CHESTERFIELD MOTOR COMPANY LIMITED (REGISTERED NUMBER: 02048726)

GROUP STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2019

The directors present their strategic report of the company and the group for the year ended 31 December 2019.

REVIEW OF BUSINESS

The group's principal activities during the year are as stated in the directors' report.

The group traded from 2 locations during the year one of which is a car supermarket and the other a Ford franchise.

The directors use a range of performance measures to monitor and manage the business. The key performance indicators are shown below.

	Unit	2019	2018
Gross Profit	%	4.90	5.00
Operating Profit	%	0.95	1.05
Current Ratio		2.49	2.45

The continued uncertainty over Brexit was the major factor in another tough year of trading and the group's turnover fell by £51,653 to £26,516,268. The profit after tax has decreased from £226,973 to £203,887.

The sales managers made an effort to reduce the over age stock during the year and this has seen the stock impairment loss reduce from £188,870 to £89,779 at the year end.

Net Assets at the end of the financial year were £5,545,119. The directors consider this a satisfactory position which they are confident will increase in future years.

GROUP STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2019

PRINCIPAL RISKS AND UNCERTAINTIES

There are certain risks, which could materially and adversely impact the company's result compared to expectation. A summary of the key risks is set out below. This is not an exhaustive list of the factors that could affect the group's performance.

General economic conditions :

The general economic environment and levels of consumer and business confidence have a direct impact on levels of demand in the motor retail sector. In addition, fuel prices, interest rates and levels of unemployment can all impact sales levels. Demand levels are closely monitored by the group companies on an ongoing basis (via sales and enquiry analysis).

Used vehicle prices

Used vehicle volatility can present a significant risk in the event that the market price moves rapidly between the point of purchase and the point of sale of a used vehicle, this leads to reduced margins and increased provisions on unsold stock. This risk is mitigated by a combination of regular monitoring of the used vehicle market by the group's buyers and a focus on stock turnover to reduce the time used vehicles are held in stock.

Competitive environment

The market in which the group company's operate is competitive locally, and therefore competitor pressure could result in losing sales to its competitors. The group manages this risk by regularly reviewing prices locally to make sure they remain competitive.

Loss of key personnel

This would present significant operational difficulties for the group companies. The management seek to ensure that key personnel are appropriately remunerated.

Liquidity

The group finances its business through a mixture of retained profit, trade credit and funding facilities provided by a director and its bankers. It is considered that the facilities in place are adequate for the group's plans.

ON BEHALF OF THE BOARD:

J T Wheeldon-Wright - Director

Date: 1-JUN-20

CHESTERFIELD MOTOR COMPANY LIMITED (REGISTERED NUMBER: 02048726)

REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 DECEMBER 2019

The directors present their report with the financial statements of the company and the group for the year ended 31 December 2019.

PRINCIPAL ACTIVITY

The company's principal activity during the year was the sale, repair and servicing of new and used motor vehicles.

DIVIDENDS

No dividends will be distributed for the year ended 31 December 2019.

EVENTS SINCE THE END OF THE YEAR

Information relating to events since the end of the year is given in the notes to the financial statements.

DIRECTORS

The directors who have held office during the period from 1 January 2019 to the date of this report are as follows:

S Wheeldon-Wright - deceased 28 May 2019

Mrs R J Clough - appointed 28 May 2019

Mrs A Wheeldon-Wright - appointed 28 May 2019

J T Wheeldon-Wright - appointed 28 May 2019

FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The group uses various financial instruments: these include, borrowings, cash and various items, such as trade debtors and trade creditors that arise directly from its operations. The main purpose of these financial instruments is to raise finance for the group's operations.

The existence of these financial instruments exposes the group to a number of financial risks, which are described in more detail below.

The financial risk management objectives and policies of the group are as follows:

Price risk

Price risk is controlled through the initial purchasing decisions and the constant monitoring of stock and sales data.

Credit risk

The group's principal financial assets are cash and trade debtors. The credit risk associated with the cash is minimal. The principle credit risk arises from its trade debtors.

In order to manage credit risk, the directors have implemented processes to ensure receipt of cleared funds for vehicle sales before the vehicle is released. Other trade debtors require approved credit in advance, which is supported by references, and payment is required within the terms and conditions agreed and hence credit risk is minimised.

Liquidity risk

The group makes efforts to manage the financial risk by the monitoring of cashflow to ensure the group is able to meet its foreseeable debts as they fall due and to invest any cash assets profitably.

The group has an overdraft facility which it manages to minimise interest rate expense, whilst ensuring it has sufficient liquid resources to meet the operating needs of its business.

Cash flow interest rate risk

The group is part of a group overdraft facility which it manages to minimise interest rate expense, whilst ensuring it has sufficient liquid resources to meet the operating needs of its business.

REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 DECEMBER 2019

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Group Strategic Report, the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's and the group's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the group's auditors are unaware, and each director has taken all the steps that he or she ought to have taken as a director in order to make himself or herself aware of any relevant audit information and to establish that the group's auditors are aware of that information.

ON BEHALF OF THE BOARD:

.....

J T Wheeldon-Wright - Director

Date: 1-JUN-20

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
CHESTERFIELD MOTOR COMPANY LIMITED**

Opinion

We have audited the financial statements of Chesterfield Motor Company Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 December 2019 which comprise the Consolidated Income Statement, Consolidated Other Comprehensive Income, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Cash Flow Statement and Notes to the Consolidated Cash Flow Statement, Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company affairs as at 31 December 2019 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information in the Group Strategic Report and the Report of the Directors, but does not include the financial statements and our Report of the Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group Strategic Report and the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group Strategic Report and the Report of the Directors have been prepared in accordance with applicable legal requirements.

