FOR THE YEAR ENDED 31 MARCH 2008****1 ACCOUNTING POLICIES****Basis of preparing the financial statements**

The financial statements have been prepared in accordance with applicable law and United Kingdom Accounting Standards. The particular accounting policies adopted are described below.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

The company was dormant throughout the current year and previous year.

Investment property

The Company's investment property is stated at the director's valuation. The director does consider that there is any significant benefit in obtaining a professional valuation of the investment property since the cost of doing so would outweigh any benefit that might be derived.

NET BOOK VALUE	
At 31 March 2008	<u>304,053</u>
At 31 March 2007	<u>304,053</u>

The Company's investment property is stated at the director's valuation which is equal to its historical cost. The director has taken a prudent view of the valuation, and does not consider in the context of these financial statements that there is any benefit to be derived in obtaining a professional valuation for the investment property. Consequently, the director has adopted a basis for valuation such that the investment property would not be stated at a value greater than the cost (except in the face of overwhelming evidence to the contrary).
