### Strategic Report for the year ended 31 December 2017

The directors present their strategic report for the year ended 31 December 2017.

The purpose of this strategic report is to inform members of the company and help them assess how the directors have performed their duty under section 172 of the Companies Act 2006 (duty to promote the success of the company).

### Fair review of the business

The group consists of companies operating in various marketing communications disciplines including branding, experiential, digital/direct marketing, field marketing, healthcare, public relations, research, publishing/content marketing and advertising.

The key indicators that we review focus on revenue, staff costs and operating margin. Our revenue increased by 16.9% (2016: 3.4%) as a result of the impact of acquisitions made during 2016 along with a small increase of 1.4% from existing businesses, with a range of performances across different businesses.

Because we are a service business, we monitor expenses on a percentage of revenue basis. We measure expenses in two distinct cost categories, staff costs and all other operating expenses. Staff costs are primarily comprised of salaries, social security and employer pension contributions. Other operating expenses are primarily comprised of rent and occupancy costs, technology related costs and depreciation. Staff costs tend to fluctuate in conjunction with changes in revenue whereas other operating costs tend to be relatively fixed in nature. Staff costs decreased to 44.2% (2016: 46.2%) of revenue.

Our operating margin increased to 8.4% (2016: 7.2%) as a result of both improvements in operating margins of existing businesses along with the impact of acquisitions made during 2016, with a range of performances across different businesses.

At the end of the year the group had net current assets of £66.7m (2016: £32.0m) - an increase of £34.7m predominantly as a result of capital investments from DAS Europe Limited of £13.0m for the purpose of making final payments in respect of previous acquisitions (see note 16) along with a capital investment of £17.9m in respect of CDS EMEA Limited (see note 18).

The directors consider that the group has access to sufficient funds to meet its needs for the reasons set out in note 1 to the financial statements. Accordingly, the directors have prepared the financial statements on a going concern basis.

### Strategic Report for the year ended 31 December 2017

### Principal risks and uncertainties

Our employees are our most important assets and our ability to attract and retain key personnel is an important aspect of our competitiveness. If we are unable to attract and retain key personnel, including highly skilled technically proficient personnel, our ability to provide our services in the manner our customers have come to expect may be adversely affected, which could harm our reputation and result in a loss of clients, which could have a material adverse effect on our results of operations and financial position.

Our clients generally are able to reduce advertising and marketing spending or cancel projects at any time on short notice for any reason. It is possible that our clients could reduce spending in comparison to historical patterns, or they could reduce future spending. A significant reduction in advertising and marketing spending by our largest clients, or the loss of several of our largest clients, if not replaced by new clients or an increase in business from existing clients, would adversely affect our revenue and could have a material adverse effect on our results of operations and financial position.

We rely on information technology systems and infrastructure to process transactions, summarize results and manage our business, including maintaining client marketing and advertising information. Our information technology systems are potentially vulnerable to system failures and network disruptions, malicious intrusion and random attack.

Likewise, data security incidents and breaches by employees and others with or without permitted access to our systems may pose a risk that sensitive data may be exposed to unauthorized persons or to the public. Additionally, we utilize third parties, including cloud providers, to store, transfer or process data. Whilst we have taken what we believe are prudent measures to protect our data and information technology systems, there can be no assurance that our efforts will prevent failures or network disruptions or breaches in our systems, or in systems of third parties we use, that could adversely affect our reputation or business.

Global economic conditions have a direct impact on our business and financial performance. In particular, current global economic conditions pose a risk that our clients may reduce future spending on advertising and marketing services which could reduce the demand for our services. If domestic or global economic conditions worsen or do not improve, our results of operations and financial position could be adversely affected. We will continue to closely monitor economic conditions, client revenue levels and other factors and, in response to reductions in our client revenue, if necessary, we will take actions available to us to align our cost structure and manage working capital. There can be no assurance whether, or to what extent, our efforts to mitigate any impact of future economic conditions, reductions in our client revenue, changes in client creditworthiness and other developments will be effective.

