The directors acknowledge their responsibilities for

- i ensuring that the company keeps accounting records which comply with section 221, and
- ii preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 226, and which otherwise comply with the requirements of this Act relating to accounts, so far as applicable to the company

BURAN INVESTMENTS LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2007

1 ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year, and also have been consistently applied within the same accounts

Cash Flow Statement

The company qualifies as a small company and advantage has therefore been taken of the exemption provided by the Financial Reporting Standard No 1 not to prepare a cash flow statement

Basis of Preparation of Financial Statements

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

The effect of events in relation to the year ended 31 March 2007 which occurred before the date of approval of the financial statements by the Board of Directors, have been included in the statements to the extent required to show a true and fair view of the state of affairs at 31 March 2007 and of the results for the year ended on that date

Freehold properties

The company's freehold investment property is valued at open market value in accordance with SSAP 19. The latest formal valuation by a firm of independent chartered surveyors was in 1997, and in 2007 a revaluation was carried out by the directors to reflect the current market value of the property. This policy is contrary to the Companies Act 1985 which requires all fixed assets to be depreciated, but in the opinion of the directors the accounting policy gives a true and fair view.

Deferred Taxation

Deferred taxation is provided on the liability method to take account of timing differences between the treatment of certain items for accounts purposes and their treatment for tax purposes. Tax deferred or accelerated is accounted for in full in respect of all material timing differences.

Dividends

Final dividends do not become legally binding until they are approved at a general meeting and as a result there is no binding obligation at the year end. Dividends are accounted for in the period in which they are paid.
