## 9 Apportionment of service charges

The basis upon which the maintenance charges have been apportioned for these accounts is in accordance with the Deeds of Variation which were recommended to the members at the 1994 Annual General Meeting, and have now been signed by 34 residents

This is not in accordance with the strict terms of the Leases/Transfer documents of the remaining residents' properties, which do not allow for the recovery of the whole of the expenses incurred. The shortfall of maintenance charges is proposed to be levied equally against those residents who have entered into Deeds of Variation and accordingly the accounts allow for full recovery of all maintenance expenses from the residents.