Global economic uncertainty, turmoil in the credit markets or a contraction in the availability of credit may make it more difficult for businesses, including us, to meet their working capital requirements and could lead clients to seek to change their financial relationship with their vendors, including us, and could cause our clients to reduce spending on our services, delay the payment for our services or take additional actions that would negatively affect our working capital. We could need to obtain additional financing to fund our day-to-day working capital requirements in such circumstances. There is no assurance that such additional financing would be available on favourable terms, if at all. Such circumstances could have a material adverse effect on our results of operations and financial position.

### Strategic Report for the year ended 31 December 2017

Government agencies and consumer groups directly or indirectly affect or attempt to affect the scope, content and manner of presentation of advertising, marketing and corporate communications services, through regulation or other governmental action. Any limitation on the scope or content of our services could affect our ability to meet our clients' needs, which could have a material adverse effect on our results of operations and financial position. In addition, there has been a tendency on the part of businesses to resort to the judicial system to challenge advertising practices. Such actions by businesses or governmental agencies could have a material adverse effect on our results of operations and financial position.

Additionally, government or legislative action may limit the tax deductibility of advertising expenditures by certain industries or for certain products or services. These actions could cause our clients affected by such actions to reduce their spending on our services which could have a material adverse effect on our results of operations and financial position. Further, laws and regulations, related to user privacy, use of personal information and Internet tracking technologies have been proposed or enacted in the United States, EU and certain international markets. These laws and regulations could affect the acceptance of new communications technologies and the use of current communications technologies as advertising mediums. These actions could affect our business and reduce demand for certain of our services, which could have a material adverse effect on our results of operations and financial position.

Following the EU referendum result and the subsequent commencement of the Brexit process there has been no adverse impact to business to date. The group will continue to monitor the medium to long term impact of Brexit on the business activities.

Approved by the Board on 26 September 2018 and signed on its behalf by:

P D Trueman Director

### Directors' Report for the year ended 31 December 2017

The directors present their report and the for the year ended 31 December 2017.

### Principal activity

The principal activity of the company is that of a holding company and its subsidiaries are agencies providing advertising, marketing, research and communication services.

### Dividends

Effective 1 January 2017 the directors paid as a dividend-in-specie the entire quotaholding in Fleishman-Hillard Italia s.r.l. to DAS Europe Limited at a fair market value of £478,024.

On 10 March 2017 the directors paid an interim dividend in respect of the year ended 31 December 2017 of £5,662.37 per share totalling £21,517,000.

On 8 September 2017 the directors paid an interim dividend in respect of the year ended 31 December 2017 of £3,026.10 per share totalling £12,407,000.

On 10 October 2017 the directors paid an interim dividend in respect of the year ended 31 December 2017 of £459.28 per share totalling £1,883,041.

On 17 November 2017 the directors paid an interim dividend in respect of the year ended 31 December 2017 of £177.02 per share totalling £725,775.

On 20 December 2017 the directors paid an interim dividend of £369.36 per share totalling £1,514,361 making total dividends paid in the year of £38,525,201 (2016: £40,011,975).

### Directors of the group

The directors who held office during the year were as follows:

P D Trueman

J M W Betts

### Political and charitable donations

During the year the group made no political donations (2016: £nil). Donations to charity amounted to £45,035 (2016: £29,533).

### **Employment of disabled persons**

Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of a member of staff becoming disabled every effort is made to ensure that their employment with the company continues and that appropriate training is arranged. It is the policy of the company that training, career development and promotion of disabled persons should, as far as possible, be identical with that of other employees.

### Post balance sheet events

On 30 January 2018 the company paid interim dividends of £1,565,549 and £58,561. On 20 February 2018 and 6 September 2018 the company paid further interim dividends of £18,975,000 and £11,520,000 respectively. These have not been included in the accounts as they were not approved before the year end.

