Close company status

7 The close company provisions of the Corporation Tax Act 2010 apply to the company.

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice). The financial statements are required by law to give a true and fair view of the state of affairs of the company.

In preparing those financial statements, the directors are required to:

- (i) select suitable accounting policies and apply them consistently;
- (ii) make judgements and estimates that are reasonable and prudent;
- (iii) prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Exemptions applicable to small companies

- This report has been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.
- This report was approved by the Board on 21 September 2015 and signed on its behalf.

T J NEWTON Secretary

FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014 INDEPENDENT AUDITORS REPORT TO THE SHAREHOLDERS OF CAMBRIDGE ENVIRONMENTAL RESEARCH CONSULTANTS LTD

We have audited the financial statements of Cambridge Environmental Research Consultants Limited for the year ended 31 December 2014 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the Financial Reporting Standard for Smaller Entities (Effective April 2008) (United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As explained more fully in the Statement of Directors' Responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report of the Directors to identify material inconsistencies with the audited financial statements and to indentify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

OPINION ON FINANCIAL STATEMENTS

In our opinion, the financial statements:

* give a true and fair view of the state of the company's affairs as at 31st December 2014 and of its loss for the year then ended;

- * have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities; and
- * have been prepared in accordance with the requirements of the Companies Act 2006.

OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- * adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- * the financial statements are not in agreement with the accounting records and returns; or
- * certain disclosures or directors' remuneration specified by law are not made; or
- * we have not received all the information and explanations we require for our audit; or
- * the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the Report of the Directors.

The notes on pages 9-14 form part of these financial statements.

Notes to the accounts - 31 December 2014

1 Principal accounting policies

(a) Basis of preparation

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

(b) Depreciation

Depreciation is calculated so as to write off the cost of fixed assets on a straight line basis over the useful lives of the assets concerned. The annual rates used for this purpose are:

•	<u>,</u>
Furniture, fixtures and fittings	10
Plant and machinery	25
Assets acquired under finance leases	20-25

(c) Turnover

Turnover, which excludes value added tax, represents the invoiced value of goods and services supplied.

(d) Stocks and work in progress

Stocks and work in progress (stated at the lower of cost and net realisable value) represent the cost of labour and, where appropriate, materials on contract research in progress at the balance sheet date, which has been incurred but not yet invoiced.

(e) Long term contracts

The results of long term contracts in progress at the balance sheet date are stated in accordance with Statement of Standard Accounting Practice No 9. In particular, turnover is included to the extent that it represents work completed by the balance sheet date. A proportionate part of the profit attributable to the contract is credited to the profit and loss account only where the outcome of the contract may be ascertained with reasonable certainty. Losses are charged to the profit and loss account as soon as they become apparent.

(f) Deferred taxation

Provision for deferred taxation is made as required by Financial Reporting Standard 19 in respect of all timing differences that have originated but not reversed by the balance sheet date.

(g) Finance leases

Assets acquired under finance leases are capitalised at their fair values and depreciated using the methods and rates disclosed above. The obligation to pay future rentals is recorded as a liability on

the balance sheet, net of finance charges. Finance charges are allocated to accounting periods so as to approximate to a constant rate of return on the outstanding balance.

(h) Operating leases

Rentals under operating leases are charged on a straight line basis over the lease term.

(i) Cash flow information

As a small company for the purposes of the Companies Act 2006, the company has used the exemption provided by Financial Reporting Standard 1, under which it is not required to include a cash flow statement as part of its financial statements.

(j) Development expenditure

The company defers development expenditure on new software products where the amounts are material and the project meets the criteria for deferral specified in Statement of Standard Accounting Practice 13 (revised). Development expenditure is amortised over the period in which the product is expected to be sold, commencing in the period in which it is launched.

(k) Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken into account in arriving at operating profit.

2 Operating profit

Operating profit is stated after charging:
