(g)   all Goods;

(h)   all Instruments;

(i)   all Inventory;

(j)   all Investment Property;

(k)   all Letter-of-Credit Rights;

(l)   all Intellectual Property and Licenses;

13

(m)   all Commercial Tort Claims, including those described on Schedule IV hereto, as supplemented from time to time;

(n)   all books and Records pertaining to the Article 9 Collateral; and

(o)   all Proceeds, Supporting Obligations and products of any and all of the foregoing and all collateral security and guarantees given by any person with respect to any of the foregoing.

Notwithstanding anything to the contrary in this Agreement or any other Loan Document, the Article 9 Collateral will not include, this Agreement will not constitute a grant of a security interest in and the security interest granted hereunder will not attach to, in each case, any Excluded Asset.

(2)   Each Grantor hereby irrevocably authorizes the Collateral Agent (or its designee) at any time and from time to time to file in any relevant jurisdiction any financing statements (including fixture filings) with respect to the Article 9 Collateral (including all Article 9 Collateral consisting of Pledged Collateral) or any part thereof and amendments thereto that contain the information required by Article 9 of the Uniform Commercial Code of each applicable jurisdiction for the filing of any financing statement or amendment, including:

(a)   whether such Grantor is an organization, the type of organization and any organizational identification number issued to such Grantor;

(b)   in the case of a financing statement filed as a fixture filing, a sufficient description of the property to which such Article 9 Collateral relates; and

(c)   a description of collateral that describes such property in any other manner as the Collateral Agent may reasonably determine is necessary to ensure the perfection of the security interest in the Article 9 Collateral granted under this Agreement, including describing such property as "all assets", "all assets whether now owned or hereafter acquired", or words of similar effect.

Each Grantor agrees to provide such information to the Collateral Agent promptly upon request.

(3)   The Collateral Agent (or its designee) is further authorized by each Grantor to file with the United States Patent and Trademark Office or United States Copyright Office (or any successor office) such documents as may be reasonably necessary for the purpose of perfecting, continuing, enforcing or protecting the Security Interest granted by each Grantor, without the signature of any Grantor, and naming any Grantor or the Grantors as debtors and the Collateral Agent as secured party.

(4)   Notwithstanding anything to the contrary in this Agreement, no Grantor will be required by the terms of this Agreement to take any action under the laws of any jurisdiction other than the United States (or any political subdivision thereof) and its territories and possessions for the purpose of perfecting the Security Interest in any Article 9 Collateral of such Grantor located outside of the United States other than Equity Interests of a Loan Party that is a Foreign Subsidiary.

(5)   The Security Interest is granted as security only and shall not subject the Collateral Agent or any other Secured Party to, or in any way alter or modify, any obligation or liability of any Grantor with respect to or arising out of the Article 9 Collateral.

14

(6)   Notwithstanding anything to the contrary in any Loan Document, no Grantor will be required pursuant to the terms of this Agreement:

(a)   to take, or cause to be taken, any actions to perfect the Security Interest by any means other than (to the extent reasonably applicable):

(i)   filings pursuant to the Uniform Commercial Code in the office of the Secretary of State (or equivalent filing office) of the relevant State(s) of the respective jurisdictions of organization of each Grantor;

(ii)   filings in the United States Patent and Trademark Office and the United States Copyright Office of an Intellectual Property Security Agreement;

(iii)   delivery of Collateral consisting of Pledged Debt pursuant to Section 3.02 and Tangible Chattel Paper pursuant to Section 4.04; provided that such delivery shall not be required with respect to:

(A)   instruments, notes and debt securities that are promptly deposited into an investment or securities account;

(B)   checks received in the ordinary course of business;

(C)   notes and debt securities issued in connection with the extension of trade creditor by a grantor of a security interest; and

(D)   Pledged Debt with a principal amount of less than or equal to $10,000,000, individually; and

(iv)   delivery of Pledged Stock pursuant to Section 3.02;

(b)   to enter, or cause to be entered, any control agreements or similar arrangements with respect to any Deposit Accounts, Securities Accounts, Commodities Accounts, or, except as set forth herein, other Collateral that requires perfection by Control;

(c)   to take any actions outside the United States to create or perfect any security interests in any Collateral (it being understood that there shall be no security agreements or pledge agreements governed under the laws of any foreign jurisdiction), other than Equity Interests of a Loan Party that is a Foreign Subsidiary;

(d)   to take any actions to perfect any security interests in any (i) vehicles or other assets subject to certificates of title, (ii) Letter of Credit Rights to the extent not perfected as Supporting Obligations by the filing of a UCC financing statement on, or possession of, the primary Collateral and (iii) Commercial Tort Claim with a value not in excess of $15,000,000, as determined in good faith by the Borrower; or

(e)   to seek or obtain any landlord lien waiver, estoppel, warehouseman waiver or other collateral access or similar letter or agreement.

15

Section 4.02   Representations and Warranties.   Each Grantor represents and warrants to the Collateral Agent, for the benefit of the Secured Parties that:

(1)   The Security Interest constitutes (a) a legal and valid security interest in all the Article 9 Collateral securing the payment and performance of the Secured Obligations; (b) when financing statements in appropriate form are filed in the offices specified on Schedule V hereto, a perfected security interest in all Article 9 Collateral in which a security interest may be perfected by filing, recording or registering a financing statement in the United States (or any political subdivision thereof) and its territories and possessions pursuant to the Uniform Commercial Code; and (c) when an Intellectual Property Security Agreement (in substantially the form of Exhibit B hereto (for Trademarks), Exhibit C hereto (for Patents) or Exhibit D hereto (for Copyrights)) is properly filed in the United States Patent and Trademark Office or the United States Copyright Office, as applicable, a security interest that shall be perfected in all Article 9 Collateral in which a security interest may be perfected upon the receipt and recording of an Intellectual Property Security Agreement with the United States Patent and Trademark Office and the United States Copyright Office, as applicable. The Security Interest is and shall be prior to any other Lien on any of the Article 9 Collateral other than Permitted Liens that have priority as a matter of law, Liens that are permitted to be prior to such Security Interest pursuant to any Acceptable Intercreditor Agreement or Liens that are expressly permitted to be prior to such Security Interest pursuant to Section 6.02 of the Credit Agreement.

