NOTES FORMING PART OF THE ABBREVIATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2012

1 Accounting policies

The financial statements have been prepared in accordance with applicable accounting standards. The principal accounting policies are as follows.-

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover comprises the amounts receivable for supplies of services, excluding VAT.

Tangible fixed assets

Tangible fixed assets are stated at cost or valuation, net of depreciation and any provision for impairment. Depreciation is provided on all tangible fixed assets, other than investment properties and freehold land and after taking account of any grants receivable, at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	25% reducing balance basis
Office equipment	25% reducing balance basis

Deferred taxation

Provision is made in full for all taxation deferred in respect of timing differences that have originated but not reversed by the balance sheet date, except for gains on disposal of fixed assets which will be rolled over into replacement assets. No provision is made for taxation on permanent differences

Deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered

Leases

Assets held under finance leases and hire purchase contracts are capitalised and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability. The interest element of rental obligations is charged to the profit and loss account over the period of the lease at a constant proportion of the outstanding balance of capital repayments.

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profit as incurred.

Finance costs

Finance costs of financial liabilities are recognised in the Profit and Loss Account over the term of such instruments at a constant rate on the carrying amount.

Pension costs

Contributions in respect of the company's defined contribution pension scheme are charged to the Profit and Loss Account for the year in which they are payable to the scheme. Differences between contributions payable and contributions actually paid in the year are shown as either accruals or prepayments at the year end.
