#### DETAILS OF APPOINTMENT OF LIQUIDATORS

Date winding up commenced: 4 March 2016

Date of liquidators' appointment: 4 March 2016

Changes in liquidator (if any): None

#### PROGRESS DURING THE PERIOD

#### Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 4 March 2019 to 3 March 2020.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <a href="http://www.begbies-traynorgroup.com/work-details">http://www.begbies-traynorgroup.com/work-details</a>. Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

#### General case administration and planning

The liquidators have continued to review the case on a regular basis in order to ensure that any material decisions are recorded and that the case is being progressed. The case strategy is updated accordingly. We are required to maintain files and therefore general administrative tasks are undertaken, for which time is recorded under this heading.

#### Compliance with the Insolvency Act, Rules and best practice

The liquidators are required to produce progress reports on an annual basis in order to provide an update to creditors of the progress made and receipts and payments during the period. The last progress report dated 2 May 2019 has been produced, circulated and filed with the Registrar of Companies during the period.

Minimal interest has accrued on funds held by the liquidators during the period. The statutory bond has been reviewed on a receipt by receipt basis in order to ensure that assets in the liquidation are sufficiently in order to protect the interests of creditors.

#### **Investigations**

Creditors may recall from the directors' statement of affairs that the claim of HM Revenue & Customs was disputed by the directors. This claim arose as the Company had incentivised its employees by way of a number of tax planning schemes which were subject to enquiry by HMRC. HMRC issued determinations for tax due and subsequently issued Accelerated Payment Notice warnings.

The determinations issued were disputed by the directors and the scheme providers, but the joint liquidators are advised that the determinations are provable claims in the liquidation.

With the assistance of our solicitors and BTG Forensics, part of Begbies Traynor Group, we have reviewed the avoidance schemes and the business transfer in 2015.

As previously reported, we have identified potential antecedent transaction claims relating to this business transfer. We have again written to the Directors of the company requesting their proposal to settle these claims, in the context of the unsatisfied external liabilities which the Company has. The Directors have sought legal advice on this matter and it is ongoing.

#### Realisation of assets

We had anticipated that further realisations would be possible through a settlement with the directors and HMRC, and this would allow a distribution to creditors. However, it is now clear that such a tri partite settlement is unlikely. We are therefore considering how best to progress the potential claims.

Dealing with all creditors' claims (including employees), correspondence and distributions

We have had regular correspondence with HMRC with regard to the Company.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures, tax, litigation, pensions and travel

We have completed a Corporation Tax return following the previous anniversary and VAT reclaims to recover VAT on expenses of the liquidation.

#### ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the directors' statement of affairs.

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows:

#### Secured creditors

There are a number of charges shown as outstanding at Companies House. It is the liquidators' understanding that there are no amounts outstanding under the charges in favour of Close Brothers Ltd and Barclays Bank plc. The validity of the charge shown as outstanding in favour of James Robert Craven, Louise Gwendoline Aston, Robert Morton Craven, and Alexandra Norma Craven is subject to review by the liquidators due to the timing of the charge.

#### Preferential creditors

The directors had advised that there are no known preferential claims. However, we are awaiting confirmation from the pension scheme provider as to whether there are any arrears of pension contributions, some of which may fall as preferential.

#### Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the liquidator must make a prescribed part of the Company's net property available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. Net property means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows:

	50%	of the	first £1	0.000	of net	property;
--	-----	--------	----------	-------	--------	-----------

- 20% of net property thereafter;
- Up to a maximum amount to be made available of £600,000

A liquidator will not be required to set aside the prescribed part of net property if:

- the net property is less than £10,000 and the liquidator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit; (Section 176A(3)) or
- the liquidator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5)).

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

#### **Unsecured creditors**

At present there are insufficient funds to pay a dividend to unsecured creditors of the Company. Any return to creditors remains dependent on the outcome of our ongoing investigations and claims being pursued by the liquidators.

