Director Conduct Reports

We have complied with our statutory duty to report on the conduct of the Companies' directors and submitted our confidential report to the Insolvency Service on 26 February 2021.

Investigations

We have reviewed the information available to assess whether there are any matters that might lead to a recovery for the benefit of creditors, such as potential claims that may be brought against parties either connected to or who have had past dealings with the Companies. Having completed this review, no further avenues of recovery have been identified.

If you have any information that you feel we should know, please contact us in writing using the contact details on page 3.

Case specific matters – Tax

Due to the interconnectivity of the Group, the tax analysis is complex and iterative and will be further refined as claims across the Group are received and dividends across the Group are paid.

Statutory tasks

During the period, we have carried out the following tasks which primarily relate to fulfilment of statutory and compliance obligations and other tasks of an administrative nature:

- Case set-up and management actions, including updating the creditor portals for the cases and filing and regular diary reviews to ensure compliance matters are dealt with accordingly:

- Regular case reviews;
- Cashiering functions, including the preparation of monthly bank account reconciliations and various payments and receipts; and

Information for creditors

Outcome for creditors 16

Statutory information 17

Information for creditors

Outcome for creditors

Secured creditors

The Companies have no secured creditors.

Ordinary Preferential creditors

No ordinary preferential claims have been received, nor are any expected as the Companies had no employees.

Secondary Preferential Debts due to HMRC

Secondary preferential debts are debts due to HMRC in respect of deducted taxes, including VAT, PAYE, student loan repayments, employee NICs and CIS deductions.

As the preceding administration appointments pre-date 1 December 2020, the Secondary Preferential Debt provisions do not apply to the Companies.

Prescribed Part

The Companies have no secured creditors, therefore the Prescribed Part provisions do not apply.

Unsecured creditors

To date, an interim distribution of c.£21m was made to the Companies' external unsecured creditors with agreed claims between 27 May and 10 June 2022, as shown in the table

£'000	Statement of Affairs	Claims Received	Distribution Paid	Statutory Interest	Distribution p/£
00.0.0.					
OR OpCo	3	26	8	-	32
BUR OpCo	14,200	14,188	1,635	-	20.54
WR OpCo	10,700	7,545	7,352	888	100
EV OpCo	7,500	4,424	4,424	537	100
DP OpCo	30,300	1,409	3,832	-	29.75
MS OpCo	9,200	17,267	3,704	434	100
	71,903	44,859	20,955	1,859	

The above table does not capture several other unsecured creditor claims which have been received in the administration, including a number of intercompany creditors. These payments can be found in the respective receipts and payments accounts on pages 11 to 14.

As unsecured creditors were paid in full from WR OpCo, EV OpCo and MS OpCo, statutory interest was also paid, as detailed in the table opposite.

On 6 April 2023, we issued a second notice of intended dividend to the unsecured creditors of BUR OpCo, Dor OpCo, OU OpCo and Zoom, with a last date to prove of 5 May 2023. This is expected to be declared prior to 5 July 2023. Details regarding the value of distributions paid will be provided in our next report.

Based on present information, sufficient funds will be realised to enable subsequent dividend(s) to be paid to unsecured creditors, the quantum of which is uncertain at present. The timing of the next dividend is likely to be from mid 2024

Claims process – creditors with debts of £1,000 or less

You do not need to prove your debt for dividend purposes if the amount you are owed is £1,000 or less.

We will notify you if funds become available for dividend purposes. Your claim will be admitted in the amount shown in the Companies' records/statement of affairs. If you disagree with that amount, you will be provided with an opportunity to notify us of the correct amount.

Claims process - creditors with debts of more than £1,000

Unsecured creditors with claims of more than £1,000 are invited to submit their claims to us either directly via the case website at www.ips-docs.com or by downloading and completing a proof of debt form from the case website and which should be sent to the address on page 3. Alternatively, a hard copy proof of debt form will be provided free of charge on request to arcadiacreditors@teneo.com.

Shareholders - WR OpCo and MS OpCo

We have declared two shareholder distributions in respect of these companies during the report period.

A distribution of £2.2m was made to the member of WR OpCo between 27 May and 10 June 2022 at a rate of £2.2m per Ordinary £1 share.

A distribution of £1.7m was made to the member of MS OpCo between 27 May and 10 June 2022 at a rate of £1.7m per Ordinary £1 share.

Joint Liquidators' remuneration

"A Creditors' Guide to Remuneration" is available for download at www.ips-docs.com.

Should you require a paper copy, please send your request in writing to us at the address on the front of this report and this will be provided to you at no cost.

Basis of remuneration

The basis of our remuneration was fixed in the preceding administration on 6 December 2021 by the unsecured creditors by reference to the time properly given by the Joint Administrators (now the Joint Liquidators) and their staff in attending to matters arising in the liquidations as set out in the fees estimate.

The basis of our remuneration outlined above, as fixed in the preceding administrations, continues to apply in the subsequent liquidations.

As detailed on page 9, our approved fee basis is inclusive of the costs in respect of ongoing work being delivered by Deloitte LLP.

Time costs - analysis of actual against budget

Please refer to the pages overleaf where we have updated the Fees Estimates to provide details of our actual time costs for the period of the report and for the entire period of our appointment, 30 November 2020. Our total time costs split across the Companies are detailed below:

Time costs - analysis of actual against budget

As can be seen from the summary above, and from the detailed Fees Estimates on the pages overleaf, our time costs have exceeded expectations in all Companies, with the exception of Zoom, in a number of areas:

- Administration activities Due to a larger proportion of property invoices to process and multiple creditor distribution payments, these costs are higher than anticipated.
- Statutory and compliance A complex group reporting structure and detailed reports to creditors has led to higher than anticipated general reporting costs in these companies.
- Property costs Time incurred in dealing with the property portfolio of the Group is materially higher than originally anticipated. This is due to the complex guarantee structure across the wider group and time incurred finalising property costs.
- Tax Significant additional tax analysis, due to the complexity of the Group and higher than anticipated unsecured dividends; and
- Creditor correspondence and distributions Time incurred in all companies relating to creditors distributions is materially higher than originally anticipated. This is due to the complex guarantee structure across the wider group.

Notes to the Fees Estimates

All staff (including cashiers) assigned to the case recorded their time spent working on the case on a computerised time recording system. Time spent by secretarial staff working on the assignment has not been recorded or recovered. The appropriate staff have been assigned to work on each aspect of the case based upon their seniority and experience, having regard to the complexity of the relevant work, the financial value of the assets being realised and/or claims agreed.