(2)   The Article 9 Collateral is owned by the Grantors free and clear of any Lien, other than Permitted Liens.

(3)   None of the Grantors holds any Commercial Tort Claim individually in excess of $15,000,000 as of the Closing Date except as indicated on Schedule IV.

(4)   As to itself and its Article 9 Collateral consisting of Intellectual Property (the "*Intellectual Property Collateral*"), to each Grantor's knowledge, as of the Closing Date:

(a)   The Intellectual Property Collateral set forth on Schedule II includes all of the Patents, Trademarks and Copyrights owned by such Grantor as of the date hereof which are registered or applied for at the United States Patent and Trademark Office, the United States Copyright Office, or an equivalent thereof in any state of the United States;

(b)   The Intellectual Property Collateral owned by such Grantors has not been adjudged invalid or unenforceable in whole or part (except for office actions issued in the ordinary course by the United States Patent and Trademark Office), and is valid and enforceable, except as would not reasonably be expected to have a Material Adverse Effect. Such Grantor is not aware of any uses of any item of Intellectual Property Collateral that would be expected to lead to such item becoming invalid or unenforceable, except as would not reasonably be expected to have a Material Adverse Effect;

(c)   Such Grantor has made or performed in the ordinary course of Grantor's business, as necessary in its reasonable business judgment, acts, including filings, recordings and payment of all required fees and taxes, required to maintain and protect its interest in each and every item of material Intellectual Property Collateral owned by such Grantor in full force and effect in the United States except to the extent that the failure to do so would not reasonably be expected to have a Material Adverse Effect; and

(d)   Except as would not reasonably be expected to have a Material Adverse Effect, no Grantor or material Intellectual Property Collateral owned by such Grantor is subject to any outstanding

16

consent, settlement, decree, order, injunction, judgment or ruling restricting the use of any material Intellectual Property Collateral owned by such Grantor or that would impair the validity or enforceability of such material Intellectual Property Collateral owned by such Grantor.

Section 4.03   Covenants.

(1)   Each Grantor agrees to comply with Section 5.10(3) of the Credit Agreement.

(2)   Subject to Section 5.10(5) of the Credit Agreement and Section 4.01(6) hereof, each Grantor agrees to execute any and all financing statements, agreements, other documents and instruments, and take all such other actions (including the filing and recording of financing statements and other documents) not described in Sections 5.10(1) through 5.10(3) of the Credit Agreement, that the Collateral Agent may reasonably request with respect to the creation and perfection of the Liens on the Collateral in favor of the Collateral Agent, for the benefit of the Secured Parties contemplated herein, the other Security Documents and in the Credit Agreement, all at the expense of the Grantor, and provide to the Collateral Agent, from time to time upon reasonable request, evidence as to the perfection and priority of the Liens created herein and by the other Security Documents to the extent required.

(3)   At its option, after the occurrence of an Event of Default and during the continuance thereof, after having given not less than one (1) Business Day's prior written notice to the Borrower, the Collateral Agent may discharge past due taxes, assessments, charges, fees, Liens, security interests or other encumbrances at any time levied or placed on the Article 9 Collateral and not a Permitted Lien, and may pay for the maintenance and preservation of the Article 9 Collateral to the extent any Grantor fails to do so as required by the Credit Agreement or this Agreement, and each Grantor jointly and severally agrees to reimburse the Collateral Agent on demand for any reasonable and documented out-of-pocket payment made or any reasonable and documented out-of-pocket expense incurred by the Collateral Agent pursuant to the foregoing authorization (and any such payment made or expense incurred shall be an additional Secured Obligation secured hereby); provided, however, that nothing in this Section 4.03(3) will excuse any Grantor from the performance of, or impose any obligation on the Collateral Agent or any Secured Party to cure or perform, any covenants or other promises of any Grantor with respect to taxes, assessments, charges, fees, Liens, security interests or other encumbrances and maintenance as set forth herein or in the other Loan Documents.

(4)   Each Grantor (rather than the Collateral Agent or any Secured Party) will remain liable for the observance and performance of all the conditions and obligations to be observed and performed by it under each contract, agreement or instrument relating to the Article 9 Collateral.

Section 4.04   Other Actions. In order to further ensure the attachment and perfection of, and the ability of the Collateral Agent to enforce, for the benefit of the Secured Parties, the Collateral Agent's security interest in the Article 9 Collateral, each Grantor agrees, in each case at such Grantor's own expense, to take the following actions with respect to the following Article 9 Collateral, in each case, within 10 Business Days of the delivery of the certificate pursuant to Section 5.04(3) of the Credit Agreement to the extent such Article 9 Collateral was acquired during the fiscal quarter for which such certificate relates:

(1)   Tangible Chattel Paper. If any Grantor at any time holds or acquires any Tangible Chattel Paper evidencing an amount in excess of $10,000,000, such Grantor will forthwith endorse, assign and deliver the same to the Collateral Agent (or a designated bailee, in accordance with any Acceptable Intercreditor Agreement), accompanied by such instruments of transfer or assignment duly executed in blank as the Collateral Agent may from time to time reasonably request.

17

(2)   Commercial Tort Claims. If any Grantor shall at any time hold or acquire a Commercial Tort Claim in an amount reasonably estimated to exceed $15,000,000, such Grantor shall promptly notify the Collateral Agent thereof in a writing signed by such Grantor, including a reasonable description of such claim, and grant to the Collateral Agent in writing a security interest therein and in the proceeds thereof, all under the terms and provisions of this Agreement, with such writing to be in form and substance reasonably satisfactory to the Collateral Agent.

Section 4.05   Covenants Regarding Patent, Trademark and Copyright Collateral. Except as permitted by the Credit Agreement:

(1)   Each Grantor agrees that it will not knowingly do any act or omit to do any act whereby any Patent owned by such Grantor that is material to the conduct of such Grantor's business may become prematurely invalidated, abandoned, lapsed or dedicated to the public, except where such act or failure to do so would not reasonably be expected to have a Material Adverse Effect.

(2)   Each Grantor shall notify the Collateral Agent in a reasonable period upon being aware, of any materially adverse determination or development (excluding office actions and similar determinations or developments in the United States Patent and Trademark Office, United States Copyright Office) in any court, regarding such Grantor's ownership of any material Patent, Trademark or Copyright, to the extent such adverse determination or development would reasonably be expected to have a Material Adverse Effect.

