Notes to the Financial Statements for the year ended 31 October 2001

1. Accounting Policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and include the results of the company's operations as indicated in the directors' report, all of which are continuing.

The company has taken advantage of the exemption from the requirement to produce a cashflow statement on the grounds that it is a small company.

1.2 Going concern

The accounts have been prepared on a going concern basis.

1.3 Turnover

Turnover represents amounts receivable for goods and services provided in the UK net of VAT and trade discounts.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery	- 15% of net book value
Fixtures, fittings and equipment	- 15% of net book value

1.5 Deferred taxation

Provision is made for the deferred taxation using the liability method to take account of the timing differences between the incidence of income and expenditure for taxation and accounting purposes except to the extent that the directors consider that a liability to taxation is unlikely to crystallise.