#### 6. REMUNERATION & DISBURSEMENTS

#### Remuneration

Our remuneration has been fixed by a resolution of creditors by correspondence by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly

charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the winding up set out in the fees estimate dated 29 March 2016 in the sum of £30,377.50. We are authorised to draw disbursements, including disbursements for services provided by our firm (defined as category 2 disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, which is attached at Appendix 2 of this report.

Our time costs for the period from 4 March 2019 to 3 March 2020 amount to £17,361 which represents 53 hours at an average rate of £328 per hour.

The following further information in relation to our time costs and disbursements is set out at Appendix 2:

- □ Time Costs Analysis for the period 4 March 2019 to 3 March 2020
- Begbies Traynor (Central) LLP's charging policy

To 3 March 2020, we have not drawn any amount on account of our remuneration, against total time costs of £52,609 incurred since the date of our appointment.

#### **Time Costs Analysis**

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

As can be seen from the information above, we have exceeded the limit of our fees estimate. For the avoidance of any doubt, we have not drawn any remuneration in excess of the level approved. The reasons why the estimate has been exceeded were detailed in our last report to creditors and are as follows:

- More time than anticipated was spent corresponding with the liquidators of the tax scheme providers in order to obtain documents in relation to the scheme entered into by the Company;
- There were a vast number of documents provided by the tax scheme providers and the Company's
  accountants, Significant time has been spent reviewing these documents;
- Time has been spent corresponding with the directors of the Company in respect of the antecedent transactions identified.

In light of the above, we are obliged to provide creditors with details of the additional work that we propose to undertake and has been undertaken along with details of the time and cost of that additional work. This information appears at Appendix 2. We anticipate that we may need to seek approval of a further increase to our estimate following this proposed increase if we are not able to reach a settlement in respect of the claim identified by the liquidators.

We are seeking creditors' approval of our further estimate by way of a Decision Procedure via correspondence and a Notice providing further information about the decisions being sought by correspondence together with a Voting Form have been provided separately.

#### Disbursements

To 3 March 2020, we have also drawn disbursements in the sum of £24. This relates to the statutory bond, a Category 1 Disbursement that does not require specific creditor approval.

#### Category 2 Disbursements

There have been no Category 2 Disbursements or disbursements that should be treated as Category 2 Disbursements incurred during the period of this report.

A copy of 'A Creditors' Guide to Liquidators Fees (E&W) 2015' which provides guidance on creditors' rights on how to approve and monitor a Liquidator's remuneration and on how the remuneration is set can be obtained online at <a href="https://www.begbies-traynor.com/creditorsquides">www.begbies-traynor.com/creditorsquides</a>. Alternatively, if you require a hard copy of the Guide, please contact our office and we will arrange to send you a copy.

#### LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

#### Expenses actually incurred compared to those that were anticipated

Creditors will recall that we estimated that the expenses of the liquidation would total £15,295 in the revised estimate of expenses included in our previous report to creditors. That estimate has not been exceeded and we do not expect it to be exceeded if matters progress to conclusion as envisaged.

## 8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

#### General case administration and planning

The liquidators will continue to review the case on a regular basis to ensure that the case is being progressed and that case files are being maintained in an adequate manner.

#### Compliance with the Insolvency Act, Rules and best practice

Once matters have been finalised, a final report to creditors will be produced and circulated in order to provide an overview of the liquidation and a final receipts and payments account.

We will continue to ensure that the statutory bond in place is sufficient to cover the interests of creditors.

#### **Investigations**

We believe that our investigation work is substantially complete and do not anticipate incurring significant additional time. It should be noted that the investigation work detailed in the fee estimate for which we are seeking approval is for time already spent on this case.

#### Realisation of assets

The joint liquidators now intend to seek to progress the potential claims that have been identified. We are currently in communication with our solicitors on this matter, but the provision of information has been hampered by our difficulty accessing paper records due to the current travel and work restrictions.

#### Dealing with all creditors' claims (including employees), correspondence and distributions

Time may be incurred when responding to any creditor queries that may arise, particularly after the issuance of our statutory reports.