(3)   If any Grantor shall at any time after the date hereof obtain any rights to any Patent, Trademark or Copyright (other than Excluded Assets), the provisions hereof shall automatically apply thereto and such Grantor shall provide notice thereof to the Collateral Agent within 10 Business Days of the delivery of the certificate pursuant to Section 5.04(1) of the Credit Agreement for the fiscal year ended in which such rights were obtained and execute and deliver appropriate Intellectual Property Security Agreements, supplements thereto or another instrument for recordation with the United States Patent and Trademark Office and the United States Copyright Office at such time. Each Grantor, either itself or through any agent, employee, licensee or designee, will, upon the reasonable request of the Collateral Agent, execute and deliver any and all agreements, instruments, documents and papers as the Collateral Agent may reasonably request to evidence the Collateral Agent's security interest in each Patent, Trademark, or Copyright.

(4)   Except to the extent that the failure to do so would not reasonably be expected to have a Material Adverse Effect, each Grantor will process all documents reasonably required to maintain all material registrations and applications for registrations of its Patents, Trademarks and/or Copyrights owned by such Grantor, including making timely filings of applications for renewal, affidavits of use, affidavits of incontestability and payment of maintenance fees, and, if any Grantor believes necessary in its reasonable business judgment, will initiate opposition, interference and cancellation proceedings against third parties.

(5)   In the event that any Grantor knows that any Article 9 Collateral consisting of a Patent, Trademark or Copyright material to the normal conduct of its business has been infringed, misappropriated, diluted or otherwise violated by a third party, to the extent such infringement, misappropriation, dilution or violation would reasonably be expected to have a Material Adverse Effect, such Grantor will, in a reasonable period upon becoming aware, notify the Collateral Agent and will, if such Grantor deems it necessary in its reasonable business judgment, promptly take actions as are reasonably appropriate under the circumstances to protect such Article 9 Collateral.

18

Section 4.06   Intercreditor Relations. Notwithstanding anything herein to the contrary, the Grantors and the Collateral Agent acknowledge that the Liens and security interests granted to the Collateral Agent, for the benefit of the Secured Parties hereunder, pursuant to this Agreement and the exercise of any right or remedy by the Collateral Agent and the other Secured Parties hereunder are subject to the provisions of the ABL Intercreditor Agreement and the Securitization Intercreditor Agreement, including, without limitation, with respect to delivery of any ABL Priority Collateral. In the event of any conflict or inconsistency between the provisions of the ABL Intercreditor Agreement and this Agreement, the provisions of the ABL Intercreditor Agreement and the Securitization Intercreditor Agreement shall control.

Section 4.07   Limitations. Notwithstanding anything to the contrary set forth in this Agreement, the (A) representations, warranties and covenants set forth in this Agreement (including those set forth in Section 3.03, Section 4.02 and Section 4.03) shall not apply to (or cover) (a) any assets or property of the Grantors (i) not located in the United States or constituting Equity Interests in any entity not organized in the United States (other than Equity Interests of a Loan Party that is a Foreign Subsidiary) and/or (ii) that does not constitute Collateral and/or (b) any of the rights and remedies of the Collateral Agent or any Secured Party with respect to the assets or property of the Grantors set forth in clause (a) above under the laws of any jurisdiction other than the United States (or any political subdivision thereof) and (B) each Grantor may take any action permitted under the Credit Agreement.

ARTICLE V.

REMEDIES

Section 5.01   Remedies Upon Default. Upon the occurrence and during the continuance of an Event of Default the Collateral Agent in addition to all rights and remedies hereunder may exercise all rights and remedies of a secured party under the UCC and other applicable law or in equity. Upon the occurrence and during the continuance of an Event of Default, each Grantor agrees to deliver each item of Collateral to the Collateral Agent (or a designated bailee, in accordance with any Acceptable Intercreditor Agreement) on demand, and it is agreed that the Collateral Agent shall have the right, subject to applicable law, to take any of or all the following actions at the same or different times: (1) with respect to any Article 9 Collateral consisting of Intellectual Property, on demand, to cause the Security Interest to become an assignment, transfer and conveyance of any of or all such Article 9 Collateral by the applicable Grantors to the Collateral Agent or to license or sublicense, whether general, special or otherwise, and whether on an exclusive or a non-exclusive basis, any such Article 9 Collateral throughout the world on such terms and conditions and in such manner as the Collateral Agent shall determine (other than in violation of any then-existing licensing arrangements to the extent that waivers thereunder cannot be obtained with the use of commercially reasonable efforts, which each Grantor hereby agrees to use) and (2) to take possession of the Article 9 Collateral and without liability for trespass to the applicable Grantor to enter any premises where the Article 9 Collateral may be located for the purpose of taking possession of, removing or selling the Article 9 Collateral and, generally, to exercise any and all rights afforded to a secured party under the applicable Uniform Commercial Code or other applicable law. Without limiting the generality of the foregoing rights and remedies, each Grantor agrees that the Collateral Agent shall have the right, subject to the mandatory requirements of applicable law (including the Uniform Commercial Code), to sell or otherwise dispose of all or any part of the Collateral at a public or private sale or at any broker's board or on any securities exchange, for cash, upon credit or for future delivery as the Collateral Agent shall deem appropriate. The Collateral Agent shall be authorized in connection with any sale of a security (if it deems it advisable to do so) pursuant to the foregoing to restrict the prospective bidders or purchasers to persons who represent and agree that they are purchasing such security for their own account, for investment, and not with a view to the distribution or sale thereof. Upon consummation of any such sale of Collateral

19

pursuant to this Section 5.01, the Collateral Agent shall have the right to assign, transfer and deliver to the purchaser or purchasers thereof the Collateral so sold. Each such purchaser at any such sale shall hold the property sold absolutely, free from any claim or right on the part of any Grantor, and each Grantor hereby waives and releases (to the extent permitted by law) all rights of redemption, stay, valuation and appraisal that such Grantor now has or may at any time in the future have under any rule of law or statute now existing or hereafter enacted.