### Directors' Report for the year ended 31 December 2017

### Disclosure of information to the auditor

Each director who held office at the date of approval of this Directors' report confirms that, so far as they are aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

### Reappointment of auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Approved by the Board on 26 September 2018 and signed on its behalf by:

P D Trueman Director

85 Strand 5th Floor London WC2R 0DW

### Statement of Directors' Responsibilities

The directors acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards and applicable law (United Kingdom Generally Accepted Accounting Practice), including FRS102 The Financial Reporting Standard applicable in the UK and Republic of Ireland. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and of the company and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures
  disclosed and explained in the financial statements;
- assess the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Independent Auditor's Report to the Members of DAS UK Investments Limited

### Opinion

We have audited the financial statements of DAS UK Investments Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 December 2017, which comprise the Consolidated Profit and Loss Account, Consolidated Statement of Comprehensive Income, Consolidated Balance Sheet, Balance Sheet, Consolidated Statement of Changes in Equity, Statement of Changes in Equity, Consolidated Statement of Cash Flows, and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 December 2017 and of the group's profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

### Going concern

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. We have nothing to report in these respects.

### Strategic Report and Directors' Report

The directors are responsible for the Strategic Report and the Directors' Report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the Strategic Report and the Directors' Report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- · we have not identified material misstatements in the Strategic Report and the Directors' Report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

### Independent Auditor's Report to the Members of DAS UK Investments Limited

### Matters on which we are required to report by exception

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- · the parent company financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

### Directors' responsibilities

As explained more fully in their statement set out on page 6, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

### The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Kevin Hall (Senior Statutory Auditor)

### Notes to the Financial Statements for the year ended 31 December 2017

### 1 Accounting policies

### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. The following accounting policies have been applied consistently in dealing with items which are considered to be material in relation to the company's financial statements.

### Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules.

The company is a private company limited by share capital incorporated and domiciled in United Kingdom.

The financial statements are presented in sterling the company's functional currency.

The financial statements were prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014. The amendments to FRS102 issued in July 2015 and effective immediately have been applied.

### Summary of disclosure exemptions

In these financial statements, the company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures for the parent company financial statements only:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- · Cash Flow Statement and related notes; and
- · Key Management Personnel compensation.

As the consolidated financial statements of Omnicom Group Inc. include the equivalent disclosures, the company has also taken the exemptions under FRS 102 available in respect of the following disclosures:

- Certain disclosures required by FRS 102.26 Share Based Payments; and,
- The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

Related party transactions: As a 100% owned subsidiary of Omnicom Group Inc. the company has taken advantage of the exemption available under FRS 102 Section 33. 1A: Related Party Disclosures, which enable it to exclude disclosure of transactions with Omnicom Group Inc., and its wholly owned subsidiaries.

### Notes to the Financial Statements for the year ended 31 December 2017

Under Section 408 of the Companies Act 2006 the company is exempt from the requirement to present its own profit and loss account.

### Basis of consolidation

The group financial statements consolidate the financial statements of the company and its subsidiary undertakings drawn up to 31 December 2017.

A subsidiary is an entity controlled by the company. Control is achieved where the company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the Profit and Loss Account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the group.

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised is recorded as goodwill.

Consideration which is contingent on future events is recognised based on the estimated amount if the contingent consideration is probable and can be measured reliably. Any subsequent changes to the amount are treated as an adjustment to the cost of the acquisition.

Inter-company transactions, balances and unrealised gains on transactions between the company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are also eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the group's equity therein. Non-controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling shareholder's share of changes in equity since the date of the combination.

Entities in which the group holds an interest on a long-term basis and are jointly controlled by the group and one or more other ventures under a contractual arrangement are treated as joint ventures. In the group financial statements, joint ventures are accounted for using the gross equity method.

Entities, other than subsidiary undertakings or joint ventures, in which the group has a participating interest and over whose operating and financial policies the group exercises a significant influence are treated as associates. In the group financial statements, associates are accounted for using the equity method.

### Notes to the Financial Statements for the year ended 31 December 2017

### Going concern

The group has net current assets of £66,665,437 at 31 December 2017 (2016: £31,993,233). The directors consider that the company has access to sufficient funding to meet its needs for the reasons set out below. Accordingly, the directors have prepared the financial statements on a going concern basis.

