Financial statements for the year ended 31 March 2000

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements the directors are required to:-

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and irregularities.

REPORT OF THE AUDITORS TO THE MEMBERS OF DEXHALL LIMITED

We have audited the financial statements on pages 5 to 14 which have been prepared under the historical cost convention and the accounting policies set out on pages 7 and 8.

Respective responsibilities of directors and auditors

As described on page 3 the company's directors are responsible for the preparation of the financial statements. It is our responsibility to form an opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to, obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the Company's affairs as at 31 March 2000 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Financial statements for the year ended 31 March 2000

ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention in accordance with applicable accounting standards.

The company has taken advantage of the exemption allowed under section 8 of FRS 1, permitting the company not to include a cash flow statement, as the company is classified as a small company under sections 246 to 249 of the Companies Act 1985.

DEFERRED TAXATION

Provision is made for taxation deferred or accelerated by the effect of timing differences, to the extent that it is probable that the liability will crystallise, at the rate expected to be ruling at that date.

TURNOVER

Turnover represents the invoiced value, net of Value Added Tax, of services provided to customers.

TANGIBLE FIXED ASSETS

Fixed assets are stated at historical cost.

Depreciation is provided on all tangible fixed assets to write off the cost of the asset by equal instalments over its estimated useful life as follows:-

Fixtures and fittings	10% - reducing balance
Motor vehicles	25% - reducing balance

STOCKS AND WORK IN PROGRESS

Stocks and work in progress are valued at the lower of cost and net realisable value. Cost of finished goods and work in progress includes overheads appropriate to the stage of manufacture. Net realisable value is based upon estimated selling price less further costs expected to be incurred to completion and disposal.

LEASED ASSETS AND OBLIGATIONS

Where assets are financed by leasing agreements that give rights approximating to ownership ('finance leases'), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as obligations to the lessor.

Lease payments are treated as consisting of capital and interest elements, and the interest is charged to the profit and loss account in proportion to the remaining balance outstanding.

Financial statements for the year ended 31 March 2000

ACCOUNTING POLICIES (continued)

LEASED ASSETS AND OBLIGATIONS (continued)

All other leases are 'operating leases' and the annual rentals are charged to the profit and loss account on straight line basis over the lease.

RESEARCH AND DEVELOPMENT

Expenditure on research and development is written off as it is incurred.

PENSION CONTRIBUTIONS

The company makes contributions to insured schemes for directors to cover both pensions and life assurance. Payments made are charged to the profit and loss account in the year in which they are incurred.