Except for collateral of the type specified in Section 9-611(d) of the UCC, the Collateral Agent shall give the applicable Grantors ten (10) Business Days' prior written notice (which each Grantor agrees is reasonable notice within the meaning of Section 9-611 of the UCC or its equivalent in other jurisdictions) of the Collateral Agent's intention to make any sale of Collateral pursuant to this Section 5.01. Such notice, in the case of a public sale, shall state the time and place for such sale and, in the case of a sale at a broker's board or on a securities exchange, shall state the board or exchange at which such sale is to be made and the day on which the Collateral, or portion thereof, will first be offered for sale at such board or exchange. Any such public sale shall be held at such time or times within ordinary business hours and at such place or places as the Collateral Agent may fix and state in the notice (if any) of such sale. The Collateral, or the portion thereof, to be sold at any such sale may be sold in one lot as an entirety or in separate parcels, in the Collateral Agent's own right or by one or more agents and contractors, upon any premises owned, leased, or occupied by any Grantor and the Collateral Agent and any such agent or contractor, in conjunction with any such sale, may augment the Inventory to be sold with other goods (all of which other goods shall remain the sole property of the Collateral Agent or such agent or contractor), all as the Collateral Agent may (in its sole and absolute discretion) determine. The Collateral Agent shall not be obligated to make any sale of any Collateral if it shall determine not to do so, regardless of the fact that notice of sale of such Collateral shall have been given. The Collateral Agent may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. In the case of any sale of all or any part of the Collateral made on credit or for future delivery, the Collateral so sold may be retained by the Collateral Agent until the sale price is paid by the purchaser or purchasers thereof, but the Collateral Agent shall not incur any liability in the event that any such purchaser or purchasers shall fail to take up and pay for the Collateral so sold and, in the case of any such failure, such Collateral may be sold again upon notice given in accordance with provisions above. At any public (or, to the extent permitted by law, private) sale made pursuant to this Section 5.01, any Secured Party may bid for or purchase, free (to the extent permitted by law) from any right of redemption, stay, valuation or appraisal on the part of any Grantor (all such rights being also hereby waived and released to the extent permitted by law), the Collateral or any part thereof offered for sale and may make payment on account thereof by using any claim then due and payable to such Secured Party from any Grantor as a credit against the purchase price, and such Secured Party may, upon compliance with the terms of sale, hold, retain and dispose of such property in accordance with Section 5.02 hereof without further accountability to any Grantor therefor. For purposes hereof, a written agreement to purchase the Collateral or any portion thereof shall be treated as a sale thereof; the Collateral Agent shall be free to carry out such sale pursuant to such agreement and no Grantor shall be entitled to the return of the Collateral or any portion thereof subject thereto, notwithstanding the fact that after the Collateral Agent shall have entered into such an agreement all Events of Default shall have been remedied and the Secured Obligations paid in full. As an alternative to exercising the power of sale herein conferred upon it, the Collateral Agent may proceed by a suit or suits at law or in equity to foreclose this Agreement and to sell the Collateral or any portion thereof pursuant to a judgment or decree of a court or courts having competent jurisdiction or pursuant to a proceeding by a court-appointed receiver. Any sale pursuant to the provisions of this Section 5.01 shall be deemed to conform to the commercially reasonable standards as provided in Section 9-610(b) of the UCC or its equivalent in other jurisdictions.

20

Without limiting any other rights of the Collateral Agent granted pursuant to this Agreement, each Grantor hereby grants to the Collateral Agent, and the representatives and independent contractors of the Collateral Agent, a royalty free, non-exclusive license or sublicense (such license or sublicense to be effective upon the occurrence and during the continuance of any Event of Default), to use, apply, and affix any Intellectual Property in which any Grantor now or hereafter has rights, solely in connection with the Collateral Agent's enforcement of rights or remedies hereunder, including in connection with any sale or other disposition of Inventory; provided, however, such license granted hereunder with respect to such Trademarks shall be subject to the maintenance of quality standards with respect to the goods and services on which such Trademarks are used sufficient to preserve the validity of such Trademarks. As to each Grantor, the license granted hereby shall remain in full force and effect until such Grantor hereunder is released hereunder in accordance with Section 7.15 of this Agreement.

Section 5.02   Application of Proceeds.

(1)   Subject to the terms of the ABL Intercreditor Agreement, the Securitization Intercreditor Agreement and any Acceptable Intercreditor Agreement then in effect, the Collateral Agent will promptly apply the proceeds, moneys or balances of any collection or sale of Collateral, as well as any Collateral consisting of cash, in the following order of priority:

(a)   *First*, to payment of that portion of the Secured Obligations constituting fees, indemnities, expenses and other amounts (other than principal and interest) payable to the Administrative Agent and the Collateral Agent (in each case, in their capacities as such);

(b)   *Second*, to payment of that portion of the Secured Obligations constituting fees, expenses, indemnities and other amounts (other than principal and interest and amounts with respect to Specified Hedge Obligations and Cash Management Obligations) payable to the Lenders, ratably among them in proportion to the amounts described in this clause Second payable to them;

(c)   *Third*, to payment of that portion of the Secured Obligations constituting unpaid principal of the Loans, Specified Hedge Obligations and Cash Management Obligations, ratably among the Secured Parties in proportion to the respective amounts described in this clause Third held by them;

(d)   *Fourth*, to the payment of all other Secured Obligations that are due and payable to the Secured Parties on such date, ratably based upon the respective aggregate amounts of all such Secured Obligations owing to the Secured Parties on such date; and

(e)   *Last*, the balance, if any, after all of the Secured Obligations have been paid in full, to the Borrower or as otherwise required by law.

(2)   [Reserved].

(3)   If any payment to any Secured Party pursuant to this Section 5.02 of its pro rata share of any distribution would result in overpayment to such Secured Party, such excess amount shall instead be distributed in respect of the unpaid Secured Obligations of the other Secured Parties, with each Secured Party whose Secured Obligations have not been paid in full to receive an amount equal to such excess amount multiplied by a fraction the numerator of which is the unpaid Secured Obligations of such Secured Party and the denominator of which is the unpaid Secured Obligations of all Secured Parties entitled to such distribution.

21

(4)   Subject to the terms of the ABL Intercreditor Agreement, the Securitization Intercreditor Agreement and any Acceptable Intercreditor Agreement then in effect, all payments required to be made hereunder shall be made to the Collateral Agent for the account of such Secured Parties or as the Collateral Agent may otherwise direct in accordance with the Loan Documents.

