### THE DIRECTORS' REPORT

### YEAR ENDED 31 MARCH 2001

The directors have pleasure in presenting their report and the financial statements of the company for the year ended 31 March 2001.

### PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the company is to promote and provide Hospice Care facilities in Burnley and Pendle for those with terminal illness.

This includes Home Care, Day Care, and in-patient facilities with appropriate support for families and carers.

We operate from our purpose built Hospice premises in Reedley (known as Pendleside) and we rely very heavily upon continuing and loyal support from the local communities. Without such generous support and commitment to help us raising money to met our ongoing running costs, we would be unable to maintain our current level of services. That this support continues to be given is testimony to the quality of care, which we provide and which is so much appreciated by all those who benefit from it. It is this wonderful care which encourages so many people to give freely and voluntarily of their time and talents to the Hospice, whether working as volunteers in the Hospice itself, in one of our seven charity shops or as members of our own fundraising groups.

In the past year we have needed to replace our first ambulance vehicle, which has given eight years service to our patients but which is still being used to collect and deliver goods to our shops. Local firms and groups have made an extra effort to sponsor the extra cost of this new vehicle, which is a tremendous help to us.

We have also been very fortunate to have been promised £15,000 from the estate of the late Mr John Whittle, with which after agreement with Colne Rotary Club, who are administering the bequest, we have agreed to build a conservatory on the in-patient wing of the Hospice.

Each year there is something new to report and the particular highlight in the past year has been the successful launch of our Hospice Lottery.

The first draw took place on the 12th May 2000 and by the end of March 2001 we had 5250 members regularly taking part and generating a very welcome boost to our annual income. This initiative was seen as essential as the three-year National Lottery Grant given to support our Hospice at Home Day-Care service has now come to an end. As this service has proved so valuable we have committed ourselves to it, so long as we can find sufficient monies to do so.

### THE DIRECTORS' REPORT (continued)

### YEAR ENDED 31 MARCH 2001

During the year a bid to the New Millennium Fund to extend the Hospice Home Service to night time cover was successfully made and from the beginning of January we started to recruit staff to bring this extended service into operation from April 1st. Again, this grant is for a limited period of three years and the number of people we can help will be subject to some budgetary constraint.

There is little doubt that many people would choose to be cared for in their own homes if staff and funds could be found, but that is not yet the case from either National Health or Social Services resources.

The year has seen some changes in the people directly involved in the running of the Hospice.

At the Annual General Meeting held in November our Honorary Treasurer, Mr J.T. Jones, resigned his post after over 10 years voluntary service, most ably and willingly given. He has been succeeded by Mr Harry Tuley, who brings a wealth of experience from industry and commerce to this very important role, which has become more demanding as the work done by the Hospice has increased.

To ensure our financial management and controls are in good order we have now contracted out some of the financial duties to Kneeshaw Moffatt, a local firm of Chartered Accountants. They and our Auditors are providing very valuable and necessary help to us.

We have been fortunate in obtaining a grant of £20,000 of additional funding from East Lancs Health Authority to expand our computer and information technology systems and work on this is taking place under the supervision of Mr David Brown, who has joined the Executive Committee in the last year.

Another newcomer to the Executive Committee is Mrs Margaret Monckton, who is able and willing to give much practical advice, help and guidance in areas of employment law, committee procedures and social security skills. Both these new Trustees are active participants in the community and bring enthusiasm and welcome support to our work.

Mr Fred Whitworth, who has been one of our hard working original Board Members, has now resigned his membership but continues to make available to us his practical experience and knowledge as our Honorary Architect and for this we are most grateful.

Other changes during the year have included the resignation of Mark Sandamas, our Appeals and Marketing Manager, who had worked for us on a part-time contract for three years, but who has now taken up a full time post elsewhere. He has gone with our good wishes and the necessary steps to reorganise the staff and this department are currently under review.

Our first Hospice Medical Advisor, Dr Ian Maudsley, regrettably found that the work needed in the Hospice was becoming more demanding than his commitment to his own practice could justifiably sustain and it was with mutual regret that he resigned in November. He is continuing to help on a rota basis with other doctors to provide some weekend and holiday cover for Dr Susan Corkhill, who has now been appointed to succeed him and who we are very pleased to welcome.

### THE DIRECTORS' REPORT (continued)

### YEAR ENDED 31 MARCH 2001

All Hospices are encouraged to work in collaboration with Primary Health Care Services and other local hospitals in providing and developing palliative and cancer care services. We continue to do our best to be accepted as an integral player in the provision of these services, with much to offer and we hope to make progress with the other agencies involved in the coming months.

To our excellent staff and all our volunteers we record our appreciation and thanks.

In preparing those financial statements, the directors are required to select suitable accounting policies, as described on pages 11 to 12, and then apply them on a consistent basis, making judgements and estimates that are prudent and reasonable. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error.
