**1 ACCOUNTING POLICIES**

The financial statements have been prepared under the historical cost convention. The following principal accounting policies have been applied:

**Turnover**

Turnover represents sales to outside customers at invoiced amounts less value added tax.

**Depreciation**

Depreciation is provided to write off the cost, less estimated residual values, of all fixed assets over their expected useful lives. It is calculated at the following rates -

Furniture and fittings	-	15% reducing balance
Equipment	-	15% reducing balance
Furniture	-	20% straight line
Leasehold improvements	-	10% straight line

**Stocks**

Stocks are valued at the lower of cost and net realisable value.

**Deferred taxation**

Provision is made for timing differences between the treatment of certain items for taxation and accounting purposes, to the extent that it is probable that a liability or asset will crystallise.

**Compliance with Accounting Standards**

The financial statements have been prepared in accordance with applicable accounting standards.
