THE REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2011

The Management Committee (who are also directors of the charity for the purposes of the Companies Act) present their annual report together with the audited financial statements of The Public Law Project ("PLP") for the year ended 31 March 2011. The Management Committee confirm that the Annual report and financial statements of the company comply with the current statutory requirements, the requirements of the company's governing document and the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" issued in March 2005.

Principal activities and review

Objects

PLP is a national charity whose objects, as defined by the Memorandum of Association are

- To ensure that those sectors of society which through poverty or social or economic disadvantage or discrimination have little access to the law are represented and protected by the application and development of public law and administrative practice,
- To promote, carry out and commission research into the principles and practice of public law and administration, and to publish the results, and
- To make the principles and practice of public law and administration known and accessible Within this broad remit the Public Law Project has adopted three main objectives
- 1) increasing the accountability of public decision makers,
- 2) enhancing the quality of public decision making,
- 3) improving access to justice

The organisation adopts the following strategy to fulfil its objects a programme of work in research, policy, casework, legal advice, legal education, publications and outreach activities. The work includes convening representatives from other organisations, academics and practitioners for conferences, seminars, lectures and other joint initiatives.

Main aims and objectives for the year

PLP has a rolling programme with its main objectives to provide specialist legal advice to first tier organisations such as CABs, Law Centres and small voluntary advice agencies, to empower small voluntary organisations, provide education and training for practitioners, to undertake research to inform policy, and to provide information. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives they have set

Public Benefit and charity activities

Our legal advice and casework continue to cover a variety of areas, including debt recovery by public bodies, unlawful detention, access to legal aid and the courts for the poor and marginalised, public body accountability, the effectiveness of public law remedies, including complaints procedures and ombudsman services and the continued availability of first tier advice services. Throughout the year we continued our work under the Big Lottery Funded project providing advice to small voluntary sector agencies and their clients on the public law obligations of public sector funders and policy makers

Significant Achievements

(1) Casework and litigation

Our legal advice and casework has included successful challenges to

- · the government's policy on the administrative detention of foreign prisoners,
- the government's policy of removing failed asylum seekers with little or no notice,
- · the DWP policy of debt recovery for those subject to Debt Relief Orders,
- the Legal Service Commission rules on financial eligibility for disabled EU nationals,
- Social landlords' policies on seeking suspended possession orders against tenants with Debt Relief Orders,

THE REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2011

 the failure of a local authority to provide services under the Children Act to a woman with no recourse to public funds

Ongoing litigation includes defending government appeals in relation to the debt recovery policy and no-notice deportations. Additionally, we have intervened in a number of significant cases – one in which the Supreme Court has considered the availability of judicial review in respect of Upper Tribunal decisions and another the way in which costs are decided when claims are successfully concluded before final hearing.

PLP has continued to assist and represent small voluntary organisations and their service-users about public body decision making, particularly in relation to consultation and the equalities duties. It has assisted in a number of cases by providing legal advice and negotiating on behalf of groups to achieve concessions in relation to funding decisions.

We are also funded by the Legal Services Commission to give advice and assistance to contract holders acting for legally aided individuals on all matters of public law. In addition the Legal Services Commission funded a project under which PLP offers training, consultancy and casework to agencies who identify systemic problems in particular areas of the country in relation to public body decision-making

PLP submitted detailed responses to the Ministry of Justice consultations on the Reform of Civil Litigation Costs and on the Reform of Legal Aid The research undertaken by PLP on the outcomes of judicial review also fed into the consultation

(2) Training and Events

The 10/11 events calendar consolidated PLP's reputation as a provider of significant and effective training events and conferences. Events are designed to fulfil two basic criteria, firstly, to further the PLP's primary objective of improving access to public law remedies for the disadvantaged, secondly, to generate a profit, allowing events and training to contribute to PLP's unrestricted funds

In October 2010 PLP's flagship conference, 'Judicial Review, Trends and Forecasts, London', attracted 184 participants, which itself was the biggest PLP event to date.