(5)   For purposes of applying payments received in accordance with this Section 5.02, the Collateral Agent will be entitled to rely upon the applicable Secured Parties with respect to payments of Specified Hedge Obligations or any Cash Management Obligations (which the Collateral Agent and each other Secured Party agrees (or shall agree) to provide upon request of the Collateral Agent) with respect to the amount of the Secured Obligations of the Loan Parties owed to the Secured Parties.

(6)   Subject to the other limitations (if any) set forth herein and in the other Loan Documents, it is understood that the Loan Parties will remain liable to the extent of any deficiency between the amount of the proceeds of the Collateral and the aggregate amount of the Secured Obligations of the Loan Parties.

(7)   It is understood and agreed by each Loan Party that the Collateral Agent will have no liability for any determinations made by it in this Section 5.02 except to the extent that any of the foregoing are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from its or such person's own gross negligence, bad faith or willful misconduct. Each Loan Party also agrees that the Collateral Agent may (but shall not be required to), at any time and in its sole discretion, and with no liability resulting therefrom, petition a court of competent jurisdiction regarding any application of Collateral in accordance with the requirements hereof and of each Intercreditor Agreement, and the Collateral Agent shall be entitled to wait for, and may conclusively rely on, any such determination.

(8)   Notwithstanding anything in this Agreement or any other Loan Document to the contrary, the Collateral Agent will not be required to marshal the Collateral or any guarantee of the Secured Obligations or to resort to the Collateral or any such Guarantee in any particular order.

Section 5.03   Securities Act, Etc. In view of the position of the Grantors in relation to the Pledged Collateral, or because of other current or future circumstances, a question may arise under the Securities Act of 1933, as now or hereafter in effect, or any similar federal statute hereafter enacted analogous in purpose or effect (such Act and any such similar statute as from time to time in effect being called the "*Federal Securities Laws*") with respect to any disposition of the Pledged Collateral permitted hereunder. Each Grantor understands that compliance with the Federal Securities Laws might very strictly limit the course of conduct of the Collateral Agent if the Collateral Agent were to attempt to dispose of all or any part of the Pledged Collateral, and might also limit the extent to which or the manner in which any subsequent transferee of any Pledged Collateral could dispose of the same. Similarly, there may be other legal restrictions or limitations affecting the Collateral Agent in any attempt to dispose of all or part of the Pledged Collateral under applicable Blue Sky or other state securities laws or similar laws analogous in purpose or effect. Each Grantor acknowledges and agrees that in light of such restrictions and limitations, the Collateral Agent, in its sole and absolute discretion, may (1) proceed to make such a sale whether or not a registration statement for the purpose of registering such Pledged Collateral or part thereof shall have been filed under the Federal Securities Laws or, to the extent applicable, Blue Sky or other state securities laws and (2) approach and negotiate with a single potential purchaser to effect such sale. Each Grantor acknowledges and agrees that any such sale might result in prices and other terms less favorable to the seller than if such sale were a public sale without such restrictions. In the event of any such sale, the Collateral Agent will incur no responsibility or liability for selling all or any part of the Pledged Collateral at a price that the Collateral Agent, in its sole and absolute discretion, may in good faith deem reasonable under the circumstances, notwithstanding the possibility that a substantially higher

22

price might have been realized if the sale were deferred until after registration as aforesaid or if more than a single purchaser were approached. The provisions of this Section 5.03 will apply notwithstanding the existence of a public or private market upon which the quotations or sales prices may exceed substantially the price at which the Collateral Agent sells.

ARTICLE VI.

[RESERVED]

ARTICLE VII.

MISCELLANEOUS

Section 7.01   Notices. All communications and notices hereunder shall be in writing and given as provided in Section 10.01 of the Credit Agreement. All communications and notices hereunder to any Grantor will be given to it in care of the Borrower, with such notice to be given as provided in Section 10.01 of the Credit Agreement.

Section 7.02   Security Interest Absolute. All rights of the Collateral Agent hereunder, the Security Interest in the Article 9 Collateral, the security interest in the Pledged Collateral and all obligations of each Grantor hereunder will be absolute and unconditional irrespective of:

(1)   any lack of validity or enforceability of the Credit Agreement, any other Loan Document, any agreement with respect to any of the Secured Obligations or any other agreement or instrument relating to any of the foregoing;

(2)   any change in the time, manner or place of payment of, or in any other term of, all or any of the Secured Obligations, or any other amendment or waiver of or any consent to any departure from the Credit Agreement, any other Loan Document or any other agreement or instrument;

(3)   any exchange, release or non-perfection of any Lien on other collateral, or any release or amendment or waiver of or consent under or departure from any guarantee, securing or guaranteeing all or any of the Secured Obligations; or

(4)   subject only to termination or release of a Grantor's obligations hereunder in accordance with the terms of Section 7.15 hereof, any other circumstance that might otherwise constitute a defense available to, or a discharge of, any Grantor in respect of the Secured Obligations or this Agreement (other than a defense of payment or performance).

Section 7.03   Limitation By Law. All rights, remedies and powers provided in this Agreement may be exercised only to the extent that the exercise thereof does not violate any applicable provision of law, and all the provisions of this Agreement are intended to be subject to all applicable mandatory provisions of law that may be controlling and to be limited to the extent necessary so that they will not render this Agreement invalid, unenforceable, in whole or in part, or not entitled to be recorded, registered or filed under the provisions of any applicable law.

Section 7.04   Binding Effect; Several Agreement. This Agreement will become effective as to any party to this Agreement when a counterpart hereof executed on behalf of such party is delivered to the Collateral Agent and a counterpart hereof is executed on behalf of the Collateral Agent, and thereafter will

23

be binding upon such party and the Collateral Agent and their respective permitted successors and assigns, and will inure to the benefit of such party, the Collateral Agent and the other Secured Parties and their respective permitted successors and assigns, except that no party shall have the right to assign or transfer its rights or obligations hereunder or any interest herein or in the Collateral (and any such assignment or transfer shall be void) except as expressly contemplated by this Agreement, the Credit Agreement. This Agreement will be construed as a separate agreement with respect to each Loan Party and may be amended, modified, supplemented, waived or released with respect to any Loan Party without the approval of any other Loan Party and without affecting the obligations of any other Loan Party hereunder.