A dividend to unsecured creditors will be wholly dependent upon the outcome of investigations and the level of asset realisation. If a dividend to unsecured creditors is made, time will be spent agreeing and adjudicating creditor claims and making distributions to creditors.

We also anticipate that we will have ongoing correspondence with HMRC.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedure, tax, litigation, pensions and travel

A decision on the further fees estimated by the joint liquidators has been convened with this report. We will therefore monitor votes received in respect of this decision and ensure that the decision procedure is recorded accordingly.

Confirmation from HMRC will then be sought that all post appointment matters have been dealt with, including the completion of all tax returns, before proceeding to closure.

#### How much will this further work cost?

Future costs are difficult to anticipate but are predicted to be in line with the additional fees estimate at Appendix 2 of this report.

#### **Expenses**

Details of the expenses that we expect to incur in connection with the work that remains to be done referred to above are as set out in the revised estimate of anticipated expenses included in our previous report to creditors.

#### OTHER RELEVANT INFORMATION

#### Connected party transactions

Details of the connected party transaction carried out prior to the liquidation have been provided in previous progress report. The connected party transaction has formed the basis of a number of the liquidators' investigations, which are ongoing.

#### **BEGBIES TRAYNOR CHARGING POLICY**

#### INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance<sup>1</sup> requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance<sup>2</sup> indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

#### OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

#### EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
  - (A) The following items of expenditure are charged to the case (subject to approval):
    - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
    - Car mileage is charged at the rate of 45 pence per mile;
  - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged
    on the basis that the number of standard archive boxes held in storage for a particular case
    bears to the total of all archive boxes for all cases in respect of the period for which the storage
    charge relates;

Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales

<sup>&</sup>lt;sup>2</sup> Ibid 1

Expenses which should be treated as Category 2 disbursements (approval required) – in addition to the two categories referred to above, best practice guidance indicates that where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest, these should be treated as Category 2 disbursements.

#### Services provided by other entities within the Begbies Traynor group

The following items of expenditure which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

Instruction of Eddisons Commercial Limited to provide valuation advice in relation to the Company's plant and machinery and to provide assistance in the disposal of part of the Company's business. Their charges will be calculated on a time costs basis at the prevailing hourly rates for their various grades of staff which are currently as follows:

Grade of staff	Charge-out rate (£ per hour)
Director	£275
Associate	£180
Surveyor	£120
Graduate	£100
Administration	£80
Porters	£35

In addition to the services detailed above, it may become necessary to instruct Eddisons Commercial Limited to provide additional services, not currently anticipated, during the course of the case. In such circumstances and to avoid the costs associated with seeking further approval, the charges for such services will be calculated on a time costs basis at the prevailing hourly rates set out above:

Instruction of Eddisons Insurance Services Limited to provide insurance broking services and specifically open cover insurance for the insurable risks relating to the case. The cost of open cover insurance will vary during the course of the case depending upon the value of the assets and liability risks. The costs of insurance cover for will be dependent upon prevailing insurance market conditions and the ongoing insurable risks on the case. Eddisons Insurance Services Limited is not paid from the assets of the estate for the services it provides. In accordance with standard insurance industry practice, Eddisons Insurance Services Limited will receive payment of commission for the services it provides directly from the open cover insurer. The commission is calculated as a percentage of the insurance premiums payable and such percentage will depend upon the class or classes of assets being insured.

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
  - Telephone and facsimile
  - · Printing and photocopying
  - Stationery

## Additional payments received by Eddisons Commercial Limited from purchasers where assets are disposed of by way of auction

In addition to the charges of Eddisons Commercial Limited detailed above for providing the services to the office holder, where any machinery and business assets (other than freehold/leasehold property) are disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's premium, equivalent to 15% of the successful bid. Where any freehold/leasehold property is disposed of by way of auction, Eddisons Commercial Limited will also

receive a payment from the purchaser, known as a buyer's administration fee, in the sum of £600. It is standard auction industry practice for a buyer's premium and buyer's administration fee to be charged. The buyer's premium and buyer's administration fee is paid by the purchaser of the assets and is not paid by the office holder from the assets of the estate.