Local conferences were again organised by PLP in Manchester and in Cardiff. The events in Manchester and Cardiff engage local practitioners and encourage use of regional civil justice centres, building capacity in the field of public law outside of London. They also provide for PLP to disseminate its research and stimulate debate in parts of the UK where use of public law remedies is less developed.

In March a successful fundraising event was organised to celebrate the 21st anniversary of PLP and was attended by Albi Sachs as guest speaker. The event raised funds but also brought together many of the friends of PLP who devote much of their time and energy to PLP's work on a pro bono basis.

(3) Research

Research activity was less than in previous years due to a hiatus in research funding. Nevertheless, PLP published a Mediation Handbook, based on the empirical research study, *Mediation and Judicial Review*. Both the handbook and the research was funded by the Nuffield foundation.

In March 2011 PLP commenced work on a major new study of the outcomes of successful claims for judicial review. This is a joint project with Essex University and will run for 27 months. It is also funded by the Nuffield Foundation.

THE REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2011

The Management Committee thanks all its funders and donors for their generous support which has enabled us to carry out our work and thanks the staff for their commitment to the project and its work PLP's work is supported by keen legal volunteers who undertake legal research and generous administrative volunteers who support the organisation's day to day activities. Volunteers' input varies between one and two days per week with up to six volunteers in any one week

The charity had net incoming resources before transfers on unrestricted funds of £139,813 (2010 Deficit of £37,222) for the year Together with the accumulated surplus brought forward from previous years, the charity now has an accumulated surplus on unrestricted funds of £157,552 (2010) Surplus of £14,993) Restricted funds carried forward at 31 March 2011 amounted to £10,545 (2010 £9,415) This is sufficient for the activities for which the funds were provided

The project is a non profit making company, limited by guarantee and, registered at Companies House under the number 02368562 The company is registered with the Charity Commission under the number 1003342

Appointment of the Management Committee

The Members of the Management Committee perform the role of directors in company law, and are the trustees in charity law Directors/ Trustees are recruited through advertising in the press, through a network of organisations and the National Council of Voluntary Organisation (NCVO) trustee bank. Trustees are formally interviewed by a panel, comprising of staff, trustees and where necessary a specialist in the area to which recruitment is being targeted. On appointment the new member receives an induction programme by way of one to one meeting with a trustee, working through a package of information including the memorandum and article of association and historic documents and PLP's business plan. Where several trustees are recruited together an information and discussion briefing session is held lasting approximately half a day

Related Parties

All trustees and senior staff make their declaration with regard to related party transactions PLP has no subsidiaries or connected organisations apart from membership of practitioner groups and national bodies such as National Council of Voluntary Organisation. It works jointly with other national organisations such as Liberty and National Association for Voluntary and Community Action The trustees meet at least bi-monthly to take decisions and make recommendations at a strategic level Day to day decisions and responsibilities are delegated to an appointed director, who is supervised by the chairperson The CEO supervises the staff

Risk management

The directors have assessed the major risks to which the company is exposed, in particular those related to the operations and finances of the company, and are satisfied that systems are in place to mitigate our exposure to them. However the directors are aware that the loss of a major funder or contract could lead to closure or a severe curtailment of the company's operations. To mitigate this happening the company endeavours to provide the highest possible level of service to both its clients and the funders and is constantly seeking to generate additional income.

Reserves policy

With regard to the unrestricted General Reserve, the Trustees believe that a balance representing six months operating costs is necessary to cover key areas of financial risk being loss of a major funder or contract, failing to meet casework targets and office relocation costs. The General Reserve is therefore necessary to ensure the organisation can meet its obligations in the foreseeable future.

Trustees' Indemnity Insurance

Executive liability insurance is provided by PLP to all its Trustees

Events since the end of the year

There have been no significant events since the end of the year