Section 7.05   Successors and Assigns. Whenever in this Agreement any of the parties hereto is referred to, such reference will be deemed to include the permitted successors and assigns of such party, and all covenants, promises and agreements by or on behalf of any Grantor or the Collateral Agent that are contained in this Agreement shall bind and inure to the benefit of their respective permitted successors and assigns; *provided* that, no Grantor may assign, transfer or delegate any of its rights or obligations under this Agreement without the prior written consent of the Collateral Agent or as otherwise permitted under the Credit Agreement (and any attempted assignment or transfer by the Borrower without such consent shall be null and void). The Collateral Agent hereunder will at all times be the same person that is the Collateral Agent under the Credit Agreement. Written notice of resignation by the Collateral Agent pursuant to the Credit Agreement will also constitute notice of resignation as the Collateral Agent under this Agreement. Upon the acceptance of any appointment as the Collateral Agent under the Credit Agreement by a successor Collateral Agent, that successor Collateral Agent will thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Collateral Agent pursuant hereto.

Section 7.06   Administrative Agent's and Collateral Agent's Fees and Expenses; Indemnification. The parties hereto agree that the Administrative Agent and Collateral Agent will be entitled to reimbursement of its expenses incurred hereunder as provided in Section 10.05 of the Credit Agreement and the provisions of Section 10.05 shall be incorporated by reference herein and apply to each Grantor *mutatis mutandis*.

Section 7.07   Collateral Agent Appointed Attorney-in-Fact. Each Grantor hereby appoints the Collateral Agent the attorney-in-fact of such Grantor for the purpose of carrying out the provisions of this Agreement and taking any action and executing any instrument that the Collateral Agent may deem necessary to accomplish the purposes hereof, which appointment is irrevocable and coupled with an interest. The Collateral Agent will have the right, upon the occurrence and during the continuance of an Event of Default and upon not less than one (1) Business Day's prior written notice to the Borrower, with full power of substitution either in the Collateral Agent's name or in the name of such Grantor, to:

(1)   receive, endorse, assign or deliver any and all notes, acceptances, checks, drafts, money orders or other evidences of payment relating to the Collateral or any part thereof;

(2)   demand, collect, receive payment of, give receipt for and give discharges and releases of all or any of the Collateral;

(3)   ask for, demand, sue for, collect, receive and give acquittance for any and all moneys due or to become due under and by virtue of any Collateral;

(4)   sign the name of any Grantor on any invoice or bill of lading relating to any of the Collateral;

24

(5)   send verifications of Accounts to any Account Debtor;

(6)   commence and prosecute any and all suits, actions or proceedings at law or in equity in any court of competent jurisdiction to collect or otherwise realize on all or any of the Collateral or to enforce any rights in respect of any Collateral;

(7)   settle, compromise, compound, adjust or defend any actions, suits or proceedings relating to all or any of the Collateral;

(8)   [reserved]; and

(9)   use, sell, assign, transfer, pledge, make any agreement with respect to or otherwise deal with all or any of the Collateral, and to do all other acts and things necessary to carry out the purposes of this Agreement, as fully and completely as though the Collateral Agent were the absolute owner of the Collateral for all purposes;

provided that nothing herein contained will be construed as requiring or obligating the Collateral Agent to make any commitment or to make any inquiry as to the nature or sufficiency of any payment received by the Collateral Agent, or to present or file any claim or notice, or to take any action with respect to the Collateral or any part thereof or the moneys due or to become due in respect thereof or any property covered thereby. The Collateral Agent and the other Secured Parties will be accountable only for amounts actually received as a result of the exercise of the powers granted to them herein, and neither they nor their officers, directors, employees or agents shall be responsible to any Grantor for any act or failure to act hereunder, except for their own gross negligence or willful misconduct.

Section 7.08   APPLICABLE LAW. THIS AGREEMENT AND ANY CLAIM, CONTROVERSY, DISPUTE OR CAUSE OF ACTION (WHETHER IN CONTRACT OR TORT OR OTHERWISE) BASED UPON, ARISING OUT OF OR RELATING TO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED HEREBY SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

Section 7.09   Waivers; Amendment.

(1)   No failure or delay by the Administrative Agent, the Collateral Agent or any Lender in exercising any right, power or remedy hereunder or under any other Loan Document will operate as a waiver thereof, nor will any single or partial exercise of any such right, power or remedy, or any abandonment or discontinuance of steps to enforce such a right, power or remedy, preclude any other or further exercise thereof or the exercise of any other right, power or remedy. The rights, powers and remedies of the Administrative Agent, the Collateral Agent and the Lenders hereunder and under the other Loan Documents are cumulative and are not exclusive of any rights, powers or remedies that they would otherwise have. No waiver of any provision of this Agreement or consent to any departure by any Loan Party therefrom will in any event be effective unless the same is permitted by paragraph (2) of this Section 7.09, and then such waiver or consent will be effective only in the specific instance and for the purpose for which given. No notice or demand on any other Loan Party in any case shall entitle such Person to any other or further notice or demand in similar or other circumstances.

(2)   Except as otherwise provided in the Credit Agreement, neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Collateral Agent and the Loan Party or Loan Parties with respect to which such

25

waiver, amendment or modification is to apply, subject to any consent required in accordance with Section 10.08 of the Credit Agreement.

Section 7.10   WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. EACH PARTY HERETO (1) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (2) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 7.10.

Section 7.11   Severability. In the event any one or more of the provisions contained in this Agreement is held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and therein will not in any way be affected or impaired thereby. The parties shall endeavor in good faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

Section 7.12   Counterparts. This Agreement may be executed in two or more counterparts, each of which will constitute an original but all of which when taken together will constitute but one contract, and will become effective as provided in Section 7.04 hereof. Delivery of an executed counterpart to this Agreement by facsimile or other electronic transmission will be as effective as delivery of a manually signed original. The words "execution," "signed," "signature," and words of like import in this Agreement shall be deemed to include electronic signatures, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

Section 7.13   Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and are not to affect the construction of, or to be taken into consideration in interpreting, this Agreement.

Section 7.14   Jurisdiction; Consent to Service of Process.

