director or senior vice president, a vice president and a consultant. The exact case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment. On larger, more complex cases, several staff at all grades may be allocated to meet the demands of the case. The Administrators' charge-out rate schedule overleaf provides details of all grades of staff.

With regard to support staff, time spent by treasury staff in relation to tasks such as recording transactions and dealing with bank accounts is charged but secretarial time is only recovered if a large block of time is incurred, eg report compilation and distribution.

The Administrators have not utilised the services of any sub-contractors in this case.

With regard to the companies where the Administrators think that the companies have no net property which might permit a distribution to their unsecured creditors, the Administrators will file notices together with their final progress reports at court and with the Registrar for the dissolution of each company once all statutory matters have been completed. The Administrators will send copies of these documents to the relevant companies and their creditors. Each Administration will end following the registration of the respective notice by the Registrar of Companies.

### Discharge from liability

The Administrators will seek approval from the court to be discharged from liability under paragraph 98 of Schedule B1 of the Insolvency Act 1986 directly after their appointment as Administrators ceases to have effect.
