NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2005

1 Accounting policies

1.1 Accounting convention

The financial statements have been prepared under the historical cost accounting rules.

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable accounting standards.

1.3 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.4 Licences

Licences are valued at cost less accumulated amortisation. Amortisation is calculated to write off the cost in equal annual instalments over their estimated useful lives.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Leasehold land and buildings over the period of the lease
Plant and machinery 20% reducing balance
Fixtures, fittings & equipment 20% reducing balance
Motor vehicles 25% straight line

1.6 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.7 Stock

Stock is valued at the lower of cost and net realisable value.

1.8 Pensions

The pension costs charged in the financial statements represent the contributions payable by the company during the year in accordance with FRS 17.

1.9 Deferred taxation

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.