(1)   Each party to this Agreement hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of any New York State court or federal court of the United States of America sitting in New York County, and any appellate court from any thereof (collectively, the *"New York Courts"*), in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding shall be heard and determined in such New York State court or, to the extent permitted by law, in such federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement will affect any right that any party may otherwise have to bring any action or proceeding relating to this Agreement in the courts of any jurisdiction; except that each of the Loan Parties agrees that

26

(a) it will not bring any such action or proceeding in any court other than New York Courts (it being acknowledged and agreed by the parties hereto that any other forum would be inconvenient and inappropriate in view of the fact that more of the Lenders who would be affected by any such action or proceeding have contacts with the State of New York than any other jurisdiction), and (b) in any such action or proceeding brought against any Loan Party in any other court, it will not assert any cross-claim, counterclaim or setoff, or seek any other affirmative relief, except to the extent that the failure to assert the same will preclude such Loan Party from asserting or seeking the same in the New York Courts.

(2)   Each party to this Agreement hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any New York State or federal court. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

Section 7.15   Termination or Release.

(1)   This Agreement, the Security Interest and all other security interests granted hereby shall immediately and automatically be released and terminate (without further action by any Person) on the Termination Date.

(2)   A Grantor that is a Subsidiary shall immediately and automatically be released from its obligations hereunder (without any further action by any Person) and the security interests in the Collateral of such Grantor shall be immediately and automatically released (without any further action by any Person) (x) upon any event or the consummation of any transaction, in each case, permitted by the Credit Agreement as a result of which such Grantor ceases to be a Restricted Subsidiary or becomes an Excluded Subsidiary or (y) as otherwise provided in Section 10.18 of the Credit Agreement.

(3)   (x) Upon any sale, assignment, disposition, distribution or other transfer by any Grantor of any Collateral that is not prohibited by the Credit Agreement to any person that is not a Grantor or (y) upon the effectiveness of any written consent to, or approval, authorization or ratification by the Required Lenders of, the release of the security interest granted hereby in any Collateral pursuant to Sections 10.08 and 10.18 of the Credit Agreement (to the extent required thereby) or pursuant to the Intercreditor Agreement or (z) as otherwise provided in Section 10.18 of the Credit Agreement the security interest in such Collateral, in each case, shall be automatically released.

(4)   In connection with any termination or release pursuant to paragraph (1), (2) or (3) of this Section 7.15, the Collateral Agent shall execute and deliver to any Grantor, at such Grantor's expense, all documents that such Grantor reasonably requests to evidence such termination or release (including UCC termination statements) and will duly assign and transfer to such Grantor such of the Collateral that may be in the possession of the Collateral Agent and has not theretofore been sold or otherwise applied or released pursuant to this Agreement; provided that the Collateral Agent will not be required to take any action under this Section 7.15(4) unless such Grantor shall have delivered to the Collateral Agent together with such request, which may be incorporated into such request: (a) a description of the Collateral sufficient to effect the appropriate termination or release without affecting any other Collateral and (b) a certificate of a Responsible Officer of the Borrower or such Grantor certifying that the applicable event or transaction giving rise to such termination or release is permitted by the Credit Agreement and was or is consummated in compliance with the Loan Documents (and for the avoidance of doubt, no other documentation or information shall be required to be provided by the Borrower or any Restricted Subsidiary). Any execution

27

and delivery of documents pursuant to this Section 7.15 shall be without recourse to or warranty by the Collateral Agent.

(5)   In the event that Rule 3-10 or Rule 3-16 of Regulation S-X of the Exchange Act is amended, modified or interpreted by the SEC or any other relevant Governmental Authority to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other Governmental Authority) of separate financial statements of any Subsidiary of the Borrower due to the fact that the Equity Interests of such Subsidiary are pledged under this Agreement, then the Equity Interests of such Subsidiary shall automatically be deemed not to be part of the Collateral to the extent necessary not to be subject to such requirement. Notwithstanding anything to the contrary in this Agreement, if Equity Interests of any Subsidiary are not required to be pledged under this Agreement because Rule 3-10 or Rule 3-16 of Regulation S-X of the Exchange Act would require the filing of separate financial statements of such Subsidiary if its Equity Interests were so pledged, in the event that Rule 3-10 or Rule 3-16 of Regulation S-X of the Exchange Act is amended, modified or interpreted by the SEC or any other relevant Governmental Authority to no longer require (or is replaced with another rule or regulation that would not require) the filing of separate financial statements of such Subsidiary if some or all of its Equity Interests are pledged under this Agreement, then such Equity Interests of such Subsidiary shall automatically be deemed part of the Collateral and pledged under this Agreement.

Section 7.16   Additional Subsidiaries. Upon execution and delivery by the Collateral Agent and any Subsidiary of Holdings that is required to become a party hereto by Sections 5.10 or 6.05(1) of the Credit Agreement or that the Borrower otherwise elects to become a party hereto in its sole discretion of a supplement substantially in the form of Exhibit A hereto (or such other form as agreed by the Administrative Agent and the Borrower), such Subsidiary or Holdings will become a Grantor hereunder with the same force and effect as if originally named as a Grantor herein. The execution and delivery of any such supplement will not require the consent of any other party to this Agreement. The rights and obligations of each party to this Agreement will remain in full force and effect notwithstanding the addition of any new party to this Agreement.

Section 7.17   Precedence. In the event of a conflict between the terms and conditions of this Agreement and the terms and conditions of the Credit Agreement, the terms and conditions of the Credit Agreement shall prevail.

Section 7.18   Right of Set-off. If an Event of Default shall have occurred and be continuing, each Secured Party is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all Collateral (including any deposits (general or special, time or demand, provisional or final)) at any time held and other obligations at any time owing by such Secured Party to or for the credit or the account of any Grantor against any of and all the obligations of such Grantor now or hereafter existing under this Agreement or any other Loan Document held by such Secured Party, irrespective of whether or not such Secured Party shall have made any demand under this Agreement or such other Loan Document and although the obligations may be unmatured. The rights of each Secured Party under this Section 7.18 are in addition to other rights and remedies (including other rights of set-off) that such Secured Party may exercise only at the direction of the Administrative Agent or the Required Lenders. In the event any Secured Party exercises the right of set-off, it shall promptly notify the Collateral Agent thereof.

