These accounts have been prepared in accordance with the special provisions relating to small companies within part VII of the Companies Act 1985 and with the Financial Reporting Standard for Smaller Entities (effective January 2007)

The directors are of the opinion that the company is entitled to the exemptions from audit conferred by section 249A(1) of the Companies Act 1985 for the year ended 31 March 2008

The directors confirm that no member or members have requested an audit pursuant to subsection 2 of section 249B of the Companies Act 1985

The directors are responsible for -

- ensuring that the company keeps accounting records which comply with section 221 of the Companies Act 1985, and
- preparing accounts which give a true and fair view of the state of affairs of the company as at 31 March 2008 and of its results for the year then ended in accordance with the requirements of section 226 of the Companies Act 1985, and which otherwise comply with the requirements of this Act relating to accounts, so far as applicable to the company

Approved by the board of directors on 29 August 2008 and signed on its behalf

R S Bodikian - Director

The notes on pages 2 to 4 form part of these financial statements

CHARLES CLAYTON LIMITED

Notes to the abbreviated accounts for the year ended 31 March 2008

1 Accounting policies

a) *Basis of accounting*

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company

b) *Turnover*

The turnover shown in the profit and loss account is derived from ordinary activities, and stated after trade discounts, other sales taxes and net of value added tax

c) *Depreciation of tangible fixed assets*

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are

Motor vehicles	4 years straight line
Equipment, fixtures and fittings	5 years straight line
Plant and machinery	5 years straight line

d) *Stocks*

Stock and work in progress are valued at the lower of cost and estimated net realisable value, after making due allowance for slow moving or obsolete items. Cost represents materials, direct labour and an appropriate allocation of fixed overheads

e) *Deferred taxation*

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis, at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date

f) *Foreign currency translation*

Assets and liabilities denominated in foreign currencies are translated into sterling at the rates ruling at the year end. The trading results of overseas operations are translated at average rates of exchange for the year

g) *Investments*

Listed fixed asset investments are stated at market value. Other investments held as fixed assets are stated at cost less a provision for any diminution in value

h) *Hire purchase and lease transactions*

Assets acquired under hire purchase agreements are capitalised in the balance sheet and are depreciated in accordance with the company's normal policy. The outstanding liabilities under such agreements less interest not yet due are included in creditors. Interest on such agreements is charged to the profit and loss account over the term of each agreement and represents a constant proportion of the balance of capital repayments outstanding

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

CHARLES CLAYTON LIMITED

Notes to the abbreviated accounts for the year ended 31 March 2008 (continued)

1 Accounting policies (continued)

i) Pension scheme

The pension costs charged in the financial statements represent the contributions payable by the company during the year
