The financial statements were approved by the Board of Directors on 31st October 2017 and were signed on its behalf by:

M F Slade - Director

Notes to the Financial Statements
for the year ended 31st January 2017

1. STATUTORY INFORMATION

Fullmarsh Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Stocks

Stock is valued at the lower of cost and net realisable value.

In the case of long term contracts, turnover is recognised as each stage of the contract is completed.

Attributable profit is included as that part of the total profit currently estimated to arise over the duration of the contract which can be assessed with reasonable certainty.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet.

Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their useful estimated lives or the lease term, whichever is shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account as incurred.

Notes to the Financial Statements - continued
for the year ended 31st January 2017

2. ACCOUNTING POLICIES - continued

Taxation

Provision is made for taxation only to the extent that is considered to fall due for payment in the foreseeable future. No provision is made for the amount of tax on chargeable gains, which would become payable under current legislation, if any of the investment properties were disposed of at the amount at which they are included in the accounts.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 2 .

4. RELATED PARTY DISCLOSURES

During the year, total dividends of £5,000 were paid to the directors .