The company and certain of its subsidiaries participate in a cash concentration arrangement with its fellow subsidiaries, Omnicom Finance Limited and Omnicom Financial Services Limited, the group's UK treasury operations, under which bank balances are cleared to zero on a daily basis either by the company and its subsidiaries depositing cash with Omnicom Finance Limited / Omnicom Financial Services Limited or by Omnicom Finance Limited / Omnicom Financial Services Limited depositing cash with the company and its subsidiaries. The company and its subsidiaries access to borrowings under the cash concentration arrangement is not limited as long as these borrowings are required in the normal course of business and are made in accordance with the Omnicom Group Inc Grant of Authority.

Omnicom Finance Limited, is able to make this commitment because Omnicom Finance Limited is a co-borrower with Omnicom Finance Inc. and Omnicom Capital Inc. under certain group bank facilities which are more fully described in the Omnicom Group Inc. financial statements filed on Form 10-K and available at www.OmnicomGroup.com.

The directors consider the combination of the group facilities and expected funding requirements of the Omnicom Group Inc. and its subsidiaries provides sufficient access to funding to ensure that the company is able to meet its liabilities as they fall due for the foreseeable future. Accordingly, the directors have prepared the financial statements as a going concern.

### Key sources of estimation uncertainty

Impairment reviews of the company's investments set out in note 13 are carried out by determining the net recoverable value using the Omnicom discounted cash flow model, with which future cash flows have been projected over a 5 year period and include a terminal value to incorporate expected growth thereafter. The projected cash flows have been discounted by the group's post-tax WACC rate of 9.6%.

The cash flow projections assume a growth rate for each year and individual subsidiary which reflect management's conservative estimate of the medium term operating performance. The terminal value is calculated using a perpetuity model which assumes a long term growth rate which reflects the long term GDP growth forecasts for the region and industry.

### **Gross Billings**

Gross billings are recognised when the service is performed, in accordance with the terms and conditions of the contractual arrangement and when collection is reasonably assured.

Gross billings comprise the gross amounts billed to clients in respect of commission based income together with the total of other fees earned and amounts recharged to clients for rebillable costs.

### Rebillable costs

Rebillable costs comprise media payments and third party production costs for those services that the group is arranging for its clients in its capacity as an intermediary. The group contracts directly with suppliers and is responsible for their payment, recharging its clients for all costs incurred. Although the group bears credit risk in respect of these activities, the arrangements with its clients are such that, in effect it acts as an intermediary on behalf of its client. Where the group acts as an intermediary, costs incurred with external suppliers are excluded from revenue.

### Notes to the Financial Statements for the year ended 31 December 2017

### Revenue

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the group's activities. Revenue is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the group.

The group recognises revenue when:

- The amount of revenue can be reliably measured;
- It is probable that future economic benefits will flow to the entity; and
- Specific criteria have been met for each of the group's activities.

### Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the respective functional currency of the entity at the rates prevailing on the reporting period date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the initial transaction dates.

Non-monetary items measured in terms of historical cost in a foreign currency are not retranslated.

### Tax

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; and differences relating to investments in subsidiaries, associates and joint ventures to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Deferred tax is provided in respect of the additional tax that will be paid or avoided on differences between the amount at which an asset (other than goodwill) or liability is recognised in a business combination and the corresponding amount that can be deducted or assessed for tax. Goodwill is adjusted by the amount of such deferred tax.

### Notes to the Financial Statements for the year ended 31 December 2017

### Fixed assets and depreciation

Tangible fixed assets are stated at cost/deemed cost less accumulated depreciation and accumulated impairment losses. Depreciation is charged so as to write off the cost of assets over their estimated useful lives, as follows:

Asset class	Depreciation method and r
Land and buildings	Life of lease
Leasehold improvements	Life of lease
Furniture, fittings and equipment	4 - 10 Years
Motor vehicles	4 - 5 Years
Office equipment	4 - 10 Years

### Intangible assets

Goodwill arising on the acquisition of an entity represents the excess of the cost of acquisition over the group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the entity recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Separately acquired concessions, patents, licences, trademarks and similar rights are stated in the balance sheet at cost less accumulated amortisation and impairment.

