Notes to the Financial Statements

1. Accounting policies

Basis of preparation

These financial statements have been prepared in accordance with International Accounting Standards in conformity with the requirements of the Companies Act 2006. The financial statements have been prepared using historical cost principles except that, as disclosed in the accounting policies below, certain items are measured at fair value.

Going concern

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. Cash and cash equivalents includes cash in hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Trade and other receivables

Trade and other receivables are carried at original invoice amount less provision for doubtful debts. A provision for doubtful debts is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Provisions are made based on an analysis of balances by age, previous losses experienced, disputes and ability to pay. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows. Changes in the provision against receivables are recognised in the income statement within cost of goods sold.

Functional currency

The financial statements are presented in pound sterling, which is also the company's functional currency.

Ordinary shares of £0.00000048	2,075,000	1	2,075,000	1

Notes to the Financial Statements**3. Called up share capital (continued)**

The Company has one class of and issued share capital, comprising ordinary shares of £0.00000048 each.

Subject to the Company's articles of association, and applicable law, the Company's ordinary shares confer on the holder the right to receive notice of and vote at general meetings of the Company, the right to receive any surplus assets on a winding up of the Company and an entitlement to receive any dividend declared on ordinary shares.

Capital management

The Company's capital comprises share capital and retained earnings.

The Company's objectives when managing capital are to safeguard the Company's ability to continue to operate as a going concern, to maintain optimal capital structure commensurate with risk and return and to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may pay dividends to its shareholder, return capital to its shareholder, issue new shares or sell assets to reduce debt or draw down more debt.

4. Financial risk factors and management

The principal financial risks of the Company and how the Company managed these risks are discussed below.

Liquidity risk

Management of the Company's liquidity risk is achieved mostly through being a part of the larger Telefónica group, which operates group wide policies in this area.

Fair value of financial instruments

The carrying value and fair value of the Company's financial assets and financial liabilities are not deemed to be materially different at 31 December 2021 and 31 December 2020.

5. Parent company and controlling party

At the end of the year, the immediate parent company was Telefonica UK Holdings Limited, and the ultimate parent company was O2 (Europe) Limited, both companies incorporated in the United Kingdom. The ultimate parent company and controlling party was Telefónica, S.A., a company incorporated in Spain. Copies of the financial statements of Telefónica, S.A. may be obtained from its registered office at Gran Vía 28, Madrid, Spain.