Section 7.19   Secured Party Acknowledgement. BY ACCEPTING THE BENEFITS OF THIS AGREEMENT AND SECURITY INTERESTS CREATED HEREBY, EACH SECURED PARTY ACKNOWLEDGES THE PROVISIONS OF ARTICLE VIII AND SECTION 10.20 OF THE CREDIT

AGREEMENT AND AGREES TO BE BOUND BY SUCH PROVISIONS AS FULLY AS IF THEY WERE SET FORTH HEREIN.

SUPPLEMENT NO. ___ dated as of _____ (this "***Supplement***"), to the First Lien Term Loan Collateral Agreement, dated as of November 17, 2023 (as amended, restated, supplemented and/or otherwise modified from time to time, the "***Collateral Agreement***"), among the Grantors from time to time party thereto and JEFFERIES FINANCE, LLC, as administrative agent for the Lenders under the Credit Agreement referred to below (in such capacity, the "***Administrative Agent***") and as collateral agent for the Secured Parties (in such capacity, the "***Collateral Agent***").

(1)	Reference is made to that certain First Lien Term Loan Credit Agreement, dated as of November 17, 2023 (as amended, restated, supplemented and/or otherwise modified from time to time, the "***Credit Agreement***"), by and among, *inter alios*, the Grantors, the Lenders from time to time party thereto, the Administrative Agent and the Collateral Agent.

(2)	Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Collateral Agreement.

(3)	The Grantors have entered into the Collateral Agreement in order to induce the Lenders to make Loans and the Administrative Agent, the Collateral Agent, each Lender and their respective Affiliates to extend financial accommodations pursuant to any Specified Hedge Agreement or any agreement constituting a Cash Management Obligation under the Credit Agreement. Section 7.16 of the Collateral Agreement provides that additional Subsidiaries may become Grantors under the Collateral Agreement by execution and delivery of an instrument in the form of this Supplement. The undersigned Subsidiary (the "***New Subsidiary***") is executing this Supplement in accordance with the requirements of the Credit Agreement to become a Grantor under the Collateral Agreement in order to induce the Lenders to make additional Loans and the Administrative Agent, the Collateral Agent and Lender and their respective Affiliates to extend financial accommodations pursuant to any Specified Hedge Agreement or any agreement constituting a Cash Management Obligation (if available under the Credit Agreement), and as consideration for any such financial accommodations or Loans previously made or issued under the Credit Agreement.

Accordingly, the Administrative Agent, the Collateral Agent and the New Subsidiary agree as follows:

SECTION 1	In accordance with Section 7.16 of the Collateral Agreement, the New Subsidiary by its signature below becomes a Grantor under the Collateral Agreement with the same force and effect as if originally named therein as a Grantor, and the New Subsidiary hereby (1) agrees to all the terms and provisions of the Collateral Agreement applicable to it as a Grantor thereunder and (2) represents and warrants that the representations and warranties made by it as a Grantor in Sections 3.03 and 4.02 thereof are true and correct, in all material respects, on and as of the date hereof. In furtherance of the foregoing, the New Subsidiary, as security for the payment and performance in full of the Secured Obligations (as defined in the Collateral Agreement), does hereby create and grant to the Collateral Agent, for the benefit of the Secured Parties, a security interest in and Lien on all the New Subsidiary's right, title and interest in and to the Collateral (as defined in and to the extent required by the Collateral Agreement) of the New Subsidiary. Each reference to a "Grantor" in the Collateral Agreement shall be deemed to include the New Subsidiary. The Collateral Agreement is hereby incorporated herein by reference.

SECTION 2	The New Subsidiary represents and warrants to the Administrative Agent, the Collateral Agent and the other Secured Parties that this Supplement has been duly authorized, executed and delivered by it and constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, subject to (1) the effects of bankruptcy, insolvency, moratorium, reorganization, fraudulent

conveyance or other similar laws affecting creditors' rights generally; (2) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law) and (3) implied covenants of good faith and fair dealing.

SECTION 3   This Agreement may be executed in two or more counterparts, each of which will constitute an original but all of which when taken together constitutes but one contract. This Supplement will become effective when the Collateral Agent receives a counterpart (whether by electronic transmission or otherwise) of this Supplement that bears the signature of the New Subsidiary.

SECTION 4   The New Subsidiary hereby represents and warrants as of the date hereof that:

(1)   set forth on Schedule I attached hereto is a true and correct schedule of all the Pledged Securities of the New Subsidiary as of the date hereof;

(2)   set forth on Schedule II attached hereto is a true and correct schedule of all of the material Patents, Trademarks, and Copyrights which are registered or applied for at the United States Patent and Trademark Office, the United States Copyright Office, or an equivalent thereof in any state of the United States of the New Subsidiary as of the date hereof;

(3)   set forth on Schedule III attached hereto is a true and correct schedule of all Commercial Tort Claims of the New Subsidiary individually in excess of $15.0 million as of the date hereof including a reasonable description thereof; and

(4)   set forth on Schedule IV attached hereto, is the true and correct legal name of the New Subsidiary, its jurisdiction of formation and the location of its chief executive office.

SECTION 5   Except as expressly supplemented hereby, the Collateral Agreement shall remain in full force and effect.

SECTION 6   **THIS SUPPLEMENT AND ANY CLAIM, CONTROVERSY, DISPUTE OR CAUSE OF ACTION (WHETHER IN CONTRACT OR TORT OR OTHERWISE) BASED UPON, ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE OTHER LOAN DOCUMENTS AND THE TRANSACTIONS CONTEMPLATED HEREBY AND THEREBY SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.**

SECTION 7   In the event any one or more of the provisions contained in this Supplement are held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein, in the Collateral Agreement will not in any way be affected or impaired thereby. The parties will endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8   All communications and notices hereunder will be in writing and given as provided in Section 7.01 of the Collateral Agreement. The address of the New Subsidiary for purposes of all notices is: [__], Attention of [__] (electronic mail address: [__]]).

SECTION 9   The New Subsidiary agrees to reimburse the Collateral Agent for its reasonable out-of-pocket expenses in connection with this Supplement, including the reasonable fees, disbursements and other charges of counsel for the Collateral Agent.