Concessions, patents, licences, trademarks and similar rights acquired in a business combination are recognised at fair value at the acquisition date.

Other intangible assets are stated in the balance sheet at cost less accumulated amortisation and impairment. They are amortised on a straight line basis over their estimated useful lives.

### Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class	Amortisation method and rate
Goodwill	10 Years
Concessions, patents, licences, trademarks and similar rights and assets	4-10 Years
Software	3-5 Years

### Fixed asset investments

Fixed asset investments in the parent company financial statements are stated at historical cost less provision for impairment. Where the directors consider that a previous impairment provision is no longer appropriate, the impairment is reversed.

### Interest in associated undertakings

Associated undertakings are entities in which the company has a participating interest and over whose operating and financial policy the company exercises a significant influence.

### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

### Notes to the Financial Statements for the year ended 31 December 2017

### Trade and other debtors

Trade and other debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business, together with other debtors.

Trade and other debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade and other debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

### Stocks

Work in progress is stated at the lower of cost and estimated selling price. Work in progress consists of direct expenses incurred on unbilled work. Estimated selling price is based on estimated sales value less further costs to complete and sell.

At each reporting date, work in progress is assessed for impairment. If work in progress is impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in the profit and loss account.

### Trade and other creditors

Trade and other creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade and other creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

### Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

Assets held under finance leases, which are leases where substantially all of the risk and rewards of ownership of the asset have passed to the group, are capitalised in the balance sheet as tangible fixed assets and are depreciated over the shorter of the lease term and their useful lives. The capital elements of future obligations under the leases are included as liabilities in the balance sheet. The interest element of the rental obligation is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding. Assets held under hire purchase agreements are capitalised as tangible fixed assets and are depreciated over the shorter of the lease term and their useful lives. The capital element of the future finance payments is included within creditors. Finance charges are allocated to accounting periods over the length of the contract and represent a constant proportion of the balance of capital repayments outstanding.

### Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

### Notes to the Financial Statements for the year ended 31 December 2017

### Dividends

Dividend distribution to the company's shareholders is recognised as a liability in the financial statements in the reporting period in which the dividends are declared.

Dividend income is recognised in the profit and loss account on the date the company's right to receive payment is established.

### Defined contribution pension obligation

The group operates a number of defined contribution pensions schemes. The assets of the schemes are held separately from those of the group in independently administered funds. The amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

### Defined benefit pension obligation

For employees who joined Porter Novelli Limited before I January 1994, the company offered pension benefits through a final salary defined benefits scheme up until 30 April 1998 (the Countrywide Communications Group Limited Staff Benefits Plan).

Pension scheme assets are measured using market values. Pension scheme liabilities are measured using a projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liability.

The pension scheme is recognised in full. The movement in the scheme deficit is between operating charges, finance items and, in the statement of comprehensive income, actuarial gains and losses.

### Share based payments

The group operates an equity-settled, share-based compensation plan, under which the entity receives services from employees as consideration for equity instruments (options) of the entity. The fair value of the employee services received is measured by reference to the estimated fair value at the grant date of equity instruments granted and is recognised as an expense over the vesting period. The estimated fair value of the option granted is calculated using the Black Scholes option pricing model. The total amount expensed is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

Amounts reimbursed by the company and its subsidiaries to Omnicom Group Inc. in respect of these options are recognised as a distribution directly to equity.

### 2 Revenue

The whole of the group's gross billings, revenue and operating profit for the year related to its principal activity, which was the provision of advertising, marketing, research and communication services, and which was carried out predominantly in the United Kingdom.

