NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

1 ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The accounts are prepared under the historical cost convention and include the results of the company's operations which are described in the Directors' Report and all of which are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Turnover

Turnover comprises the involved value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Office equipment

25% reducing balance basis

Motor Vehicles

25% reducing balance basis

1.4 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.5 Operating Leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.

1.6 Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowances for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1.7 Deferred taxation

Provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for taxation and accounts purposes, using the liability method, only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise.

1.8 Pensions

The company operates a contributory scheme, Cadassist Pension Scheme, and the pension charge represents the amounts payable by the company to the fund in respect of the year.
