Shareholders' funds			<u>174,706</u>		<u>203,471</u>

For the financial year ended 30 April 2012 the company was entitled to exemption from audit under section 477 Companies Act 2006. No member of the company has deposited a notice, pursuant to section 476, requiring an audit of these financial statements under the requirements of the Companies Act 2006.

The director acknowledges her responsibilities for ensuring that the company keeps accounting records which comply with section 386 of the Act and for preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to accounts, so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

Approved by the Board and authorised for issue on 22/1/13

Barbara Girdlestone
Director

ABBEYCOVE LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 APRIL 2012

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention

1.2 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows

Land and buildings Freehold	NIL
Fixtures, fittings & equipment	25% straight line

1.3 Investments

IN accordance with SSAP 19, the investment property is revalued annually and the surplus or deficit is transferred to the revaluation reserve. No depreciation is provided. The Companies Act 1985 required all properties to be depreciated. This requirement conflicts with the generally accepted accounting principles set out in SSAP 12. The director considers that because this property is held for investment potential, to depreciate would not give a true and fair view. If this departure from the Act had not been made, the amount of depreciation cannot be quantified because depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

1.4 Deferred taxation

In accordance with Financial Reporting Standard 19 'Accounting for deferred tax', deferred tax is recognised in respect of all timing differences that have originated but not reversed by the balance sheet date. Provision is made at the rates expected to apply when the timing differences reverse.

Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in taxable profits in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.
