## Strategic report

### Business review and principal activities

The Company is a wholly owned subsidiary of Severn Trent Plc.

The Company does not trade. Its principal activity is to receive finance income from amounts due from other companies in the Severn Trent Group.

Severn Trent Plc manages its operations on a divisional basis and the Company's Directors do not believe that further key performance indicators for the Company are necessary to enhance the understanding of the development, performance or position of the business. The performance of the Business Services segment, which includes this company, is discussed in Severn Trent Plc's Annual Report and Financial Statements (which does not form part of this report).

### Results and dividends

The Company's profit for the financial year after taxation was £48,000 (2018: £38,000). The Directors do not recommend the payment of a dividend.

### Principal risks and uncertainties

#### *Treasury management*

The Severn Trent Group manages its treasury operations on a group basis. Financial risk management is performed by Severn Trent's Group Treasury department. This includes assessment and mitigation of price risk, credit risk, liquidity risk and interest rate cash flow risk. The Group's treasury management policies and operations are discussed in Severn Trent Plc's Annual Report and Financial Statements (which does not form part of this report).

### Financial position and going concern

As at 31 March 2019, the Company has a net assets position of £3,229,000 (2018: £3,181,000). The Company has net current assets £3,000 (2018: £350,000) therefore the financial position of the Company is satisfactory.

The Directors have considered the financial position and future prospects of the Company. The Company participates in the group's pooled banking arrangements and receives funding from the Severn Trent Group in the form of intra-group loans. When existing loans reach maturity the appropriate funding will be established as required to ensure such obligations can be met. After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the report and annual financial statements.

## Directors' report

The Directors present their annual report and the financial statements of the Company for the year ended 31 March 2019.

### Matters included in the Strategic report

The following matters are included in the Company's Strategic report on the preceding page:

- Business review and principal activities of the Company
- Results and dividends
- Principal risks and uncertainties
- Financial position and going concern

### Directors

The Directors who served during the year and to the date of this report are shown on page 1.

No emoluments were paid by the Company in respect of the services of the Directors to the Company. Their emoluments are paid by other companies within the Severn Trent Group.

### Post balance sheet events

There have been no significant post balance sheet events.

### Directors' indemnities

The Company's Articles of Association provide that Directors of the Company shall be indemnified by the Company against any costs incurred by them in carrying out their duties including defending any proceedings arising out of their positions as Directors in which they are acquitted or judgement is given in their favour or relief from any liability is granted to them by the court. These indemnities were in force throughout the year and up to the date of signing of the financial statements.

### Environment

The Company recognises the importance of its environmental responsibilities, monitors its impact on the environment and designs and implements policies to reduce any damage that might be caused by its activities. The Company operates in accordance with the group policies of Severn Trent Plc which are described in the group's Annual Report and Financial Statements (which does not form part of this report).

## Directors' report (continued)

### Directors' responsibilities statement

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

*Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:*

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved and signed on behalf of the Board

## Notes to the financial statements

### 1. Accounting policies

#### a) Accounting convention

The financial statements have been prepared on the going concern basis (see Strategic report) under the historical cost convention as modified by the revaluation of certain financial assets and liabilities (including derivative instruments) at fair value, and in accordance with applicable United Kingdom Accounting Standards and comply with the requirements of the United Kingdom Companies Act 2006 (the "Act"). The principal accounting policies, which have been applied consistently in the current and preceding year are set out below.

The Company is a private company limited by shares incorporated in the United Kingdom under the Companies Act 2006 and is registered in England and Wales.

#### b) Basis of preparation

The Company is a wholly owned subsidiary of Severn Trent Plc and is included in the consolidated financial statements of Severn Trent Plc.

The Company meets the definition of a qualifying entity under FRS 100 'Application of Financial Reporting Requirements'. Accordingly, the Company has elected to apply FRS 101 'Reduced Disclosure Framework'. Therefore the recognition and measurement requirements of EU-adopted IFRS have been applied, with amendments where necessary in order to comply with the Companies Act 2006 and The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (SI 2008/410) as these are Companies Act 2006 accounts.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to share based payment, financial instruments, capital management, presentation of comparative information in respect of certain assets, presentation of a cash flow statement, standards not yet effective, impairment of assets and related party transactions.

Where required, equivalent disclosures are given in the Group financial statements of Severn Trent Plc which are available to the public and can be obtained as set out in note 14.

#### c) Finance and similar income

Interest income is accrued on a time basis by reference to the principal outstanding and at the effective interest rate applicable. Interest income is included in finance income.

#### d) Taxation

Current tax payable is based on taxable profit for the year and is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date. Taxable profit differs from net profit as reported in the income statement because it excludes items of income and expenses that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred taxation is provided in full on taxable temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred taxation is measured on a non-discounted basis using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

A deferred tax asset is only recognised to the extent it is probable that sufficient taxable profits will be available in the future to utilise it.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities.

#### e) Foreign currency

Foreign currency transactions arising during the year are translated into sterling at the rate of exchange ruling on the date of the transaction. All profits and losses on exchange arising during the year are dealt with through the income statement.