### Notes to the Financial Statements for the year ended 31 December 2017

The analysis of the group's revenue by geographic location by destination for the year from continuing operations for rendering of services is as follows:

Europe Americas Rest of world	£ 253,322,977 140,981,179 51,604,716 39,560,515 485,469,387	£ 261,846,024 83,920,264 32,134,156 37,478,716 415,379,160

### Notes to the Financial Statements for the year ended 31 December 2017

### 9 Taxation

Tax charged/(credited) in the profit and loss account

	2017 £	2016 £
Current taxation		
Current tax on income for the period	8,354,093	7,203,750
Adjustments in respect of previous periods	1,213,121	(847,208)
	9,567,214	6,356,542
Current foreign tax on income for the period	990,915	101,530
Total current income tax	10,558,129	6,458,072
Deferred taxation		
Origination and reversal of timing differences	380,331	525,628
Effect of increased/decreased tax rate on opening liability	(23,717)	62,569
Adjustment in respect of previous periods	(623,919)	(19,646)
Total deferred taxation	(267,305)	568,551
Tax expense in the profit and loss account	10,290,824	7,026,623

The tax on profit before tax for the year is higher than the standard rate of corporation tax in the UK (2016: higher than the standard rate of corporation tax in the UK) of 19.25% (2016: 20%).

The differences are reconciled below:

	2017 £	2016 £
Profit before tax	39,335,982	28,182,854
Corporation tax at standard rate	7,572,177	5,636,571
Effect of expense not deductible in determining taxable profit (tax loss)	1,812,254	1,943,179
Effect of tax losses	(14,230)	(21,758)
Effect of foreign tax rates	334,057	-
UK deferred tax (credit)/expense relating to changes in tax rates or laws	(23,717)	62,569
(Decrease) in UK deferred tax from a prior period	(623,919)	(19,646)
Increase/(decrease) in UK current tax from a prior period	1,213,121	(847,208)
Tax increase from effect of exercise of employee share options	•	5,421
Other tax effects for reconciliation between accounting profit and tax		
expense (income)	21,081	267,495
Total tax charge	10,290,824	7,026,623

### Notes to the Financial Statements for the year ended 31 December 2017

Reductions in the UK corporation tax rate to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the company's future tax charge accordingly. The deferred tax asset and liability at 31 December 2017 have been calculated based on these rates.

### Notes to the Financial Statements for the year ended 31 December 2017

### 19 Pension and other schemes

### Defined contribution pension scheme

The group operates several defined contribution pension schemes. The pension cost charge for the year represents contributions payable by the group to the schemes and amounted to £6,923,405 (2016: £5,824,001).

### Defined benefit pension schemes

### Countrywide Communications Group Limited Staff Benefits Plan

The group operates a defined benefit pension scheme in the UK. This is a separate trustee administered fund holding the pension scheme assets to meet long term pension liabilities. A full actuarial valuation was carried out at 31 December 2016 and updated to 31 December 2017 by a qualified actuary, independent of the scheme's sponsoring employer. The major assumptions used by the actuary are shown below.

The most recent actuarial valuation showed a deficit of £4,411,000. The group has agreed with the trustees that it will aim to eliminate the deficit over a period of 6 years and 6 months from 1 January 2017 by the payment of annual contributions of £456,000 in respect of the deficit. In addition and in accordance with the actuarial valuation, an allowance has been included in the technical provisions liabilities and therefore the contributions to meet expenses of the scheme and levies to the Pension Protection Fund.

The pension contributions payable to the scheme amounted to £456,000 in the year (2016: £456,000).

The total cost relating to defined benefit schemes for the year recognised in profit or loss as an expense was £(2,632) (2016: £NiI).

The best estimate of the contributions to be paid by the group to the scheme for the period commencing 1 January 2018 is £456,000.