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
CHESTERFIELD MOTOR COMPANY LIMITED**

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group Strategic Report or the Report of the Directors.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page five, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Auditors.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

1. STATUTORY INFORMATION

Chesterfield Motor Company Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the General Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

The nature of the group's activity and principal activity is as stated in the directors' report.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102. "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

Going concern

The financial statements have been prepared on a going concern basis.

In the opinion of the director the group has adequate resources to continue in operational existence for the foreseeable future. Thus he continues to adopt the going concern basis of accounting in preparing the financial statements.

Basis of consolidation

The consolidated financial statements consolidate the financial statements of the company and its subsidiary undertakings drawn up to 31 December 2019.

No profit and loss account is presented for the company as permitted by section 408 of the Companies Act 2006. The profit for the year ended 31 December 2019 was £Nil (2018 - £Nil).

A subsidiary is an entity controlled by the company. Control is achieved where the company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the profit and loss account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the group.

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

Inter-company transactions, balances and unrealised gains on transactions between the company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the group's equity therein. Non-controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling shareholder's share of changes in equity since the date of the combination.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2019

2. ACCOUNTING POLICIES - continued

Turnover

Turnover comprises the fair value of the consideration received or receivable for the sale of cars and provision of services in the ordinary course of the company's activities. Turnover is shown net of value added tax, returns, rebates and discounts and after eliminating internal sales.

The group recognises revenue when:

The amount of revenue can be reliably measured;

It is probable that future economic benefits will flow to the entity;

and specific criteria have been met for each of the company's activities.

Tangible fixed assets

Tangible assets are stated at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives as follows:

Freehold land	Not depreciated
Freehold buildings	2% and 5% on cost
Plant and machinery	Varying rates between 12.5% to 33% on cost
Fixtures and fittings	Varying rates between 10% to 33% on cost
Motor vehicles	25% and 33% on cost

Stocks

Stock is valued at the lower of cost and net estimated selling price less selling costs.

Cost includes purchase price and associated costs in bringing stock to their present location and condition.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to the selling price less costs to complete and sell. The impairment loss is recognised immediately in the profit or loss.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Consolidated Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2. ACCOUNTING POLICIES - continued

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Pension costs and other post-retirement benefits

The group operates a defined contribution pension scheme for its employees. Fixed contributions are paid into a separate entity. Once the contributions have been paid the group has no further payments obligations.

The contributions are recognised as an expense in the income statement when they fall due. Amounts not paid are shown in creditors due within one year as a liability in the Statement of Financial Position. The assets of the plan are held separately from the group in independently administered funds.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

FOR THE YEAR ENDED 31 DECEMBER 2019

2. ACCOUNTING POLICIES - continued

Trade debtors

Trade debtors are amounts due from customers for cars sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest bearing borrowings are initially recorded at fair value, net of transaction costs. Interest bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Profit and Loss Account over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest rate method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

2. ACCOUNTING POLICIES - continued

Significant judgements and estimates

In preparing these financial statements, the director has had to make the following judgements:

Tangible fixed assets

Assets that are subject to depreciation are assessed at each reporting date to determine whether there is any indication that the assets are impaired. Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account.

Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

Stocks

Consideration has been given by the directors to the level of provision against vehicle stocks. In determining the provision required the directors have used guidance from independent valuation tools and their knowledge of the industry.

3. TURNOVER

The whole of the turnover is attributable to the principal activity of the group.

All turnover arose within the United Kingdom.

4. EMPLOYEES AND DIRECTORS

	2019	2018
	£	£
Wages and salaries	1,483,495	1,477,925
Social security costs	133,335	132,642
Other pension costs	33,153	20,221
	<u>1,649,983</u>	<u>1,630,788</u>

The average number of employees during the year was as follows:

	2019	2018
Administration and support	8	9
Sales	16	15
Workshop and vehicle preparation	36	38
	<u>60</u>	<u>62</u>

	2019	2018
	£	£
Directors' remuneration	<u>24,014</u>	<u>40,625</u>

5. OPERATING PROFIT

The operating profit is stated after charging/(crediting):

	2019	2018
	£	£
Depreciation - owned assets	94,873	98,741
(Profit)/loss on disposal of fixed assets	(5,005)	3,960
The audit of the company's annual accounts	16,500	16,500
Foreign exchange differences	22	142
	<u> </u>	<u> </u>

6. INTEREST RECEIVABLE AND SIMILAR INCOME

	2019	2018
	£	£
Other interest receivable	421	176
	<u> </u>	<u> </u>

7. TAXATION

Analysis of the tax charge

The tax charge on the profit for the year was as follows:

	2019	2018
	£	£
Current tax:		
UK corporation tax	55,369	58,714
	<u> </u>	<u> </u>
Deferred tax:		
Deferred tax	-	(2,623)
Arising from origination and reversal of timing differences	(6,469)	(2,743)
	<u> </u>	<u> </u>
Total deferred tax	(6,469)	(5,366)
	<u> </u>	<u> </u>
Tax on profit	48,900	53,348
	<u> </u>	<u> </u>

Reconciliation of total tax charge included in profit and loss

The tax assessed for the year is higher than the standard rate of corporation tax in the UK. The difference is explained below:

	2019	2018
	£	£
Profit before tax	252,770	280,321
	<u> </u>	<u> </u>
Profit multiplied by the standard rate of corporation tax in the UK of 19% (2018 - 19%)	48,026	53,261
	<u> </u>	<u> </u>
Effects of:		
Expenses not deductible for tax purposes	4	59
Depreciation in excess of capital allowances rates and laws	870	28
dividends from UK companies	<u> </u>	<u> </u>
Total tax charge	48,900	53,348
	<u> </u>	<u> </u>