### Principal actuarial assumptions

The principal actuarial assumptions at the statement of financial position date are as follows:

	2017	2016
Life expectancy - Male retiring in 2017 at 65 years of age (years)	22.10	22.40
Life expectancy - Female retiring in 2017 at 65 years of age (years)	23.90	24.70
Life expectancy - Male retiring in 2037 at 65 years of age (years)	23.50	24.20
Life expectancy - Female retiring in 2037 at 65 years of age (years)	25.40	26.60
Discount Rate (%)	2.50	2.70

### Notes to the Financial Statements for the year ended 31 December 2017

### Analysis of assets

The major categories of scheme assets are as follows:

	2017	2016
	£	£
Overseas Equities	7,862,497	6,976,626
Corporate Bonds	1,826,815	1,558,612
Government Bonds	196,397	179,618
Cash	53,653	54,027
Other	500,813	458,025
	10,440,175	9,226,908

None of the fair value of assets shown above include any direct investments in the group's own financial instruments or any property occupied by, or other assets used by, the group.

### Return on scheme assets

	2017 £	2016 £
Return on scheme assets	946,453	1,778,123

### 20 Share-based payments

Omnicom Group Inc (the ultimate parent of the company) runs a share ownership programme that allows group employees to acquire shares in Omnicom Group Inc. Options were awarded in March 2009 and March 2017. It is anticipated that the full vesting period for options will be three years. The 2009 option grants become exercisable 30% on each of the first two anniversary dates of the grant date with the final 40% becoming exercisable three years from the grant date. The 2017 option grants become exercisable on the third anniversary of the grant date.

The fair value of services received in return for shares and share options granted to employees, is measured by reference to the fair value of shares and share options granted. As permitted by FRS 102 Section 26, the company has applied the requirements of this standard to all share based payment awards granted after 7 November 2002. The estimate of the fair value of the services received is measured based on the Black-Scholes formula.

During the year ended 31 December 2017, the company recognised an expense of £68,858 (2016: £nil) in respect of outstanding share awards.

The 2009 options outstanding at the year-end have an exercise price of \$23.40 and a weighted average contractual life of 10 years. The 2017 options outstanding at the year-end have an exercise price of \$84.94 and a weighted average contractual life of 6 years.

### Notes to the Financial Statements for the year ended 31 December 2017

	2009	2017
Fair value at measurement date \$	3.51	9.87
Weighted average share price \$	23.40	84.94
Exercise price \$	23.40	84.94
Expected volatility (expressed as 5 year historical monthly used in the modelling under Black Scholes model)	19.61%	16.30%
Option life in years	5.0	4.5
Expected dividends	2.458%	2.600%
Risk-free interest rate (based on national government bonds)	1.67%	2.00%

The expected volatility is wholly based on the historic volatility (calculated based on the weighted average remaining life of the share options), adjusted for any expected changes to future volatility due to publicly available information.

Share options are granted under a service condition and a non-market performance condition. Such conditions are not taken into account in the grant date fair value measurement of the services received.

The number and weighted average exercise prices of share options in Omnicom Group Inc. held by DAS UK Investments Limited group employees are as follows:

	2017	2017	2016	2016
	Weighted average exercise price \$	Number of options	Weighted average exercise price \$	Number of options
At beginning of year	23.40	16,850	23.40	82,550
Granted	84.94	35,500	-	-
Exercised	-	-	23.40	(65,700)
Lapsed	-	•	-	-
Forfeited	-	-	-	-
Outstanding options at end of the year	65.13	52,350	23.40	16,850
Exercisable at end of the year	23.40	16,850	23.40	16,850

The liability arising in relation to the linked recharge from Omnicom Group Inc in relation to these share options for the year was £222,293 (2016: asset £250,259).

The weighted average share price at the date of exercise of share options exercised during the year was \$nil (2016: \$82.93).

### Notes to the Financial Statements for the year ended 31 December 2017

### 21 Commitments

### Group

### Operating leases

Certain of the group's principal premises are leased from a fellow group company on terms with no future minimum base payments.

The total of future minimum lease payments is as follows:

	2017	2016
	£	£
Not later than one year	4,131,274	4,448,274
Later than one year and not later than five years	7,811,966	5,597,140
Later than five years	139,824	167,539
	12,083,064	10,212,953

### 22 Related party transactions

### Group

### Summary of transactions with subsidiaries

	2017	2016
